PROCEDURES:

1. REQUISITIONS

Completed Requisition Forms shall be electronically emailed to Division Commander or designee for approval. Once reviewed and approved, Division Commander or designee shall forward, with the attached Requisition Forms, to OPDQUARTERMASTER@Orlando.gov. Division Commander or designee shall enter the word "Approved" on the email sent to the Quartermaster Unit.

1.1 AFTER HOUR REQUISITIONS SUPPLY HOURS:

The OPH Quartermaster window will be staffed from 0500 hours until 2100 hours Monday-Friday with the exception of City recognized holidays. The Quartermaster Unit will be available to process requisitions during regular business hours. After 2100 hours and before 0500 hours requisition forms may be submitted to the Watch Commander via email. Upon receipt of a requisition form, the Watch Commander shall forward the approved requisition form to OPDQuartermaster@orlando.gov and indicate on the email that the order was filled. The Watch Commander will proceed to Quartermaster where they will gain access via their electronic access card. Upon entering the Quartermaster Unit, the Watch Commander will fill out the Watch Commander Log Book located on the counter just inside the Quartermaster entrance door. The completed requisition form will be left in the Watch Commander's Log Book. Watch Commanders shall not remove any item from Quartermaster without first filling out the Watch Commander's Log Book and emailing a completed signed approved requisition form. The Watch Commander's Log Book will serve as a reference to the Watch Commander about how to procure the requested item(s).

1.2 EMERGENCY REQUISITIONS

In an emergency, the ranking employee within a unit may requisition necessary supplies or equipment. These requisitions may be made at the Quartermaster window during business hours or to the Watch Commander if after 2100 hours and before 0500 hours.

1.3 REQUISITIONS REFUSED

Personnel of the Quartermaster Unit and/or the watch commander may refuse to fill a requisition if the request is improper or not in compliance with the policies of the Department.

If a requisition is refused, it will be returned within 24 hours to the person signing it who will communicate with the Fiscal Manager. If then refused, the requisition will be submitted to the Chief of Police who has final authority.

2. KEYS

2.1 ISSUANCE OF KEYS

Supervisors shall accompany new or reassigned employees to the Quartermaster Unit where keys will be issued to permit them entry to the OPH building and their workspaces or provide a memo to the Property Supervisor authorizing issuance of the specific key number. Reassigned employees shall return workspace office keys to the Quartermaster Unit.

Employees shall not duplicate building keys that are issued by the Quartermaster Unit. Vehicle keys may be duplicated at City Stores or the appropriate Department locksmith vendor.

2.2 GRAND MASTER KEYS

Grand master keys shall be issued only at the specific direction of the Chief of Police to all official police managers.

2.3 TEMPORARY CHECKOUT OF KEYS/ACCESS CARDS

Temporary checkout of keys for specific rooms in the OPH building and/or access cards may be accomplished by advising the property clerk of the area to which you wish to gain entry and by placing your signature and employee number in the temporary checkout logbook.

Because of exceptional security considerations, there are several locks within OPH that cannot be opened by the grand master key. Keys to those locks are kept at the Quartermaster window and a section commander, for emergency situations only, must authorize their use.

Temporary checkout keys shall be returned to the property clerk as soon as possible and under no circumstances later than the employee's current tour of duty.

Upon termination, employees shall return all personal-issue keys to the Quartermaster Unit.

Employees possessing keys not intended for their respective work areas shall return them to Quartermaster Unit.

Non-expendable items are printers, GPS, and other items that cost under \$5,000 and are assigned an internal tracking number.

3.3 PERSONAL-ISSUE EQUIPMENT

Personal equipment such as clothing, duty gear, 800-MHz radios and firearms shall be requisitioned and replaced under the following circumstances:

- a. It has been lost or damaged.

Ordinarily, the section commander must approve the issuance of personal equipment. However, in an emergency situation, the employee's ranking supervisor on duty may grant approval with a signed requisition.

3.4 ITEMS ORDERED THROUGH CITY PURCHASING

Supplies and equipment that must be acquired through the City's Purchasing Department will normally take longer to acquire. Therefore, plans should be made to ensure stock on hand is sufficient for at least two months after submitting the requisition.

3.5 EQUIPMENT ISSUED AT QUARTERMASTER WINDOW

The Department has several items of equipment such as radios, weapons, vehicles, etc., that may be checked out by authorized employees.

3.5.1 CHECKING OUT TEMPORARY RADIOS

When checking out radios, employees will surrender the paper checkout equipment card to the property clerk at the Quartermaster window. In return, the employee will receive the requested equipment. Spare radios kept in the Quartermaster Unit are inhibited (inoperable). To uninhibit the radio, the Officer must contact the Communications supervisor immediately. When spare radios are returned, the property clerk will notify the Communications supervisor to inhibit the radio immediately. At the end of the employee's tour of duty, he or she will return the equipment to the property clerk.

3.5.2 VEHICLES

Restricted SWAT equipment will only be issued to SWAT team members trained to use it. The SWAT Team Commander will provide the Quartermaster Unit with a list of personnel authorized to use SWAT equipment. Any exceptions to this must have prior approval from the SWAT Team Commander or the Deputy SWAT Team Commanders. Watch commanders should be guided by the current issue of P&P 1306, Guide for Hostage, Suicidal, and Armed Barricaded Person Situations. Restricted SWAT equipment includes:

- a. Rifles assigned to SWAT
- b. Submachine guns
- c. Diversionary devices
- d. Night vision goggles
- e. Night scope

3.8 TEMPORARY-ISSUE EQUIPMENT

Equipment that may be checked out by the employee and can be kept for a period not more than seven days is considered temporary-issue equipment. The Quartermaster Unit will determine which equipment may be checked out for temporary use.

Entries will include date out, time out, item, serial number or other identifying number, a legible signature, employee number, initials of property clerk accepting equipment when turned in, date in, signature of employee turning item in, and any pertinent remarks.

All temporary-issue equipment, other than weapons and badges, must be returned to the Quartermaster Unit within seven days. Weapons and badges must be returned at the end of the member's tour of duty.

If there are extenuating circumstances and the equipment cannot be returned as specified, the employee will:
