

# EEO Utilization Report

## Organization Information

Name: City Of Orlando Police Department

City: Orlando

State: FL

Zip: 32805

Type: County/Municipal Law Enforcement

## **Step 1: Introductory Information**

### **Policy Statement:**

The City of Orlando community has a population which is richly diverse. The effective provision of governmental services within such a diverse community requires the services of an equally diverse employee population. The City of Orlando is, therefore, committed to providing an employee workforce which, in all positions and at all levels, fairly reflects the community it serves. The City encourages all segments of its population to become involved with, and seek employment in, City government. To achieve this goal, it is the policy of the City of Orlando, binding on all officials and employees, to offer equal employment opportunity to all persons regardless of race, color, religion, gender, gender identity, national origin, age, sexual orientation, or disability. The City will further take whatever steps are necessary to ensure that all employment practices, including, but not limited to, compensation, benefits, layoffs, promotions, training, terminations, hiring, and recruitment, are administered in a manner that provides full and fair opportunity to all persons.

Following File has been uploaded:EEO City Policy 808\_2.pdf

## **Step 4b: Narrative of Interpretation**

A comparison of the Orlando Police Department's workforce to the Community Labor Statistics indicates there exists under-utilization of qualified females in nearly all races in the Protective Services: Sworn-Patrol Officers category. Black or African American females are also under-utilized in the Protective Services: Sworn Officials job category.

In the non-sworn categories, there appears to be an under- utilization of Hispanic or Latino males in the Protective Services: Non-sworn category, as well as and under-utilization of Hispanic or Latino and White Males in the Administrative Support category. However, the overall number of positions in these two categories is relatively small, limiting the usefulness of comparing these to the community labor market to determine under-utilization.

## **Step 5: Objectives and Steps**

### **1. Increase the representation of females in the Protective Services Sworn Patrol Officers category by implementing recruiting events to identify and retain qualified candidates.**

- a. The Recruiting Unit of the Orlando Police Department will continue to attend job fairs at military bases, colleges and universities, and community functions in order to identify and recruit female candidates.
- b. The Recruiting Unit is working with the Orlando Pride, women's professional soccer team, to discuss law enforcement options after athletic careers.
- c. The Recruiting Unit is holding quarterly job fairs at universities, specifically geared towards female college athletes.
- d. The agency is developing a referral incentive program for current officers to assist in recruiting additional personnel, particularly focused on females and minorities.

## **Step 6: Internal Dissemination**

The Chief of Police will ensure that all employees are aware of the Department's EEOP through the following actions:

1. Post the EEO Plan in its entirety on OPD's internal and external web sites and notify all employees.
2. Ensure that the Department's recruiting brochures (sworn and civilian) contain the Department's EEO policy statement.
3. Provide an updated Utilization Analysis to the Chief's Staff on an annual basis.

## **Step 7: External Dissemination**

The Chief of Police will ensure that all applicants are aware of the Department's EEOP through the following actions:

1. Post the EEO Plan in its entirety on OPD's external web sites and notify all employees.
2. Ensure that the Department's recruiting brochures (sworn and civilian) contain the Department's EEO policy statement.

**Utilization Analysis Chart**  
**Relevant Labor Market: Orange County, Florida**

I understand the regulatory obligation under 28 C.F.R. ~ 42.301-.308 to collect and maintain extensive employment data by race, national origin, and sex, even though our organization may not use all of this data in completing the EEO Utilization Report.

I have reviewed the foregoing EEO Utilization Report and certify the accuracy of the reported workforce data and our organization's employment policies.
