2. Leave of Absence for Family Leave Purposes

- a. A maximum of twelve (12) work weeks of combined leave, whether paid, unpaid or any combination thereof (accrued leave or unpaid Family Leave), may be taken within a twelve (12) month period. (Exception: Employees applying for Long-Term Disability LTD. See Section C.3 of this Policy.) The granted amount of Family Leave will be measured by “rolling back” (twelve) (12) months from the first day of the requested Family Leave. All Sick Leave, Management Time, Personal and Vacation Leave, if eligible as provided for under Policy and Procedures 808.16-Sick Leave, and 808.15-Personal Leave must be taken as Family Leave before Family Leave without pay can be requested.
- b. Requests for Family Leave should be made at least thirty (30) days in advance, if possible. Only in unforeseen circumstances should less than thirty (30) days notice be given for Family Leave requests. The supervisor may require appropriate

documentation for which the leave is needed when utilized for military active duty activation.

- c. When requesting Family Leave for medical reasons for the employee, spouse, child or parent, medical certification from a health care provider will be required. The medical certification must be submitted for Family Leave and state:
- i. Date which the serious health condition commenced.
 - ii. Anticipated duration of the condition.
 - iii. Appropriate medical facts about the condition.
 - iv. Statement that the employee is needed to care for the child, spouse or parent and an estimate of how long care will be required.
 - v. In case of employee's serious health condition, a statement that the employee is unable to perform the functions of the job.

The medical certification should normally be a "Certification of Health Care Provider" form. This form must be completed by the employee's health care provider, and submitted to Labor Relations.

Labor Relations will review the Certification of Health Care Provider Form and determine whether or not the requested leave is a Family and Medical Leave Act (FMLA) qualifying event. The employee's immediate supervisor will be notified by Labor Relations within five (5) days of the determination. If the leave is FMLA qualifying the anticipated return to work date for the employee will be indicated. The employee's supervisor should then notify the employee in writing within five (5) days that the leave is approved, and that it will be considered FMLA qualified leave.

After Labor Relations notifies the immediate supervisor of the determination, the employee's Division office will send a copy of the approved memo to Labor Relations within three (3) days in a sealed, confidential envelope, where it will then be forwarded for inclusion in the employee's medical file maintained by the City's Occupational Health Care Provider.

If the employee is not available or able to submit the form personally due to an emergency, the department should obtain a Certification of Health Care Provider Form and mail it to the employee with instructions to have it signed and returned to the immediate supervisor within fifteen (15) calendar days of receipt of the form. It is the employee's responsibility to see that the Health Care Provider has completed the form sufficiently to answer appropriate questions. Forms lacking required information will be returned to the employee for completion.

- d. Employees must request Family Leave (FMLA) at least thirty (30) days in advance, if possible, by completing the "Leave Request Form 808.1" (Revised 12/95). If an employee is taking Personal Leave, Sick Leave, Vacation Leave, etc. for Family Leave (FMLA) purposes, the Personal Sick/Vacation etc. lines should be checked on the Leave Request form and the word "family" checked underneath the appropriate category.
- e. If an employee indicates that he/she is taking Personal Leave, Sick Leave, Vacation or Management Leave for FMLA purposes, it should be listed/recorded as "Family Leave" also. It is not the employee's choice as to whether or not the leave is charged to FMLA. If the requested leave is for FMLA purposes it must be recorded as such and the employee must be notified.
- f. Absences on Workers Compensation for a work week or more, for a serious health condition are chargeable to the Family Leave (FMLA) entitlement, and should be recorded as such on the payroll.

- g. Divisions should respond in writing within five (5) working days to requests for, or knowledge of use of, leave for FMLA purposes. Employees should be notified, in writing, that the leave will be counted towards their yearly FMLA twelve (12) week entitlement. If an employee is absent from work and it is determined that the absence is an FMLA qualifying event, the leave already taken should be designated as FMLA and the employee must be notified in writing.
- h. If the employees' Family Leave will include leave of absence without pay, they must be directed in writing to go to the Employee Benefits Section, of the Human Resources Division, 7th Floor, City Hall to assure continuance or receipt for appropriate benefits.
- i. Any time off (paid and/or unpaid) for Family Leave (FMLA) purposes should be recorded as such in the employee's time record and reported weekly or biweekly to Payroll.
- j. When considering a request for Family Leave for medical purposes for the employee, the City reserves the right to select another health care provider to render a second medical opinion at the City's expense, and if the two (2) options conflict, a third medical opinion, again at the City's expense. The third opinion shall be final and binding on the employee and the City. Subsequent re-certifications may be required on a reasonable basis at the City's discretion.
- k. As an alternative to twelve (12) consecutive work weeks of Family Leave (FMLA), a City employee may request an intermittent or reduced leave schedule for the serious medical condition of the employee or the employee's spouse, child or parent if medically necessary. An employee working fewer hours or taking occasional days off to accommodate his/her medical condition or that of a spouse, child or parent may, at the discretion of the City, be temporarily transferred to an alternate position should one be available that has equivalent

pay and benefits and accommodates recurring period of leave better than the employee's regular position.

