He anunciado la creación de OneOrlandoFund. El propósito de este fondo es proveer una vía para responder a las necesidades de nuestra comunidad, ahora y más adelante, como resultado de la tragedia ocurrida en el club Pulse.

La distribución de fondos será administrado por Central Florida Foundation. La Fundación es la institución comunitaria de la región que administra más de 400 fondos de beneficencia.

El Fondo apoyará:

A las organizaciones sin fines de lucro que están apoyando a las víctimas y familias:
- Comunidades LGBTQ, hispanas, religiosas y otras comunidades afectadas
- Las causas principales de este trágico suceso, y
- Otras necesidades que no podemos anticipar hasta que las enfrentemos.

OneOrlando Fund es un proyecto de Strengthen Orlando, Inc., una corporación sin fines de lucro 501(c)(3) creada con el propósito de apoyar e iniciar proyectos para fortalecer a la comunidad de Orlando.

El gran apoyo de nuestros socios de la ciudad ya ha comenzado:

- Walt Disney Company $1,000,000
  o También, donaciones elegibles de los empleados de Disney serán apareadas dólar por dólar por “Disney Employee Matching Gifts”, un programa de The Walt Disney Company Foundation.
- Orlando Magic $100,000
- JetBlue $100,000
- Darden Restaurants $500,000
- Mears $50,000

Para contribuir a OneOrlando Fund, por favor visite OneOrlando.org.

Los cheques deber ser a nombre de OneOrlandoFund y enviados a:
OneOrlando
PO Box 4990
Orlando, FL 32802-4990

Para información relacionada al Fondo OneOrlando o para hacer una transferencia bancaria, por favor contacte a info@oneorlando.org.

#OrlandoUnited

Sinceramente,

Buddy Dyer
Alcalde
Dear Mayor Dyer,

My name is Manmeet Pelia and I am going to be a Sophomore at Wichita East High School in the upcoming year. I wanted to ask you a few questions regarding a project I am starting in Wichita, Kansas.

First, I would like to say that I am truly sorry for the tragedy Orlando is experiencing, and while there are a lot of politics behind this event, the youth of Wichita feels much heartache for the LGBT community. Most of us are short on funds and can donate $5-$20, but in past circumstances we have found a better way to give support to victims across the world. Last year, (November 15, 2015) Paris was attacked by ISIS and 130 civilians lost their lives. The entire world was dealing with the similar heartache the nation has been feeling this past week, but I found a way to contact middle schools and high schools in Paris. The principals agreed that the students were greatly affected by this event and some students even lost family and friends in the tragedy. That was when I decided to put together the Paris Attack Support Project, where the community of Wichita (young and old) came together to write letters of hope for the students living in Paris. Because we were short of funds, we wanted to send our support in a different way that isn’t represented by bills and coins. The project brought a substantial amount of people and we received a little over 120 letters of support in one day. The letters were sent to the schools and in a few weeks, the principals thanked us for the positive impact and help we brought from the United States.

As for my request, I wanted to bring the same support and hope for the LGBT community in Orlando. I am contacting you, the One Orlando Fund, and Equality Florida Action Inc. to ask for the same help. What I plan to do is similar to the Paris Attack Support Project, where I invite the active community of Wichita to write letters to the victims’ families or the LGBT community in Orlando. The problem is finding the link (like the Parisian principals) to send the letters to, so these messages of hope and support can be send to the recipients. Could the Mayor’s Office please be the link from Wichita, Kansas to Orlando, Florida? We would send you the letters and you can send them to the victims’ families; of course, I wouldn’t like to push anyone to do something they aren’t able to, so if you can’t send them to the victims’ families, an LBGT organization or group would work also. I would be extremely grateful if you can help me with this task. Lastly, I realized that inviting Wichita’s youth and older community is a perfect fundraising opportunity. That is why I am hoping to ask for donations during the project and I assure that 100% of what is raised will go to the One Orlando Fund. If you do agree to help this project, I would love to hear that as soon as possible and could you please tell me who you decide the recipients of the letters will be? (It will help direct the letter writing and content written.)

Again, I am sure that you might be reluctant to help such young people in a state that you are most likely unfamiliar with, but I would love to hear that you can help get our letters of hope and support to the victims’ families or the LGBT community in Orlando, Florida. Thank you for taking the time to read this email and I hope to hear from you soon. Best of wishes to Orlando from Wichita, Kansas.

Manmeet Pelia
(316)-650-3384
Photos of the Paris Attack Support Project:
Dear Mayor,

We are French, we are owners in Orlando and we feel near Orlando citizens with this tragedy.

All our thoughts are with the families and the town Orlando.

We love Orlando, and these criminals won’t make their act in this beautiful country.

Once again, we think about you and the families.

Philippe Murer
My name is Dr. David Baker-Hargrove. I am the President/CEO of Two Spirit Health Services located in downtown Orlando. Two Spirit Health Services is a non-profit clinic providing primary medical and mental health services to Central Florida’s LGBT community regardless of insurance status or ability to pay. At 7:00 am on Sunday June 12, Two Spirit staff and board members immediately stepped up to organize the mental health response to the Pulse Nightclub terrorist attack. Over the last 3 days, we have set up a crisis counseling line, an emergency counseling center at the Unitarian Church and a satellite counseling center at the Parliament House. We are also triaging calls to send volunteer counselors to businesses and organizations throughout Central Florida who have need for a trained mental health professional to mitigate the emotional fallout. We have achieved this through the hard work of Two Spirit staff, our board and over 500 dedicated volunteer mental health professionals who have given their time and energy to help our community. We are mobilized to continue these services through Saturday, June 18.

Very soon, the media will focus its attention elsewhere, many Central Floridians will go back to their daily lives, but our Central Florida LGBT community will only begin to realize how much we are hurting, how much healing we need to do, and the true extent of the emotional devastation brought on by this tragedy. I can assure you Two Spirit Health Services will still be present to support the ongoing medical and mental health needs of our community in the following weeks, months and even years. However, we are a small clinic with limited financial resources. Millions of dollars have been raised and donated into the local community, but none of that has been earmarked to Two Spirit Health services to support the ongoing response that needs to occur long after the attention of the general public has waned.

I am looking for $200,000.00 dollars to support the efforts of Two Spirit Health Services as we continue to provide for our community’s health needs. These funds will underwrite direct service staff, direct support staff, rent and telephone costs, and a fund to contract services of therapists who will support our efforts outside our organization.

I can assure you we have the ability to effectively and responsibly manage these funds and I am happy to speak with you by phone 407-953-9734 or by email david@drdavidbakerhargrove.com if I can answer any further questions about this request.

I truly appreciate you bringing any resources you have to bear in this issue and your consideration of my request.
LGBT-focused mental health and medical service

Subject: My condolences

Dear Mayor Dyer:

Though inundated you must be, I felt compelled to write and offer my condolences to you, the victims' families and to all of the people of Orlando and Central Florida. The world is mourning this great tragedy.

I also wanted to share that I am native son. I was born in Orlando (well, actually at Winter Park Hospital) a few years before Disney arrived. I've not lived in your city in 40 years. I've been a practicing lawyer in Washington D.C. for many years and call Baltimore home. I hardly know the easy-going, Central Florida town of my childhood that once smelled of burnt oranges from citrus processing, which then grew into a world-class, mega tourist destination of 2 million. But, I remember this about Orlando. My grandmother and I used to ride the bus "downtown" to the JC Penney a few blocks from the scene of the Pulse mass murder. I also remember going to brunch after Easter mass at St. James Cathedral with my parents and my brother at the former Cherry Plaza Hotel overlooking beautiful Lake Eola, a few blocks away in the other direction. My father served as a deputy Orange County sheriff at one point (if he were alive today, he might have been working on this case). Over the years, I have rarely returned to Orlando as my life took me to other places, but I have watched as it grew and grew and grew.

One of the most important and wonderful ways in which Orlando grew was to become a diverse, welcoming, cosmopolitan city in a state that too often has not been welcoming of diversity, including gay people like me. Haters are gonna hate, but Orlando welcomed everyone with no asterisks. Sunday's attack on the members and allies of Orlando's LGBT community is just the latest shameful attack on people who are different by people who are besotted with violence. But, I am proud of my hometown. You are doing things the right way in my view as you struggle through this horrible tragedy. Here's hoping the people of Orlando show the rest of us how we can come together and say ENOUGH to all the hatred and cruelty out there.

I am donating to the One Orlando Fund.

I thank you for indulging this note from a native son who is very proud of the city you lead and the city Orlando has become.

Sincerely,

Michael W. Briggs

The families and friends of the victims have the right to visit a proper memorial to pay their respects. Please rebuild start fresh.

Claudia Garcia
San Marcos, TX · Jun 15, 2016
I believe the owners should continue their business, in a different location. The current location should be a place for family and friends to mourn. Also as someone who
suffers with PTSD I can say that going into the same building will be a trigger for many people who were there that night.

AIC Statement on the Orlando Terrorist Attack

The American Iranian Council joins all peace-loving and anti-violence people of the United States and the world in condemning, in strongest possible terms, the horrifying and cowardly terrorist attack on the LGBT night club in Orlando, Florida. The AIC also sends its deepest condolences and sympathies to the families and friends of those who lost their lives or were injured.

We also express our deepest regret that the Orlando murderer was a radical and hateful Muslim and that his religious affiliation is used by certain politicians and members of the media to tarnish Islam, the religion of well over 1.4 billion people around the world, by prefixing it with the word “radical.” The truth is, Islam is neither radical nor moderate; it is just a religion, with one Prophet and one Holy book!

However, as Professor Amirahmadi, our President, explains in this article. Muslims may be identified as radical, moderate or
Mateen a radical Muslim but refrain from labeling his religion as radical Islam. We call on the people of all faiths to unite against hate, bigotry, racism, and violence in any form or shape.

Sincerely,

The American Iranian Council

Article: "Radical Islam?"

By Dr. Hooshang Amirahmadi

The condemnable terrorist act in Orlando by a radical Muslim, Omar Mateen, has again caused a debate among politicians and others on whether the term “radical” should be used to identify the religion (Islam) of the terrorist or the Muslim person who has committed the murderous act.

President Barack Obama refuses to use the terms “radical Islam” or even “radical Muslim”. Mr. Donald Trump insists that they are the right terms to use. Secretary Hillary Clinton, who until recently refused to use the terms, now says we may use “radical” or “Jihadist Islam and Muslim” interchangeably. They are partly wrong.

What all these and other political leaders as well as journalists and pundits miss is a clear distinction between Islam, Muslims, and Muslim geographies. Erroneously, these terms are often conflated and used interchangeably, causing confusion about a deeper understanding of these very different phenomena.

Islam is a religion with one Prophet, Muhammad, and one Holy Book, the Qur’an. In its present form, the religion is also the product of its history: subsequent narratives and scholarship as well as the manner of its practice by the rulers and the ruled. This experience has led to diverse Islamic orientations among Muslims in different geographies.

Good Morning,

Bed bug infestations have become a serious problem in housing throughout the country. HUD Insured and Assisted Multifamily properties are not immune to infestations. We need to arm ourselves with the knowledge and tools to combat this problem. We also need to know HUD’s position on this issue and what is expected of owner/agents by HUD to continue to be compliant in all areas.

In this session "How to minimize Bed Bugs infestations: Complying with HUD", on Thu, June 23, 2016 at 1:00 pm ET | 12:00 pm CT, our expert speaker Debbie Hixon will provide you best practices, tips and strategies on tackling the bed bug menace from a chemical, physical and behavioral viewpoint. You will understand how and with whom you should collaborate to achieve successful results. In view of the seriousness of this problem, Debbie will discuss the barriers to fighting this problem and what tools can be used to break down these barriers.

After attending this webinar, you will be equipped with the latest, helpful resources for complying with HUD to fight bed bugs before they become a serious compliance headache. HUD has released two notices and much written information on this issue; make certain you are carrying out all of the agency’s requirements by attending this session.

Session Highlights:

- What change has HUD made to inspectors when conducting a REAC inspection?
- Do we notify our residents if there is an infestation in our building? If so, how?
- What is the responsibility of owner/agents upon discovering there is a problem with bed bugs?
- What are some of the major challenges to success with this problem?
- What are potential solutions to these challenges?
- What training tools can we use and how?

Who should attend: All HUD-insured or assisted housing staff

Mayor Dyer,

I'm watching your and Mayoy Jacob's news conference on WESH. Mayor Jacobs just spoke about how proud she was of the local churches to stand in support of the LGBT community last evening. Yet, are you aware that those pastors didn't reach out to those of us who are pastors of open and affirming churches or churches like mine created for and by the LGBT community? How does that show support and solidarity?

It does neither of those things. In fact, it continues to relegate us to the margins and continues to show that we STILL have less equality than the main stream. OUR LGBT community was attacked and they haven't reached out to us as gay pastors whose congregations are full of folks who were tragically affected by this massacre. My church is even in the neighborhood where Pulse resides. How does this injustice and inequality continue?

We should be better than that.

Disappointed

Hi. I am having trouble having complete information compiled and retained in my report of my gay bashing on May 28, 2016. Officers told me they interviewed everyone and took names. This is not true. When I finally talked to a detective yesterday and stated I was ready to use my vast entertainment connections to bring light to the situation the detective stated I was treating him. How is using my Emmys from Sesame Street a threat? And yes I found this offensive and threatening to me. I hope to hear from you to further discuss this matter.

Thank you,

Marc Borders

Along with our entire community, we at Community Based Care of Central Florida are devastated by the senseless violence that took the lives of so many this past weekend. As difficult as this is for us to bear, how do we - as parents, mentors, case workers, trusted adults - begin to address and put this horror in context for the children in our care?

To help find those answers, click the button below to go to this week's blog post. Dr. David Parlapiano, CBCCF’s Clinical Utilization Manager in our Osceola Service Center, provides his thoughts on how best to support youth of all ages as we work to come to terms with this tragedy in our midst. Dr. Parlapiano is a licensed psychologist who specializes in working with children and families, including victims of trauma.

Above all, our hearts and thoughts go out to the victims’ families and friends, and to all those touched by this violence. We are with you, Orlando.

Good Morning,

HUD believes that bed bug infestations have reached alarming proportions in HUD-insured, multifamily housing and assisted properties throughout the country. Complying with HUD’s bed bug control and prevention regulations is now a cause for serious compliance headache for property owners and agents.

HUD has released two notices and much written information on this issue and owners/agents must be certain that they are carrying out all of the agency’s requirements.

Join this session **How to minimize Bed Bugs infestations: Complying with HUD** on Thu, June 23, 2016 at 1:00 pm ET / 12:00 pm CT by expert speaker Debbie Hixon for best practices, tips and strategies on tackling the bed bug menace from a chemical, physical and behavioral viewpoint. Be equipped with the latest information and resources for complying with HUD guidelines. Understand how and with whom you should collaborate to achieve successful results and overcome the barriers to fighting this problem. This session will help you make certain that you’re carrying out all HUD regulations on bed bugs prevention and control.

**In this session, you’ll get answers to some very important questions, such as:**

- What change has HUD made to inspectors when conducting a REAC inspection?
- Do we notify our residents if there is an infestation in our building? If so, how?
- What is the responsibility of owner/agents upon discovering there is a problem with bed bugs?
- What are some of the major challenges to success with this problem?
- What are potential solutions to these challenges?
- What training tools can we use and how?

**Who should attend:** All HUD-insured or assisted housing staff

[CLICK HERE TO REGISTER!](#) Use "CK20" to get $20 off on early bird registration.

Attend in a Group and save upto 50%. To Book, Call Now: 1-800-223-8720

The Honorable Rick Scott
Governor, State of Florida
The Capitol
400 S. Monroe Street
Tallahassee, FL 32399-0001

Dear Governor Scott:

On behalf of LYNX’ Board of Directors and its employees, I would like to thank you for your leadership during a time of unimaginable tragedy in Orlando. The availability of resources you made possible to Central Florida has allowed LYNX to provide transportation options for the various emergency responders who are providing support in the aftermath of this event as well as moving victims and their family members to a safe environment so they can become re-connected with one another.

Through the City of Orlando’s Emergency Operations Center (EOC) and Mayor Buddy Dyer’s office we were notified of your recognition of LYNX’ efforts in supporting our community during this difficult time. Your words of appreciation validated our belief in our responsibility of pulling together as a community to overcome any adversity we may face.

Again, thank you for your leadership and your thoughtful comments to LYNX.

Sincerely,

Edward L. Johnson
Chief Executive Officer

cc: LYNX Board of Directors
    LYNX Senior Staff

Sincerely,

Edward L. Johnson, CEO
455 N. Garland Ave. Orlando, FL 32801

Hello Mayor Dyer,

I am a native Floridian and long time resident of Orlando and Central Florida. I have never written a government official before but the events of Sunday morning have been heart breaking and angering for me and I felt I must respond. The thought that someone would come into our city, or any other for that matter, shows that there is cowardliness and pure evil among us. However, I refuse to let that control my life with fear and hatred.

I thank you greatly for all of your words and actions of support, compassion and leadership for our city. You have not focused on the evil that did this but rather on the beautiful lives of all those affected. Again, thank you!

I have heard comments that maybe there should be monument or something for the victims. I think this is a good idea, not to remember the tragedy, but to remember the beautiful lives and loves affected. If something is planned may I suggest a butterfly garden. This would provide a rainbow of vibrant color for all to experience and life sustaining nectar for the beautiful butterflies to lift our spirits on their wings.

Whatever we decide to do we should not let this tragedy redefine or re-brand our city. We have always been and will always be...Orlando, The City Beautiful!

Thank you,
Trish Carlson
Buddy,

Shoot me a message when you see this. My partner Margaret and I recently started a project raising awareness for Alzheimer’s by planting sunflowers to bring happiness to people’s lives. We feel awful about the tragedy and wanted to connect with you on our project and replant some happiness into the lives of the people of Florida but specially Orlando. Today we will be planting 49 Sunflowers for the 49 Lives lost in the tragic events this past weekend. We want to work with you and also help you raise some more funds as our project is trending and this really touched home seeing how we had an horrific event here in Boston three years ago. Outside of our seed project we also run a charitable watch company. We have created to watches that we would like to share with you and donate a portion of the sales to the Florida One fund please contact me back so we can chat about the best way to go about this. Im going to share with you our sunflower project so you understand it more.

We are working on a project planting sunflowers to bring happiness to the lives of others while also engaging more people to paying it forward. Our country is constantly changing and as it changes we forget that we are also killing off our roots. Things as simple as sunflowers effect the bees and pollination of plants. We thought that we could not only help that issue but also bring a positive feeling in people’s lives while planting. How could is it to see sunflowers pop up in random spots you’d never expect to see them? We have created a project to tie that all together. In additional we are raising awareness for Alzheimer’s disease. With each pack of seeds sold an additional package will come to give to a friend. We ask that once you receive your seed that’s your call to action to join the challenge. We challenge you to give the second packet to a friend and then ask them to buy a packet to give to a friend and do the same. With each packet sold $1.00 will be donated to the Alzheimer’s foundation. Our goal is to sell 100, 000 packets and raise over 100k to give back. We are also hoping that other businesses and organizations will join in the planting process to help the project trend. If everyone just pays it forward we can bring happiness, positivity and make a change in our culture. www.secretsunflowerproject.com

Please get back to me asap

Best,
Brendan

Candidate Center - June 2016

It will save you time, money and energy in your hiring process.

As a Chamber of Commerce, we receive a large number of job applications throughout the year. Every month, we will share with you the applications that will allow us to help you find the right people for the right positions. In our process, all the candidates fill out a form online and provide relevant information such as type of visa, type of position desired, field of activity, professional and educational background, etc. Based on these forms, we create a monthly document, assigning a reference number to identify each candidate. When you are interested by a candidate, you can send us an email at emploi@faccmiami.com mentioning the reference number. Thus, we will be able to send you the contact and the resume of the candidate.

Review the profiles on our website:

What they need to do is catch every gator in the lagoon, and cut the bellies open till they find the remains of the child.

I see they are cruising in the lagoon looking for gators, but are they using sonar to track gators under the surface.
Good Wednesday morning, June 15:

The events of this weekend, in Orlando, teach us all many lessons; some of which may help us to recognize, prepare and react to even higher degrees of public safety and rescue!

Thank God for the First Responders and their willingness to step into the fire.

Public Safety First Partners wants to build solutions for and with your community and the PD for the benefit of all, with a focus on the upcoming needs for greater Police procedure Safety, Public Safety and the upcoming school year.

Let us engage the program and create new revenue to enhance the pay and benefits of the First Responders and help settle the worries of those who serve and protect and their families.

Let us help get more boots on the ground, enhance community policing, add equipment for safety and enforcement and yes, let us help to meet the needs of the sworn, the residents, businesses and tour attractions by enhancing community policing activities.

The bottom line is you can not have too many good guys at the ready when the bad thing happens. And the only way to assure this can happen is with great public safety programs which are clear, transparent and known.

Therefore, the community will stand with you when working the safety program, because they will know: "These folks, captured by a licensed and certified Officer, are VOLUNTEERS not victims"!

Thank you for your consideration and I look forward to helping enhance the public safety of your community ASAP!

Have a Truly Blessed Day!

John M. Baine

Subject: From: Nelson Betancourt/forwarding message from Mayors for Peace

June 15, 2016

Dear Mayor Dyer:

Our organization received this message from the Secretariat of Mayors for Peace in Japan today.

Ms. Ruth Geniac, Community Liaison with Guang Ming Buddhist Temple will be contacting your office to request the City's participation at this event.

Many blessings and peace as you continue to deal with our city's recent tragedy.

Sincerely,

Nelson Betancourt
Executive Director
Awakening/art & culture
“Dedicated to artistry, heritage, imagination and the public interest”

Dear Mr. Betancourt,

We at the Mayors for Peace Secretariat are all saddened to hear the news of mass shooting in Orlando on the morning of June 12.
I would like to express our deepest condolences to the victims and sympathy with their bereaved families.
I hope we can work together to demonstrate our solidarity in these difficult times.

Thank you for contacting us regarding the Hiroshima/Nagasaki Commemoration on August 6. We will be pleased to prepare a message for this occasion. In order for us to create a message, would you provide the following information?

1) Official title of the event (to be put in the message)
2) Host of the event
3) Is there any collaboration with the City of Orlando in holding the event?
4) Guests and participants
5) Flyer or program of the event

Sincerely,

Chieko Nii
June 11, 2016

Dear Mayor Matsui:

On August 6, 2016 we are having our 5th Abolition 2020-Hiroshima/Nagasaki Commemoration in Orlando, Florida. This event evolved from our non-profit organization’s work that got the City of Orlando to become a member of Mayors for Peace on February 10, 2011.

This year the event will be held at the Guang Ming Buddhist Temple. We plan to have choir music, poetry, a film and a panel discussion as part of the commemoration.

In two occasions we requested a letter of solidarity and recognition from Mayors of Peace to be read at our event. I would like to ask you if this year Mayors for Peace would give us such a letter again?

I would appreciate it if you would address it to: Nelson Betancourt
Awakening/art & culture
5350 E Kalely St
Orlando, FL 32812

I look forward to your response.

Sincerely,

Nelson Betancourt

A Special Message From Your Co-President, Sara Isaac
Dear League Members,

Sunday was surreal. With the sound of helicopters on TV and hovering over the Pulse nightclub a few miles from my home, I watched as somber community leaders confirmed that Orlando was home to the latest, and worst, mass shooting in America.

Yet even as I found myself sobbing at the news, the cadence of the news conference began to feel eerily familiar. So, too, the unfolding news coverage. The timeline of the shooting. The profile of the shooter. The interview with his bewildered father. The shock of the body count. The pictures of the grieving. The profiles of the victims as their names became known. The gestures of support. The piling on by people who are moved by hate to hate more.

Even my shaken and teary phone calls to my young adult children -- who are the same age as so many of the victims and to whom Pulse was a beacon of tolerance and acceptance during their high school days -- seemed a bit like part of a script.

This is a scenario that has unfolded over and over again, from Charleston to Chattanooga, from Oregon to Colorado, from San Bernardino, California, to Orlando, Florida.

This has become the new normal.

I am proud of our community and the outpouring of love and grief and unity that has followed this deadly act of homophobia and terror. Within hours of the news on Sunday, lines snaked around One Blood centers across across the region as people stood in 90-degree heat for hours to donate. Strangers brought strangers food and cold drinks. Donations poured into crisis centers. Go Fund Me sites set up for the victims have collected nearly $2 million. Vigils have sprung up around the community and across the world as people search for a way to demonstrate their sorrow and support.

And yet. It feels all too familiar.

On Sunday a friend posted on Facebook that “Something must be done. But it won’t be, it never is.” That, my fellow League members, is our call to action.

First, we must grieve together, for the victims and their loved ones, for the hatred that has violated our community, for the fear that now pervades our lives. We must firmly and visibly unite behind the diversity and tolerance that defines Orange County as a vibrant and inclusive community.

And then we must do what we Leaguers do best: fight fiercely, fairly and unflaggingly to right this wrong. We can and will advocate for concrete action to stop gun violence in our country.

It is truly enough. It is long past time for a new new normal.

In League,

Sara
You have received this message from the mailing list of League of Women Voters of Orange County. If you would prefer not to receive these emails in the future, go to the opt-out page and press the 'Remove Me' button.
When your divers are going into the lagoon to approach a gator, they are armed with bang sticks. Screw the gators, their boots and womens hand bags now. If you relocate them, they most likely will return.

Subject: BREAKING NEWS

John "Buddy",

The DCCC just named Jim Mowrer to our Red to Blue program!

The DCCC’s Red to Blue program supports Democrats running in the most competitive districts across the country who have proven they have what it takes to win. **This is a big deal: only 31 candidates in the ENTIRE country made the list!**

This distinction also means that Jim is running in a very competitive race, so Speaker Paul Ryan and corporate special interests will spend millions in dark money to beat him.

Jim is the right choice to turn Iowa’s 3rd district from red to blue, but we need your help to keep the momentum going. **Will you chip in $5?**

*If you've saved your payment information with ActBlue Express, your donation will go through immediately:*

**Donate $5 immediately >>>**

**Donate $25 immediately >>>**
Donate $75 immediately >>>

Donate $150 immediately >>>

Or donate another amount >>>

Jim is a combat veteran, a former Pentagon official, and a proud father of young children with a deep commitment to middle-class families and keeping Americans safe.

Further, he has already proven that he has what it takes to outraise Congressman Young, build a formidable grassroots organization, and provide effective leadership to the district.

John "Buddy", I’m excited to roll up my sleeves and work with Jim to restore strong leadership to Iowa. **Join me to help turn Iowa’s third district from red to blue!**

Thanks,

Rep. Ben Ray Luján
DCCC Chairman

---

*Jim Mowrer is running to represent Iowa's 3rd district against Washington insider Congressman David Young.*

- Jim was born and raised in Iowa, and spent his youth on his family's farm. After his father died when he was just seven years old, he learned the importance of family, hard work, and a strong social safety net for survivors of loss.
- Jim is a proud Veteran of the Iraq war, and has dedicated his entire life to service of his country.
- This is one of the most competitive races in the country and one of the best chances for a Democratic pick-up in 2016.

A better way for your buildings to talk to your power grid
Smart buildings and smart grids both offer tremendous benefits, but they work even better when they’re working together. And since cities are made up of lots of buildings, you have a lot to gain by getting them to do that. Learn about a new standard that will help.

A faster approach to connecting to your city's smart devices
Few cities have shared, standard ways of connecting smart devices across departments, and that’s what’s holding many of them back. Learn how a platform approach can give you the connectivity your city needs in a matter of weeks — not months.
Good morning Ms. Bradley,

It is my pleasure to respond to your email on behalf of Mayor Dyer and our Commissioners. I know we spoke over the phone about the upcoming sidewalks on Piedmont Street and W Gore Street. I have also had a conversation with several of the residents. Please understand that keeping Orlando moving continues to be a priority for Mayor Dyer. Having a system of interconnected sidewalks both improve public safety and help encourage a healthy lifestyle. Our program, Orlando Walks, aims to create new sidewalks that connect with the City's existing sidewalk infrastructure.

The proposed sidewalks on Piedmont and W Gore will complete the connectivity between existing sidewalks on Ohio and S Dollins. This gives pedestrians an option to travel safely on a road with less vehicular traffic (staying off Orange Center Blvd.) to reach public facilities like George Barker Park and Jones High School as well as proving safe access to public transportation, etc.

You mentioned the need for sidewalks near Princeton Elementary. There are plans to construct multiple sidewalks in the neighborhoods adjacent to the school. Please click on the link below to see our map of existing sidewalks (green lines) and proposed sidewalks (red lines) in District 3.

http://www2.cityoforlando.net/PDF_Docs/TransportationMaps/ProposedSidewalkMaps/ProposedSidewalkLocatorDist3_17x22.pdf

I am aware residents would like to see the streets repaved, but we are unable to divert the money dedicated to sidewalks for anything else. Funding for this round of sidewalk construction is not being paid for by your property taxes, but rather was provided through a joint federal and state gas tax to provide transportation alternatives to our citizens creating an environment that would be less dependent on autos and foreign oil. These funds must be used exclusively for these purposes and cannot be routed to other projects or returned.

They were allocated years ago and were awarded to grantees who provided compelling reasons for using these alternatives. Orlando is proud to have competed and won this grant to help make our neighborhood safer.

It will be my pleasure to work with the residents as we move forward with the sidewalk construction. I will meet in person with anyone that is interested as we plan the location of the sidewalks. It is a priority of ours to avoid trees and landscaping in the right-of-way, where possible. We will be in the area this Friday morning marking sidewalks and placing notices on resident's doors. Please encourage them to contact me to set up a meeting if they would like to discuss the sidewalk layout.

Thank you for your time and concern,
Dear Mayor and Commissioners:
The residents in Clearlake Bunche Manor / Hollando Neighborhood that live on Piedmont Street and West Gore Street have received notices from Tamara, the project engineer telling them that the City has received a Grant to install sidewalks on the streets.

We, as a neighborhood many years ago took a survey about sidewalks and we got the ones that were laid then that we have today when Mayor Hood was serving. At that time we said where in our neighborhood sidewalks should be laid. We are not very close to any schools for our neighborhood to have that much foot traffic going to school or anywhere else.

The sidewalks that are in our neighborhood are ample for now and in the future. At this time we have a senior population and all residents have access to cars, or vans, for getting around the area and Orlando. Neighbors even walk on the sidewalks for exercise.

Many of the yards have included the city frontage as apart of their landscape and have shrubbery planted there as apart of their yards. Therefore, they are asking you to please not put sidewalks on the streets that are on the project printout that was sent to us.

We did not see and other areas planned for sidewalks except in Richmond Heights. In the City areas where there is a lot of foot traffic that need sidewalks put them there. Then I rode around College Park near Princeton Elementary and there are some streets in that area that do not have sidewalks. If sidewalks are not to be placed in all neighborhoods, then please do not disturb our neighborhood with sidewalks that neighbors do not want in the neighborhood.

We need our streets resurfaced worst than putting in sidewalks. We have asked for our streets to be resurfaced and were told we would be put on a waiting list. Street resurfacing is what we need more than sidewalks!

Please read our pleas for your consideration and let us come to a compromise about the sidewalks. We live here and are very satisfied with the neighborhood. We feel that we as a Unit should have some say as to what happens in our neighborhood.

Thank you for your consideration!
A concerned neighbor!

Fire Chief,

My name is Megan Shephard Maerkl, I am a city resident, I work at Lake Highland Preparatory School. My husband is Ed Maerkl, works C shift at Station 1 on Engine 101 and haz mat. My brother is Kyle Shephard, he works in city legal.

One of the victims of the Pulse shooting, Cory James Connell wanted to be a firefighter. I did not know him or anyone that knew him but I thought it would be a nice gesture to do some sort of honorary member type ceremony or similar courtesy for his family and then allow them contact with the OFD family members in the future (invitations to family picnic, etc.). I did a little research online and he went to Edgewater High School and worked at the Publix in College Park. He was described by a former teacher as "an all-time favorite student". He was at Pulse with his girlfriend on Saturday. His girlfriend survived. He was a student at Valencia. It sounds like he has deep local roots and he would be the kind of young man that I would be proud to call a colleague of my husband. These are just a few of the articles I could find about him online:

Please call or email if you have any questions. Also, if I can help you or any of our OFD family in any way, please don't hesitate to contact me. Ed and I are travelling this week to see family but we are back in town next week and are willing and able to assist in any way. Our family would be happy to assist in any sort of event planned, logistics, planning, whatever you need, we are here for you. We are praying for you as our leaders and I am so proud of the professional but also caring and loving response by our community.

Best,
Megan Maerkl

Subject: Re: Still the City Beautiful

Dear Ms. Carlson,

Thank you for your kind words of support and your suggestion for a memorial. Sunday was the most horrific day in the history of the City of Orlando. And yet, today I am even more proud of our community because they came together, united to support the families and friends of the victims.

The heroic acts of our Orlando Police Department and other law enforcement, as well as our citizens saved lives throughout the night. The medical personnel that worked tirelessly when victims were transported to the hospital are heroes.

I am proud of how our City has responded to this tragedy and the dedication our City continues to show.

We will not be defined by the act of a cowardly hater. We will be defined by how we respond, how we treat each other.

Buddy Dyer
Mayor

That old saw that all publicity is good publicity seems to have its limits. It's beginning to feel like, if a giant asteroid hit the Earth and destroyed civilization this week, it would land on Orlando.

My great sympathy and good wishes. At least we're absolutely certain your luck will improve.
Mayor Dyer-

Our thoughts and prayers are with you all in Orlando. Our country is grieving deeply, and it is comforting and meaningful to see how swiftly you have moved into action. Thank you for your leadership.

As an organization of Fortune 500 CEOs, corporate responsibility and philanthropy executives, we shared last night with our network of companies that peers like Disney and Darden were supporting OneOrlando. As a result, one of our large corporations, in their routine process for vetting, found a Guide Star flag for Central Florida Foundation, and the below article about a settlement with the government. Can you help us respond to our companies on this finding? How did you choose your partners and how have you ensured that you are confident that the funds will be managed with best practice?

Our organization is highly respected for its quality and rigor and our role is to support large corporations as they work to be a Force for Good in the world. We wanted to make sure you were aware of this finding and would value any information you can provide so that we can respond to all queries with quality and accuracy, and so that our companies can give during this time of crisis with confidence.

Very sincere thanks – and continued thoughts and prayers,

Mayor Dyer and Rosa, the entire Kony workforce shares in the pain of this tragic event but is already proud of the response and resilience of the Orlando community. Through a combination of gifting from our employees, direct donations from the Kony executive team, and corporate matching, we are launching an immediate drive to contribute $10,000 to this important cause. We lack the resources of Walt Disney but with our rich history and our strategic presence in Orlando we want to do our part.

Your personal leadership is making a big difference at a difficult time. Our thoughts and our prayers are with all involved.

I have announced the formation of the OneOrlando Fund. The purpose of the Fund is to provide a way to help respond to the needs of our community, now and in the time to come, after the effects of the Pulse nightclub tragedy.

The distribution of the funds will be administered by the Central Florida Foundation. The Foundation serves as the region’s community foundation and is home to more than 400 charitable funds.

The Fund will support:

- Nonprofits that are supporting the victims and families
- The LGBTQ, Hispanic, faith and other affected communities
- Underlying causes of this tragic event
- Other needs we cannot anticipate until we face them

The OneOrlando Fund is a project of Strengthen Orlando, Inc., a 501(c)(3) nonprofit corporation created for the purpose of supporting and starting projects to strengthen the Orlando community.
The outpouring of support from our City partners has already begun:

- Walt Disney Company $1,000,000
- Darden Restaurants $500,000
- The Orlando Magic $100,000
- JetBlue $100,000
- Mears $50,000

In addition, eligible donations from Disney employees will be matched dollar for dollar by Disney Employee Matching Gifts: A Program of The Walt Disney Company Foundation.

To contribute to the OneOrlando Fund, please visit OneOrlando.org.

Checks may be made payable to OneOrlando Fund and sent to:

OneOrlando
PO Box 4990
Orlando, FL 32802-4990

For information regarding the OneOrlando Fund or to make a wire transfer, please contact info@oneorlando.org.

Dear Mayor Dyer:

Our organization received this message from the Secretariat of Mayors for Peace in Japan today.

Ms. Ruth Geniac, Community Liaison with Guang Ming Buddhist Temple will be contacting your office to request the City’s participation at this event.
Many blessings and peace as you continue to deal with our city’s recent tragedy.

Sincerely,

Nelson Betancourt
Executive Director
Awakening/art & culture
"Dedicated to artistry, heritage, imagination and the public interest"

Dear Mr. Betancourt,

We at the Mayors for Peace Secretariat are all saddened to hear the news of mass shooting in Orlando on the morning of June 12.
I would like to express our deepest condolences to the victims and sympathy with their bereaved families.
I hope we can work together to demonstrate our solidarity in these difficult times.

Thank you for contacting us regarding the Hiroshima/Nagasaki Commemoration on August 6. We will be pleased to prepare a message for this occasion. In order for us to create a message, would you provide the following information?

1) Official title of the event (to be put in the message)
2) Host of the event
3) Is there any collaboration with the City of Orlando in holding the event?
4) Guests and participants
5) Flyer or program of the event

Sincerely,

June 11, 2016

Dear Mayor Matsui:

On August 6, 2016 we are having our 5th Abolition 2020-Hiroshima/Nagasaki Commemoration in Orlando, Florida. This event evolved from our non-profit organization's work that got the City of Orlando to become a member of Mayors for Peace on February 10, 2011.
This year the event will be held at the Guang Ming Buddhist Temple. We plan to have choir music, poetry, a film and a panel discussion as part of the commemoration.

In two occasions we requested a letter of solidarity and recognition from Mayors of Peace to be read at our event. I would like to ask you if this year Mayors for Peace would give us such a letter again?

I would appreciate it if you would address it to: Nelson Betancourt
Awakening/art & culture
5350 E Kalely St
Orlando, FL 32812

I look forward to your response.

Buddy, I first want to thank you for your leadership during this horrific time. I can’t imagine that any one is quite prepared for such an event, but you, your staff, OPD, and OFD are doing an amazing job during this time of need.

St. Michael’s Episcopal Church has asked that I extend an invitation to you and Karen to worship with us at the 10:15 service this Sunday. I certainly appreciate it if you cannot fit it into your schedule this week and if you can’t maybe one Sunday in the near future would work better. We just want to show you that we as a neighborhood stand behind you and ask God together for his grace.

Our thoughts and prayers are with all the families, friends and loved ones of those who were lost or injured during the devastating event that took place in our community. We will persevere together and the Baoery team stands united with all of Orlando.
OneOrlando Fund was formed to help those most affected by the tragic events that took place on June 12th, 2016. The OneOrlando Fund is a project of Strengthen Orlando, Inc., a 501(c)(3) nonprofit corporation, and was recently announced by Orlando Mayor Buddy Dyer. Please click here to donate.
Dear Mayor Dyer,

While I am not a resident of the city of Orlando, I live in a neighboring community called Deltona. My partner and I came to the vigil on Monday night and we were so blown away by the outpouring of care and concern from everyone. When we got to the parking garage we were surprised that the parking fee was being waived for the event. When we got out of our car and started to make our way, countless people in the building leaving work for the day made sure we knew where to go. They were so accommodating. They were so kind. It was unbelievable but so beautiful to see that unfold.

I’m not sure who to thank, but I wanted to say, THANK YOU to all those who did the little things and made us feel welcomed in that moment. We had people urging us not to go because they were scared for us. However, with the little acts of kindness, it really helped take the edge off of anxiety.

To all the speakers and Performing Arts Center – I was just completely amazed at the program that came together in such a short time. It was beautiful. It was healing. It was a community coming together. I felt empowered to be there. I felt like I was part of something larger than myself. To each one that participated and showed up, I say thank you from the deepest part of my heart.

If you are so inclined to read this, I had written a blog post and shared it online called “The Shock Of the Orlando Massacre”.

Once again, thank you very much for your leadership and all those that serve with you to protect us and help in a time like this.

Don Shetterly

Mr. Mayor,

As I was watching (from my home in Kansas City, MO) coverage on MSNBC re the attack on the club this past Sunday morning, one of the reporters held up a floor plan of the building noted above. I admit that I didn’t have a lot of time to examine the floor plan, so I may have missed something.

But, my initial reaction was that there are no emergency exits in the external walls; all I could see were the main entrance/exit and the doorway leading to and from the patio. I can’t imagine that a facility which can house that number of people would not have emergency exits. I have no idea as to what Orlando codes stipulate about such exits.

I hope that I simply didn’t see the emergency exits in the plan being displayed, or that they exist but were not included, for some reason, in the floor plan.

You need not respond to my comments. I just wanted to inform someone there what I observed, in the event that there is a code violation of some sort, a violation which could have contributed to patrons' inability to escape the shooter.

My condolences to the Orlando community for the vicious attack which occurred.

BREAKING: Caesars Gets Short Breather From Creditors' Quest For $11B

Caesars Entertainment Corp. won a temporary reprieve from a handful of creditor lawsuits Wednesday when an Illinois bankruptcy judge granted the casino giant a 74-day stay while its bankrupt operating unit negotiates a solution with the unhappy creditors.
Sunday morning marked the deadliest mass shooting in US history. When I heard of the attacks, I was both horrified and deeply saddened. Even though the investigation is ongoing, the facts lead to the conclusion that this was not just an act of terrorism, but also a crime of hate and prejudice.

June is LGBTQ Pride month and the victims from Sunday were targeted in a place they went to feel safe. At this time, it is important that we do not let hate and intolerance win. Instead, we must come together to honor the victims and work towards progress that could stop other events like this one.

I hope you will stand with me to urge Congress to move forward a national conversation about gun violence, the widespread availability of deadly weapons, as well as anti-LGBTQ bigotry and hate. Add your name here to say enough is enough, it is time for action >>

My thoughts and prayers are with the victims, their families, and the Orlando LGBTQ community. I also want to thank all the first responders who put their lives on the line to save others.

Thank you for standing with me,

Steny

Mayor Dyer,

I've struggled for three days now to find the right words to express my feelings over what happened in Orlando this past weekend. As a native to central Florida, (I was born at ORMC when it was called Orange Memorial) all this is very shocking and like many, I want answers to the big questions like why us, and how could this happen?

I know those questions are important. But in my heart, I know that what we see in the outpouring of love these past few days is what really matters.

?

Please accept my deepest sympathies for what has happened in Orlando. I'm preparing a special resolution/proclamation to present at our June 21st meeting to the Lake County Board of County Commissioners. This resolution/proclamation will formally express our sympathies and offer our support to the City of Orlando and you in the coming months.

Lake County is part of the Orlando region and we stand strong with the City and you in your efforts to build an even stronger, close knit community.

Please call my cell phone at 352-988-7099 if there is anything I can do.

Yours in Service,

Sean M Parks
Chairman, Lake County Commission
I believe it’s clear now the Orlando Shooter Omar Mateen was a closeted gay man. If he has been on gay sites and attending gay bars over the years I think it’s safe to say he would have had a partner or several. Since the shooting I have not seen one gay man come forward to admit to being his lover so here is a theory. He went to the club to kill his lover or lovers and shot the others and called 911 to say ISIS to throw off the authorities as a terrorist shooting. The other theory is you may want to start linking Omar to the mysterious unresolved deaths of gay men. It’s possible if he was having sex with gay men he would not want them to be alive to oust him. I know you guys are smart but I have not heard these theories in the media and I believe this needs to have a closer look.
Dear Jean-Louis and Tetiana Drai,

Thank you for your kind words of support. Sunday was the most horrific day in the history of the City of Orlando. And yet, today I am even more proud of our community because they came together, united to support the families and friends of the victims.

We learned of the heroic acts of our Orlando Police Department and other law enforcement, as well as our citizens as hundreds of lives were saved throughout the night. The medical personnel that saved so many lives that were transported to the hospital are heroes.

I am proud of how our City has responded to this tragedy and the dedication our City continues to show.

We will not be defined by the act of a cowardly hater. We will be defined by how we respond, how we treat each other.

Buddy Dyer

Mayor

Hi Cassandra,

Hope this email reaches you well.

I run the European bureau for Us Weekly magazine in London and work closely with Kensington Palace on all our royal coverage.

One of the senior communications officers there (Katrina McKeever) just emailed me to say that Prince Harry has written a letter to the Mayor of Orlando following the terrible attack at Pulse last week. She said that you might be able to share the contents/copy of the letter.

I was only recently in Orlando with Harry for the Invictus Games and know how saddened he was to hear of the atrocities that took place. I’m planning on writing a story on Prince Harry’s outreach to Mayor Dyer so any help you could offer would be much appreciated.

Kind regards,

Omid

Dear Mayor Dyer,

I wanted to let you and the people of Orlando know that our hearts and prayers go out to all those affected by this terrible outrage - the partners, friends and families of those who have been killed by hate crime. I sat and wept while I watched the tv news.

You are all in our thoughts. I very much hope that everyone will find comfort and support at this very sad and difficult time.

Please accept my sincere condolences at your loss,
Richard

Hampshire, UK.
Dear Commissioner Parks,

Thank you for your letter of kindness and support for the people of Orlando. Your words have served to hearten, sustain and strengthen us. I am humbled by the outpouring of generosity we have received from every part of the world.

This past Sunday was the most horrific day in the history of the City of Orlando. And yet, I have never been more proud of our community because of the way they have come together, united with a singular focus of supporting the families and friends of the victims.

The heroic acts of our Orlando Police Department as well as other law enforcement, and the actions of our citizens no doubt saved lives throughout that night. The medical personnel in our City were tireless as they worked to save the lives of those transported to their hospital. They are heroes.

I cannot overstate the gratitude I have for the dedication of our City employees. Through long hours, they have helped in every way possible to lead our City through this weekend’s events.

We will be a better City because of this. We will not be defined by the act of a cowardly hater. We will be defined by how we respond, how we treat each other.

I’ve struggled for three days now to find the right words to express my feelings over what happened in Orlando this past weekend. As a native to central Florida, (I was born at ORMC when it was called Orange Memorial) all this is very shocking and like many, I want answers to the big questions like why us, and how could this happen?
I know those questions are important. But in my heart, I know that what we see in the outpouring of love these past few days is what really matters.

?

Please accept my deepest sympathies for what has happened in Orlando. I'm preparing a special resolution/proclamation to present at our June 21st meeting to the Lake County Board of County Commissioners. This resolution/proclamation will formally express our sympathies and offer our support to the City of Orlando and you in the coming months.

Lake County is part of the Orlando region and we stand strong with the City and you in your efforts to build an even stronger, close knit community.

Please call my cell phone at 352-988-7099 if there is anything I can do.

Yours in Service,

Sean M Parks

Chairman, Lake County Commission
I will send a thank you to him but wanted you to have.

Mayor Dyer and Rosa, the entire Kony workforce shares in the pain of this tragic event but is already proud of the response and resilience of the Orlando community. Through a combination of gifting from our employees, direct donations from the Kony executive team, and corporate matching, we are launching an immediate drive to contribute $10,000 to this important cause. We lack the resources of Walt Disney but with our rich history and our strategic presence in Orlando we want to do our part.

Your personal leadership is making a big difference at a difficult time. Our thoughts and our prayers are with all involved.

I have announced the formation of the OneOrlando Fund. The purpose of the Fund is to provide a way to help respond to the needs of our community, now and in the time to come, after the effects of the Pulse nightclub tragedy.

The distribution of the funds will be administered by the Central Florida Foundation. The Foundation serves as the region’s community foundation and is home to more than 400 charitable funds.

The Fund will support:

- Nonprofits that are supporting the victims and families
- The LGBTQ, Hispanic, faith and other affected communities
- Underlying causes of this tragic event
- Other needs we cannot anticipate until we face them

The OneOrlando Fund is a project of Strengthen Orlando, Inc., a 501(c)(3) nonprofit corporation created for the purpose of supporting and starting projects to strengthen the Orlando community.

The outpouring of support from our City partners has already begun:

- Walt Disney Company $1,000,000
  - In addition, eligible donations from Disney employees will be matched dollar for dollar by Disney Employee Matching Gifts: A Program of The Walt Disney Company Foundation
- Darden Restaurants $500,000
- The Orlando Magic $100,000
- JetBlue $100,000
- Mears $50,000

To contribute to the OneOrlando Fund, please visit OneOrlando.org.

Checks may be made payable to OneOrlando Fund and sent to:
OneOrlando
PO Box 4990
Orlando, FL 32802-4990

For information regarding the OneOrlando Fund or to make a wire transfer, please contact info@oneorlando.org.

#OrlandoUnited

Sincerely,

Buddy Dyer
Mayor
I have responded to him, Celeste. No need to send anything.

Warm regards,
Brooke

Dear Don,

Thank you for your letter of kindness and support for the people of Orlando. Your words have served to hearten, sustain and strengthen us. I am humbled by the outpouring of generosity we have received from every part of the world.

This past Sunday was the most horrific day in the history of the City of Orlando. And yet, I have never been more proud of our community because of the way they have come together, united with a singular focus of supporting the families and friends of the victims.

The heroic acts of our Orlando Police Department as well as other law enforcement, and the actions of our citizens no doubt saved lives throughout that night. The medical personnel in our City were tireless as they worked to save the lives of those transported to their hospital. They are heroes.

I cannot overstate the gratitude I have for the dedication of our City employees. Through long hours, they have helped in every way possible to lead our City through this weekend’s events.

We will be a better City because of this. We will not be defined by the act of a cowardly hater. We will be defined by how we respond, how we treat each other.

Buddy Dyer

Mayor of Orlando

On Wed, Jun 15, 2016 at 11:23 AM, Don Shetterly <dons@donshetterly.com> wrote:

Dear Mayor Dyer,

While I am not a resident of the city of Orlando, I live in a neighboring community called Deltona. My partner and I came to the vigil on Monday night and we were so blown away by the outpouring of care and concern from everyone. When we got to the parking garage we were surprised that the parking fee was being waived for the event. When we got out of our car and started to make our way, countless people in the building leaving work for the day made sure we knew where to go. They were so accommodating. They were so kind. It was unbelievable but so beautiful to see that unfold.
I’m not sure who to thank, but I wanted to say, THANK YOU to all those who did the little things and made us feel welcomed in that moment. We had people urging us not to go because they were scared for us. However, with the little acts of kindness, it really helped take the edge off of anxiety.

To all the speakers and Performing Arts Center – I was just completely amazed at the program that came together in such a short time. It was beautiful. It was healing. It was a community coming together. I felt empowered to be there. I felt like I was part of something larger than myself. To each one that participated and showed up, I say thank you from the deepest part of my heart.

If you are so inclined to read this, I had written a blog post and shared it online called “The Shock Of the Orlando Massacre”.

Once again, thank you very much for your leadership and all those that serve with you to protect us and help in a time like this.

Buddy, I first want to thank you for your leadership during this horrific time. I can’t imagine that any one is quite prepared for such an event, but you, your staff, OPD, and OFD are doing an amazing job during this time of need.

St. Michael’s Episcopal Church has asked that I extend an invitation to you and Karen to worship with us at the 10:15 service this Sunday. I certainly appreciate it if you cannot fit it into your schedule this week and if you can’t maybe one Sunday in the near future would work better. We just want to show you that we as a neighborhood stand behind you and ask God together for his grace.

Mayor Dyer-

Our thoughts and prayers are with you all in Orlando. Our country is grieving deeply, and it is comforting and meaningful to see how swiftly you have moved into action. Thank you for your leadership.

As an organization of Fortune 500 CEOs, corporate responsibility and philanthropy executives, we shared last night with our network of companies that peers like Disney and Darden were supporting OneOrlando. As a result, one of our large corporations, in their routine process for vetting, found a Guide Star flag for Central Florida Foundation, and the below article about a settlement with the government. Can you help us respond to our companies on this finding? How did you choose your partners and how have you ensured that you are confident that the funds will be managed with best practice?

Our organization is highly respected for its quality and rigor and our role is to support large corporations as they work to be a Force for Good in the world. We wanted to make sure you were aware of this finding and would value any information you can provide so that we can respond to all queries with quality and accuracy, and so that our companies can give during this time of crisis with confidence.

Very sincere thanks – and continued thoughts and prayers,
Barb Short

Hello there! My name is Sarah Little. I am contacting you in reference to a benefit show we have scheduled for the Pulse victims and their families. The event will take place Sunday June 26th at The Haven in Orlando from 2pm to 11pm. We will be having multiple raffles throughout the day, food, different sources of information, and 8 bands that will be performing throughout the course of this event. We are utilizing Equality Florida to ensure that every donation goes towards these families affected. There will be a $5 door charge. ALL PROCEEDS go to these families. No one involved will be making any type of money. We would be so incredibly happy if you, or anyone else involved with the City of Orlando could make it to our event.

"Invest into your art education"
Dear Megan,

Thank you for your note and I am certain Cory’s family would be touched by this gesture. As much as we would like to honor our victims in every way possible, we are simply unable to commit any resources at this time to creating individual memorials.

We will note your suggestion and consider it as we move toward creating a memorial for the victims. Thank you again for reaching out to us and for your kindness.

Fire Chief,
My name is Megan Shephard Maerkl, I am a city resident, I work at Lake Highland Preparatory School. My husband is Ed Maerkl, works C shift at Station 1 on Engine 101 and haz mat. My brother is Kyle Shephard, he works in city legal.
One of the victims of the Pulse shooting, Cory James Connell wanted to be a firefighter. I did not know him or anyone that knew him but I thought it would be a nice gesture to do some sort of honorary member type ceremony or similar courtesy for his family and then allow them contact with the OFD family members in the future (invitations to family picnic, etc.). I did a little research online and he went to Edgewater High School and worked at the Publix in College Park. He was described by a former teacher as "an all-time favorite student". He was at Pulse with his girlfriend on Saturday. His girlfriend survived. He was a student at Valencia. It sounds like he has deep local roots and he would be the kind of young man that I would be proud to call a colleague of my husband. These are just a few of the articles I could find about him online:

Please call or email if you have any questions. Also, if I can help you or any of our OFD family in any way, please don't hesitate to contact me. Ed and I are travelling this week to see family but we are back in town next week and are willing and able to assist in any way. Our family would be happy to assist in any sort of event planned, logistics, planning, whatever you need, we are here for you. We are praying for you as our leaders and I am so proud of the professional but also caring and loving response by our community.

Best,
Megan Maerkl

Hi Brooke- Sincere thanks for your fast reply. We’ve reached out to the foundation as well and are working with Meghan to clarify and respond. It appears in RDC, under the *Organization* Central Florida Foundation, that information on the *Entity* Workforce Central Florida Foundation appears, with the settlement information. If this an accuracy issue with the tool, it may be worth reaching out to RDC as others may be researching to this degree as well. Our network is large corporations and, as you know, they often apply a good deal of rigor when making gifts. Any clarification on this finding would be greatly appreciated, and we will close this out. Sincere thanks – you all are very much in our thoughts and prayers. -Barb

Mayor Dyer-
Our thoughts and prayers are with you all in Orlando. Our country is grieving deeply, and it is comforting and meaningful to see how swiftly you have moved into action. Thank you for your leadership.

As an organization of Fortune 500 CEOs, corporate responsibility and philanthropy executives, we shared last night with our network of companies that peers like Disney and Darden were supporting OneOrlando. As a result, one of our large corporations, in their routine process for vetting, found a Guide Star flag for Central Florida Foundation, and the below article about a settlement with the government. Can you help us respond to our companies on this finding? How did you choose your partners and how have you ensured that you are confident that the funds will be managed with best practice?

Our organization is highly respected for its quality and rigor and our role is to support large corporations as they work to be a Force for Good in the world. We wanted to make sure you were aware of this finding and would value any information you can provide so that we can respond to all queries with quality and accuracy, and so that our companies can give during this time of crisis with confidence.

Very sincere thanks – and continued thoughts and prayers,

Barb Short

FREE WEBINAR - Managed Wi-Fi Services: The Pros and Cons

Presented by ADTRAN and IHS
Thursday, June 23 | 11:00 AM Central

Wireless architectures have evolved significantly over the past few years, making it possible to offer cost effective managed Wi-Fi services. This webinar takes a look at the pros and cons of managed Wi-Fi services, and why they’re worth exploring for an improved end user experience.