- I. Employees who need leave for planned medical treatments are required to make reasonable efforts to schedule treatment so it does not unduly disrupt operations at the employee's worksite.
- m. Health care benefits provided by the City will continue in effect while employees are on Family Leave (FMLA). If on Family Leave (FMLA) without pay, the employee will be responsible for continuing to make monthly contributions, if any, which are normally made by payroll deduction. If the employee does not return to work after a Family Leave (FMLA) of absence without pay, the City will collect from the employee any health benefit contribution paid by the City during that period. Collection will be made unless the failure to return to work is attributable to other circumstances beyond the employee's control. This determination will be made solely by the City. Medical documentation from the employee may be required at the discretion of the City.
- n. Personal, Vacation and Sick Leave accruals, longevity and service time may be affected by Family Leave (FMLA) without pay, in accordance with existing policy. Pension contribution requirements and adjusted dates of hire affecting leave accruals, longevity and service time, will be as set forth in this policy in Paragraph :4D.4.
- o. Upon completion of Family Leave (FMLA), the employee will be returned to the same job or an equivalent position with equivalent pay and benefits.

3. Leave of Absence for Domestic Violence Purposes

- a. A guaranteed maximum three (3) days of combined leave, whether paid, unpaid or any combination thereof may be taken within a twelve (12) month period. Utilization of paid Personal Leave or Sick Leave must be in accordance with applicable policy or bargaining agreement. The twelve (12) month period

will be computed by “rolling back” twelve (12) months from the first day of the requested Domestic Violence Leave.

- b. All Sick Leave, Management time, Personal and Vacation Leave, if eligible as provided for under Policy and Procedures 808.16-Sick Leave, 808.15-Personal Leave or applicable bargaining agreement must be taken for Domestic Violence leave purposes before Domestic Violence leave without pay may be requested/taken.
- c. Except for cases of imminent danger, the employee must provide their Supervisor with advanced notice of the need for Domestic Violence Leave in accordance with their appropriate work area, Division, Departmental leave notice policies.
- d. The Supervisor may require appropriate documentation of the act of domestic violence for which the leave is needed.
- e. Information regarding the need for Domestic Violence Leave and the circumstances/documentation regarding such leave must be kept confidential by the Supervisor/Department. All documentation regarding Domestic Violence Leave must be forwarded to Labor Relations for retention purposes.
- f. Domestic Violence Leave may be used by the employee if the employee, or a member of the employee’s family or household, is the victim of domestic violence. The leave is limited to the following activities:

Total service credited under this section shall not exceed six (6) months. Excused absence without pay for less than eighty (80) hours per fiscal year shall not affect the employee's service date.
- ii. If the employee does not pay the required contribution to the Defined Benefit Retirement Plan by April 30th following any fiscal year in which any period of Leave of Absence without pay occurred, then their length of service will be adjusted by deducting the time spent in a non-pay status (see Policy & Procedure 808.25).

 - ii. Office Directors/Division Managers may fill an established position with a temporary contracted over-hire in such instances where the incumbent of such position is an employee on leave due to a medical condition and in the opinion of a physician will be unable to return to full duty. This authorization for a temporary over-hire must be approved by the Management and Budget Division of the Finance Department. The temporary contracted over-hire position must be posted. The duration of the temporary contract should not exceed nine (9) months and will provide for termination of the contract with thirty (30) days notice if the replaced employee desires and is able to work. Pay and benefits for contract positions shall be set forth in the appropriate contract and administered in accordance with Policy & Procedure 808.9.
 - iii. If desired by the hiring authority, the temporary over-hire may be allowed to become a permanent replacement for an employee who is approved for Long Term Disability.
- h. Any employee furloughed for budget purposes for a period of forth (40) hours or less shall not lose service time for pension

purposes, but will be treated as though on a Leave of Absence with pay. For pension calculation purposes in any defined benefit plan, the employee will be credited with earnings for the furloughed period at the employee's then current hourly rate. For employees in the defined contribution plan, the City will make the same contribution it would otherwise have made for the affected period of work had no furlough occurred.