During this webinar we will explore:

- The rapidly changing access network
- How managed services offload network managers
- Key purchasing considerations
- Case studies of companies offering managed Wi-Fi services
- Answers to audience questions during live Q&A

Free Report

Everyone who registers for this webinar will receive a special report by Research Director, Matthias Machowinski. A download link will be sent to you and the report will also be available to download from the live webinar console.
Dear Ms. de Zwart,

Please express my gratitude to Mayor Aboutaleb and the citizens of Rotterdam for the kind words of support. Sunday was the most horrific day in the history of the City of Orlando. And yet, I am even more proud of our community because they came together, united to support the families and friends of the victims.

We learned of the heroic acts of our Orlando Police Department and other law enforcement, as well as our citizens as hundreds of lives were saved throughout the night. The medical personnel that saved so many lives that were transported to the hospital are heroes.

I am proud of how our City has responded to this tragedy and the dedication our City continues to show.

We will not be defined by the act of a cowardly hater. We will be defined by how we respond, how we treat each other.

Buddy Dyer

WATERWAY SHoppes II
WESTON, FLORIDA

100% OCCUPIED, 16-TENANT RETAIL SHOPPING CENTER

2310-2410 WESTON ROAD | WESTON, FL
ACCESS OFFERING MEMORANDUM

PROPERTY HIGHLIGHTS:

- **IDEAL LOCATION** - Weston is one of South Florida's most desirable communities with a retail market widely recognized as one of the strongest and healthiest in SE Florida. Weston is part of the Miami MSA (5.5M+ people) and is located approximately 4 miles south of Sawgrass Mills & The Colonnade Outlets, the largest outlet and value retail shopping destination in the U.S. (2.3M+ sf). The city has the lowest combined property taxes, municipal taxes & fees in the county and AAA credit ratings.

- **HIGH TRAFFIC COUNTS** - Strategically positioned along prime commercial development artery Weston Road (28.5K ADT) with easy access to I-75 (178K+ ADT), I-595 & the Sawgrass Expressway. In close proximity to Weston Park of Commerce, Meridian Business Campus & Cleveland Clinic, providing significant increases in the daytime traffic and population of the city.

- **STRONG BARRIERS FOR ENTRY** - Located within a completely built-out retail market with limited, minimal exposure to "big box" retailers. Weston is considered one of the most under-retailed submarkets in South Florida due to the city's original master plan specifically underserving the retail market.

- **QUALITY INVESTMENT** - 100% occupied; all tenants have rent increases throughout base terms and renewal option(s), where applicable. Minimal landlord responsibilities. Florida has no state income tax.

- **AFFLUENT TRADE AREA** - Over 51,000 households and 160,000 people, with an average household income of $118K+, within 5 miles of the property. Weston consistently ranks high annually in CNN Money magazine's "Biggest Earners" category and is home to 3 of the top 10 wealthiest zip codes in SE Florida.

Dear Mayor Dyer and Frank,

Thank you for your leadership this week during the tragic events that touched our City. You and your team have done an incredible job helping the victims and families. While this news has impacted many of us, what’s remarkable is the outpouring of support, kindness and collaboration that has resulted from the tragedy. I personally attended Monday’s vigil and was touched to see people rallying together to be One Orlando…one City…stronger…together.

Red Lobster, since our beginning, has been always been a place where anyone regardless of their background could pursue their professional dreams. And it’s more important than ever for private sector companies to come forward to support the City as we rebuild. Therefore, I am pleased to share Red Lobster and our owner, Golden Gate Capital, will support the OneOrlando Fund. Later this afternoon, we will donate $100,000 via Wire Transfer.

As always, we are proud to be your neighbors and supporters and are always here to help the City we call home.

Mr Dyer

First I would like to send love and heartfelt prayers to your city and the victims and their families from your neighbors in Marion County.

I wanted to write because your police chief John Mina to me from watching him throughout the years on tv and now with this horrible terrorist act is an amazing human being. The way exudes himself to the people is very
calming he speaks with compassion that is true and sincere. I do not know him other than like I said from the news here in central Florida but I can sincerely say your beautiful city of Orlando and her people a very lucky to have a man a police chief like him. He should be commended highly for his handling of this disgusting act of terror and I would be proud if he ever came to Marion county to call him Sherif or chief of police here. God bless Orlando I love your city.

Very sincerely
Larry Allen

Ps..I wrote you because I could not find his email address. Please if you can tell him to stay strong and to remember he is only human that he also like everyone else needs to greave.

Orlando, FL 32802-4990

Dear Mayor Dyer & City of Orlando Council Members:

We want to convey our deepest sympathy for the horrible killings that occurred this weekend in your community. It is hard to believe that someone could harbor this much hatred toward the gay community that he could do such a horrible act. We appreciate everything you have done and continue to do and the efforts of your law enforcement and want you to know that we stand ready to support your community.

This coming Saturday, June 18, 2016, the City of Wilton Manors will host its annual Stonewall Festival & Parade in celebration and appreciation of the LGBT Community and its many contributions to our city, county, state, and nation. In light of the tragic events of this past weekend, and in solidarity between our cities and the LGBT communities that we serve, we would like to invite you to participate in our festival and parade. Our event draws approximately 20,000 – 30,000 individuals each year and includes family activities, vendors and exhibitors, and the Stonewall Parade that will begin at 6:00 p.m.

The City would be honored to facilitate your participation in this event as we demonstrate the diversity, strength, and resilience of our LGBT Community and our families and friends.

If you have any questions, please contact our Assistant City Manager, Pamela Landi at 954-390-2103, or plandi@wiltonmanors.com. Again, our hearts and prayers are with your community and the victims of this horrible shooting.

Sincerely,

Mayor,

Obviously this recent tragedy shows the need for greater resources and response to emergencies. Past studies have shown in Orlando and other areas of Florida that consolidation of first responder services does provide better service to the public. Isn't it time that the cities and county's stop hoarding toys and put them all in together?

Happy Connecting. Sent from my Sprint Samsung Galaxy S® 5

Hello,

My name is Billy Myers. I've been working rather diligently to put together a benefit show for the victims of the Pulse shooting. This event is designed to be Orlando native bands and artists working together to help support our community in its time of need. All proceeds will be donated to the Pulse Victims fund via Equality Florida. The event is taking place June 26 at The Haven in Orlando. We will have music, raffles, and much more. It's an all day event, and we already have a lot of local radio programs involved in promoting this effort. We'd very much love it if there was anyway YOU, the Mayor, might be willing to take a moment of your time to make an appearance and perhaps make a statement. I know you're a busy man, especially in times like these, but it would mean the world to us and everyone involved if you would be willing to participate with us. Please let me know what we can do and what steps can be taken to make this happen.

Thanks for your time.

Hello Mayor Dyer,

My name is Krystle Phelps. I am 20 years old and from the small town of Davis, California; about 20 miles west of Sacramento, California. Davis is one of the most tolerant cities I have ever been to. It pains me to see such hate for the LGBTQ+ community. Davis is currently holding a vigil for the lives lost due to recent events.
I infer that you would wonder why someone who is 20 should be trusted to set up such a fundraiser. I have been planning events and fundraisers since I was 9; and this is by far one of the causes I am most passionate about.

I would like to set up a fundraiser in my town to help raise funds to cover some of the hospital bills of the injured and some of the funeral expenses of the dead. However, I do not want to do so without your permission or the permission of someone else who is authorized to give that consent.

I plan to set up a GoFundMe, a car wash, and get cash and check donations from local businesses which I would then put directly into the GoFundMe. I understand that other accounts have been set up for this exact cause; but I believe Davis as a whole can do a lot to help.

The GoFundMe would be set up so funds could be transferred over to the City Of Orlando at any time. My goal is to raise at least $3,000 over the course of the next week or two. I know it's not a lot but I hope it can help; even if just a little.

I know you're busy, and thank you for taking time out of your hectic day to read and respond to my email.

Sincerely,
Krystle Phelps
55 years ago, Cuba became the forbidden fruit of the Caribbean. Today, we enter a new era where commercial TRAVEL RETURNS TO CUBA. Silver Airways will serve more routes to Cuba from America than any other airline and SILVER WILL BE THE FIRST airline to fly scheduled service between the U.S. and Cuba in over five decades!

The INAUGURAL FLIGHT TO CUBA will be from Fort Lauderdale (FLL) to Santa Clara (SNU) on September 1, 2016*. Be a part of history and join us on this historic flight as Silver is the first airline to reopen Cuban-American relations.

As the ONLY AIRLINE chosen by the U.S. Government to serve all nine Cuban destinations, we are honored and eagerly await approval to serve our 10th
destination Havana as well.

Right now, you can book a flight to Cuba with 33%* off the base fare by using promocode - SILVER2CUBA. Hurry, this offer ends June 30th 2016.

Join us in this historic time to see for yourself the rich cultural history and vast array of experiences that await you on this Caribbean island. Fly with Silver and be one of the first to see Cuba!

TERMS & CONDITIONS:

* This deal is valid only for travel between Florida and Cuba. Travel to Cuba requires an OFAC license. Tickets must be issued on/before 11:59pm ET on June 30, 2016. Promo Code sale fares are valid only when booked on silverairways.com. The SILVER2CUBA Promo Code can be used to obtain 33% off the base fares and must be entered using all capital letters. A gold star will appear next to eligible fares. The Promo Code may only be purchased towards newly booked travel and may not be applied to prior bookings. Promo Codes are not combinable with other Promo Codes.

** (subject to final Cuban Government approval).

*** All sale fares are valid daily, one-way, and require a 14-day advance purchase. All travel must be on/before October 10, 2016.

Seats are limited, subject to availability, may not be available on all flights, and may not operate all days of week. Tickets are non-refundable and non-transferable. Changes or cancellations can be made for a $200 fee plus any difference in fare, if applicable. Tickets purchased from Silver Airways reservation call center will cost an additional non-refundable $25 per customer, per itinerary, and $35
(non-refundable) more per customer if booked at an airport ticket office. To avoid this additional expense, please make your reservation at silverairways.com. Fares, routes, fees, and schedules are subject to change without notice. Silver Airways will accept checked baggage up to 50 pounds and 62 linear inches for a non-refundable fee, per customer, per bag. When purchased at silverairways.com bag fees are: flights within the United States, $30 for first and $40 for second, or international flights are $35 for first and $50 for second, and $125 within the United States or $150 internationally for the third bag. Additional fees apply to baggage exceeding these size or weight limitations and other baggage restrictions may apply. For further fee details please visit silverairways.com.

Dear Mayor Dyer,

My name is Shelly Anderson and I live at 1712 Wainwright Ct, Collierville, TN 38017 and my phone number is (901) 581-8700. I am giving this personal information purely out of respect, I do not expect a call, letter or even a reply.

I have never responded to anything in the news, I am responding for 1 reason and for 1 reason only. It has been of great concern to me and I have voiced this to my husband and feel that I must use my voice and let you know how concerned I am that many young people laid on the floor dying for hours. I keep putting myself in the position of the parents of these young people, what I ask of you is that you put yourself in the parents position and PLEASE figure out why, while the killer was locked in the bathroom, all of the injured people were left dying on the floor for several hours. My mind keeps wondering how many of those young people would have been saved if they had been rushed to the Trauma Center. I wonder how many people are wondering the same thing! To be honest, I am not only concerned but furious that those injured were left alone with no help for hours - DYING! PLEASE PONDER THIS AND THEN ACT, THIS RESPONSE FROM THE SWAT (OR WHOMEVER) IS VERY WRONG! I feel sure that they would argue differently - ask them to think about the same thing I asked you, PUT THEMSELVES IN THE PLACE OF THOSE PARENTS, AND THEN DECIDE WHAT THEY SHOULD HAVE DONE!

I almost want to apologize for writing this, for giving you one more despondent US Citizen to have to consider or even think about.

My gut made me write this in the hopes that my voice can make a difference!

Sad,

Shelly Anderson
Collierville, TN 38017

Hi Mayor Dyer.

I am a trained victim assistance person in Calgary, Alberta and I am available to come there and help. I would be happy to come and do whatever needs doing at your help centre. I have worked on behalf of Edmonton Police Services, Canadian Child Abuse Association and am currently part of the victim service program at the Sheldon Kennedy Child Advocacy Centre.

Your situation is absolutely heartbreaking and I can't imagine how many people need love, care and support. I am available to just show up and help.

If you a spot for me, please use me. I have a heart to serve and would love to do whatever needs doing.......I can provide you with my credentials, current police security check etc...it is with just sincere offer to come and help.......Wishing you peace and prayer as you wade through this very messy situation.

Sincerely,

Lynx, SunRail, JetBlue, extend or shift service in wake of Pulse shooting

JUNE 15, 2016, 9:16 AM

The region's public transportation shifted to reach the needs of a city that's working around Sunday's mass-shooting site south of downtown.

Lynx public bus transit system shifted four routes — lines 7, 11, 18 and 40 — diverting more than a thousand people that usually ride through Orange Avenue to the adjacent Delaney Avenue between Michigan Street and Gore Street, about 1.3 miles.

"We're going to continue to detour [these] routes … as long as necessary," said Lynx CEO Edward L. Johnson.

"Lynx is proud to be part of this effort … but ultimately we are providing support to the city of Orlando and following their direction," Johnson said.

SunRail offered extended service Monday night for the vigil at the Dr. Phillips Center for the Performing Arts.

JetBlue, which has thousands of flights to Puerto Rico from Orlando International Airport, offered free flights for victims' next of kin and domestic partners to Orlando. Ten of the victims from the mass shooting Sunday are reported to be from Puerto Rico.

As of 4 p.m. Tuesday, about 12 blocks of Orange Avenue were still closed.

The FBI Tampa Twitter account tweeted Tuesday afternoon that it was helping Orlando Police Department in "reopening some businesses and streets.

"If you see movement, that's what it is. #orlandostrong"

Greetings Mayor Dyer!

I am writing to you from the lovely island of Nevis in the Caribbean. I just saw you on the news as you spoke to the world regarding the awful experience that the City of Orlando is experiencing at this time. My heart goes out to all and I do pray that God’s presence will be comforting to all who are grieving. The whole world feels your pain.

I decided to contact you as interestingly I notice that your surname is Dyer. My father is of Montserrat descent and I am trying now to find out if there is any way we are related. My grandfather who lived in Montserrat, now deceased was George A Dyer. I do not know much about my family from Montserrat but seeing your name has sparkled the interest for me to research my family tree.

I am hoping to hear from you. Take care and God bless.

Dear Mr. Mayor,

On behalf of the Consulate General of the Republic of Turkey, I condemn the terrorist attack perpetrated in Orlando on 12 June, resulting in the death of 49 civilians. Our heartfelt condolences and sympathies go to the loved ones of those who lost their lives. We stand by the people of America in this difficult day.

Whatever the motive, terrorism has no justification. Terrorism has also neither national identity nor religion no matter what the perpetrators call themselves. Turkye stands with her Ally in the fight against ISIS as part of the coalition in Syria.

In this wholly month of Ramadan our wish from God is that it gives us the strenght collectively to fight and eliminate this kind of evil from the face of earth.

"This is My Orlando" by Kelly Cohen, Managing Partner, Southern Strategy Group's Orlando Office

Seeing the coverage on TV versus being on the ground in Orlando is candidly a surreal experience. I still remain somewhat shocked when I see images from across the globe showing support for Orlando — the vigils, the monuments lit in rainbow colors, or when I read condolences or tweets from celebrities, prominent figures, citizens, and international communities all saying #PrayersforOrlando.

Is the Eiffel Tower really lit in a rainbow to honor us? Did 20,000 people gather in London chanting “Orlando, we have your back”? When I see it on TV or read about it in the national news, my brain tells me I must be confused, it must be somewhere else.

I feel stunned when I hear my city, my Orlando, being tied to the largest mass shooting in the U.S., ever. Wait, what? The deadliest shooting on American soil happened in my backyard.

Is this really happening? Is President Obama addressing the nation about my city? My community? I think there’s no way they’re talking about the Pulse I know — the Pulse I have been to many times dancing and laughing until I could dance and laugh no more. I think they must
I think to myself we love, respect and promote our LGBT and Hispanic communities, we pride ourselves on celebrating diversity and tolerance, there’s no way they could be subject to such a vicious attack.

Living through this is completely different. Everything happening here on the ground is my Orlando.

While we are deeply and profoundly hurt and heartbroken; while our eyes are swollen from the constant emotion and grief; while we literally feel the pain of the victims in our bones; while there may be small part of us that died inside when we lost those 49 beautiful souls and are haunted about the pain of those that we trapped inside or the families that lost so much — my Orlando remains unified, hopeful and focused on healing our community.

We have sprung into action doing anything and everything we can to help. We focus on the future. We give hugs to strangers, we bring supplies to people waiting in line to give blood, we huddle around our LGBT and Hispanic friends to help lift them up. And we thank our first responders, emergency caregivers and our leadership for their heroic actions.

Businesses and citizens are actively raising funds to help victim’s families, Pulse employees and others impacted. We are gathering, we are connecting, we are standing tall telling the world this tragedy will not define us. We will remain tolerant, diverse and joyful. This will be our finest hour. I could not be prouder. No one I know has let their grief inhibit them; instead it has motivated them to action.

This is my Orlando. A place where we love. A place where we still believe in Magic. A place where we unite. A place where we refuse to let darkness take over and only can see light. I love my home and the people in it — and I know together we will shine.

I believe it’s clear now the Orlando Shooter Omar Mateen was a closeted gay man. If he has been on gay sites and attending gay bars over the years I think it’s safe to say he would have had a partner or several. Since the shooting I have not seen one gay man come forward to admit to being his lover so here is a theory. He went to the club to kill his lover or lovers and shot the others and called 911 to say ISIS to throw off the authorities as a terrorist shooting. The other theory is you may want to start linking Omar to the mysterious unresolved deaths of gay men. It’s possible if he was having sex with gay men he would not want them to be alive to oust him. I know you guys are smart but I have not heard these theories in the media and I believe this needs to have a closer look.

Dear Friends,

I have never been more proud of the residents of Orange County as I am now. Although Orlando was the target of a terrible crime, residents here have shown each other and the world that tolerance and unity can prevail.

On behalf of myself and my staff, I offer condolences to the families, friends and colleagues of the victims. We also salute and give thanks to the heroic acts of the Orlando Police Department and other local law enforcement who did everything they could to stop a horrific and senseless act of violence in our community. To all of the doctors, nurses and citizens who selflessly acted quickly to save the lives of others, we offer our sincerest gratitude. It is also a priority for us to help out the
community as much as possible.

We will not allow Orange County to be paralyzed by fear. We will not allow our neighbors to mourn alone. As we move forward to try to heal, it will be together, as a strong, unified force of all that is good in this world.

The City of Orlando has set up a fund for those who would like to help.

The purpose of the Fund is to provide a way to help respond to the needs of our community, now and in the time to come, after the effects of the Pulse nightclub tragedy.

The distribution of the funds will be administered by the Central Florida Foundation. The Foundation serves as the region’s community foundation and is home to more than 400 charitable funds.

To contribute to the OneOrlando Fund, please visit OneOrlando.org

Hello, I am Carson Helms and I am retired from the Tampa Police Dept., Tampa, FL. I was on the SWAT Team for 26.5 years and I was the operational supervisor/Sergeant for the last 16 years of my tenure. I have personally been actively involved in hundreds of SWAT operations and been in three SWAT related uses of deadly force. I am very experienced in SWAT operations, procedures and tactics. I am basing my below mentioned opinion only on the information I have seen on the FOX News coverage of the Orlando shootings.

Back when the school shooting occurred at Columbine High School on April 20, 1999, most Police Depts. changed how active shooter situations were handled. Before Columbine, officers would wait for back-up or the SWAT Team and then make entry. After Columbine the tactics were changed to immediately going to where the gun shots were coming from and neutralize/shoot/stop the threat as expeditiously as possible even without back-up. With that said; it appears that the officers in Orlando retreated after exchanging gun fire with the suspect. Apparently the officers could hear the suspect shooting other patrons of the club and they failed to continue their pursuit of him. Shortly after that the SWAT team arrived and they failed to make entry obviously leaving 49 gunshot victims wounded inside for 3 hours. I think we can assume that some of, if not a lot of the victims could have been saved had they received medical treatment within the golden hour.

As a SWAT operator for 26.5 years I cannot think of any reason why the Orlando SWAT Team would have failed to make immediately entry. Most SWAT Teams have ballistic body bunkers (shields) to protect them when they make entries.

I realize that there was some thought that there was possibly some explosives involved, but even with that possibility as a SWAT supervisor I could not stand by for 3 hours while people the police are supposed to protect died because the police think there could possibly be a bomb. The police put their safety before the victims of this incident.

The question I have is; what changed in the 3 hour period that caused the chief of police to change his mind and make entry? It appears that nothing significant changed and they realized they should have made entry and rescued the victims immediately when the first shot was fired. Had this been a classroom full of second graders dying from gunshot wounds would it have been handled differently?

Another point of concern I have is that the police used explosives to attempt a breach on the wall of the club. This apparently turned out to be a failure also because the charge was not heavy enough. Had they used enough explosives to accomplish the breach it is very likely that the debris (cinder block/concrete) from the wall would have seriously injured or killed the hostages inside in proximity of the blast. It would have basically been no different than setting off a bomb inside.

I think this chief made an extremely wrong decision when he did not have the SWAT Team make immediate entry which caused victims to bleed out and die. The reason I am bringing this to your attention is because what would prevent this chief from making this same decision under similar situations in the future. If he does not get constructive criticism for his poor decision why would he do it any different in the future should the same thing happen at Disney World or anywhere else?

I realize that I may not have all the facts of this incident and maybe there is a legitimate reason the chief
failed to take immediate action, but I can't think of one. I hope this matter will be look into. This can easily be accomplished by speaking with other SWAT team commanders and getting their opinions. It appears this chief is incompetent when making life and death decisions involving active SWAT operations. If the facts are as they appear, I am embarrassed, on how it was handled, as a former SWAT operator and supervisor.

Thank you for your time,

Carson Helms

Good Afternoon Mayor Dyer,

CFO Atwater has personally asked me to reach out to you about meeting with you briefly tomorrow evening or Friday morning about divisions within the Department of Financial Services that can assist in the wake of Sunday’s recent tragedy. Specifically he is referring to; Division of Funeral, Cemetery & Consumer Services for assistance with victim’s families, Division of Consumer Services for assistance with any insurance claims or questions, and the Division of State Fire Marshal should they be needed for any technical support or expertise. We understand that this is a chaotic time so any opportunity you might have to speak or meet with him while in the area would be greatly appreciated so that he can identify his leadership team in the area charged with assisting victims.

Dear Sirs,

Please find enclosed a letter of Mayor Eberhard van der Laan on behalf of all the citizens of Amsterdam.

Yours sincerely,
Dear Ms. Colau,

Thank you and the citizens of Barcelona for your kind words of support. Sunday was the most horrific day in the history of the City of Orlando. And yet, I am even more proud of our community because they came together, united to support the families and friends of the victims.

We learned of the heroic acts of our Orlando Police Department and other law enforcement, as well as our citizens as hundreds of lives were saved throughout the night. The medical personnel that saved so many lives that were transported to the hospital are heroes.

I am proud of how our City has responded to this tragedy and the dedication our City continues to show.

We will not be defined by the act of a cowardly hater. We will be defined by how we respond, how we treat each other.

Buddy Dyer
Mayor

Official Agenda Just Released!

Learn from the Experts in International Security Cooperation

Hon. Andrew Shapiro, former U.S. Assistant Secretary of State for Political Military Affairs
Major General Gordon B. Davis, Jr., U.S. Army, Commanding General, Combined Security Command - Afghanistan (CSTC-A)
Major General Daniel R. Ammerman, Commanding General, U.S. Army Civil Affairs and Psychological Operations Command
Jim Raycraft, Chair, Security Cooperation, Joint Staff J5, Pentagon
Colonel Sufian S.A. Alslaihat, Jordan Special Operations Forces Liaison to USSOCOM

IQPC is proud to announce its latest event in the Special Operations Series - International Security Cooperation Summit. In recent years, we’ve seen the uncertainty and conflict among regional state and non-state actors grow at an unprecedented rate, making the challenges of meeting security objectives increasingly interdependent with the relationships we have across this wide and diverse geographic region. At this three-day event, we will provide an in-depth look at
current and future requirements to build partner capacity, working within the framework of our multilateral, regional, and bilateral defense relations within the Central Region and much more.

For more information on our speakers and their sessions, download the full agenda, visit our website at [www.SecurityCooperationSummit.com](http://www.SecurityCooperationSummit.com), email [enquiryiqpc@iqpc.com](mailto:enquiryiqpc@iqpc.com) or call 1-800-882-8684.

To help you prepare for this event, we have put together the infographic:

Manatee County, FL is Hiring!
Located midway along the west coast of Florida, the county is bordered on the north by Hillsborough County and on the south by Sarasota County. Bradenton is the largest city in Manatee County with a population of 50,475 and serves as the county seat. The county's population has grown 20% to 333,880 in 2013. Manatee County has a diversified economic base with the three largest industry sectors being services, retail and manufacturing. The county also has a strong tourism and agricultural base.

Maricopa County, AZ is Hiring!
As Maricopa County's business environment becomes more complex, the Office of Enterprise Technology (OET) is often called upon to facilitate automation solutions that improve operational efficiency. The OET is Maricopa County's centralized IT organization which provides varying levels of IT services to over 50 county departments. Our professional staff helps guide the IT decisions made by County leaders in departments whose expertise is not information technology. Great career opportunities await!
Creating Gender Diversity Action Plans

Gender diversity is an important and admirable objective. However, it is not just a women's issue or one that requires consideration, debates, and discussion. Setting goals is also commendable but how do we achieve them? Gender diversity is a complex societal and economic issue. Gender diversity within organizations can only be successful if leaders... Mayor and team,

SBA is reaching out to Gov Scott’s office, as they can potentially get SBA Disaster Loans, even without a Presidential Emergency Declaration. The State of Florida has to apply, and below are the relevant websites/forms. Here is the COS contact info, and I’d urge you to work directly with SBA to make sure they get to a decision quickly. For example, Baltimore was not a Stafford Act Presidential Declaration, but did get SBA loans.

SBA Chief of Staff Nick Maduros
(202) 841-0989

Being named Red to Blue is a HUGE accomplishment! Making sure you had a chance to chip in for Jim!

--- Original Message ---

Friend,

The DCCC just named Jim Mowrer to our Red to Blue program!

The DCCC’s Red to Blue program supports Democrats running in the most competitive districts across the country who have proven they have what it takes to win. This is a big deal: only 31 candidates in the ENTIRE country made the list!

This distinction also means that Jim is running in a very competitive race, so Speaker Paul Ryan and corporate special interests will spend millions in dark money to beat him.

Jim is the right choice to turn Iowa’s 3rd district from red to blue, but we need your help to keep the momentum going. Will you chip in $5?

If you’ve saved your payment information with ActBlue Express, your donation will go through immediately:
Donate $5 immediately >>>
Donate $25 immediately >>>
Donate $75 immediately >>>
Donate $150 immediately >>>
Or donate another amount >>>

Jim is a combat veteran, a former Pentagon official, and a proud father of young children with a deep commitment to middle-class families and keeping Americans safe.

Further, he has already proven that he has what it takes to outraise Congressman Young, build a formidable grassroots organization, and provide effective leadership to the district.

Friend, I’m excited to roll up my sleeves and work with Jim to restore strong leadership to Iowa. Join me to help turn Iowa’s third district from red to blue!

Chip in: http://act.mowrerforiowa.com/RedtoBlue

Thanks,

Rep. Ben Ray Luján
DCCC Chairman

Jim Mowrer is running to represent Iowa’s 3rd district against Washington insider Congressman David Young.

- Jim was born and raised in Iowa, and spent his youth on his family’s farm. After his father died when he was just seven years old, he learned the importance of family, hard work, and a strong social safety net for survivors of loss.
- Jim is a proud Veteran of the Iraq war, and has dedicated his entire life to service of his country.
- This is one of the most competitive races in the country and one of the best chances for a Democratic pick-up in 2016.

This email was sent to: buddy.dyer@cityoforlando.net. If that is not your preferred email address, you can update your information here.

Dear Mayor and other city officials,

I am contacting you in regards to extending SunRail service for Sunday's Lake Eola vigil for the Pulse victims. According to the facebook event page ten's of thousands of people are planning to attend. This will cause parking and traffic to be absolute nightmare. I think having the train running would help with this a great deal. I understand that this is something you would have to approve and fund. I feel this would be a great service to our City to make it easier to get to a place where people can come together to find some peace. I know service was extended for the Dr. Phillips vigil and only about 45 people used it however no one was told about it until a few hours before and not on a wide scale. I believe if you get the word out now many people would use it. Also as a bonus I think it would draw in people who would never use it otherwise and open their eyes to its convenience and may in turn help with weekly usage. I hope you truly take this into consideration and Thank for your time.

Best Regards,
Gina King

Red Lobster friends. Thank you so much. The outpouring is beyond belief and so uplifting. Orlando is strong and unified. I will make sure our team is aware.....we are so appreciated!

On Jun 15, 2016 1:28 PM, "Lopdrup, Kim" <klopdrup@redlobster.com> wrote:

Dear Mayor Dyer and Frank,

Thank you for your leadership this week during the tragic events that touched our City. You and your team have done an incredible job helping the victims and families. While this news has impacted many of us, what's remarkable is the outpouring of support, kindness and collaboration that has resulted from the tragedy. I personally attended Monday’s vigil and was touched to see people rallying together to be One Orlando…one City…stronger…together.

Red Lobster, since our beginning, has been always been a place where anyone regardless of their background could pursue their professional dreams. And it’s more important than ever for private sector companies to come forward to support the City as we rebuild. Therefore, I am pleased to share Red Lobster and our owner, Golden Gate Capital, will support the OneOrlando Fund. Later this afternoon, we will donate $100,000 via Wire Transfer.

As always, we are proud to be your neighbors and supporters and are always here to help the City we call home.

Kind regards,

This is a rare gem to challenge the Islamic narrative where Dr. Sekaleshear and the Husseini Islamic Center call for the death of homosexuals. Working through the Orlando LGBT activist community would be a key element in exposing this hate and open calls for murder.

Do you have any contacts in the Orlando LGBT Community who be appalled at this dangerous anti LGBT hate speech and be willing to protest and/or attend this event?

[https://www.youtube.com/watch?v=VRRsCtJLTQo](https://www.youtube.com/watch?v=VRRsCtJLTQo) Go to 55:56 he condones the death sentence for Homosexuals.

57:45 "If they permeate society then the death sentence is given"
Then continue to listen to 1:02:05 and he further explains why the killing of homosexuals is good for the homosexual and for the Islamic society.

Not much time here - what do you think??
Major Muslim Terrorists Makes This Declaration To All Americans: We Are Coming After You, We Will Attack Florida And Slaughter Americans There

By Theodore Shoebat

ISIS Muslim terrorists released a statement on their plan to attack Florida, and even put ou...

------------------------------------------------------------------------------------------
------Previous warnings were given and ignored. They dropped the ball, again.

I called FBI two days ago and still no return from Orlando and sent this also to Orlando Police and also sent to media and FBI in Miami.

Now FBI wants input mentioned on 6/15/16.

Islamic Nazis want all ‘infidels' and 'crusaders' dead and are responsible for hundreds of thousands of deaths including killing gays as the Nazis also went after in the Holocaust to murder 7 million Jews.

Below is info sent to me and also to the authorities who ignored it. Now this tragedy and we are all expendable as a result.

Obama coming to Orlando, 6/16/16, to exploit Gays for his ‘gun control crap' while he covers and funds the very people screaming ‘Death to America' and ‘Death to Israel', is beyond comprehension....and we will address on Fri., which will be our 813 rally and over 2600 media since Oct. 2007.

Our Big Banner says: "Fight Terrorism Support Israel" and on this very spot on Dec. 30, 2008, 300 Muslims were screaming "Jews Into The Ovens" and we have been there ever since, as well as 32 times in front of the White House, In Jerusalem -4 times, UN-18 times, etc.

The extremely corrupt and cowardly Congress does a ‘one minute of silence’ about this mass murder, while these frauds refused to support gay rights on May 27, 2016 with the usual anti-gay witch hunt around the nation, telling ISIS etc. that Gays are second class and we don't care what you do with them and no different than the world turning a blind eye to the Holocaust with the very Arabs and Islamics aligned with Hitler to ‘Kill All Jews' and still are.

Obama and Hillary say the mUSLIM religion shouldn't be attacked, while they attack Judaism in demanding that Israel and Jerusalem be divided and given to the very Arabs who want Jews and Gays dead.
There is no New Testament or Koran without the Old Testament. Why are what is holy to Jews under Muslim control while Judaism is 2300 yrs. older than Islam.

I have been to 31 'death camps' in the Holocaust and did events at 13 of them. Since 1989, we have done nearly 1000 rallies/events and over 3600 media and will be at both national conventions.

I also led 'Hillarynow.com' from 2003 to 2008, did over 1000 media, went to 145 cities and put up with more abuse than possible for supporting her, while pleading for her to go with the grassroots. She went with the money instead and still is and never even said 'thank you for our efforts and answers.

As a registered Democrat, since May 2015, I have been to 30 cities and over 200 media to expose this fraud.

She and Bill betrayed all Gays who gave life and limb in their 'don't ask, don't tell' disaster that cost many lives.

Bill and Hillary's "Defense of Marriage' bill catered to the wing nuts and made our struggles even longer.

Bill, Hill nor Reagan funded nor treated AIDS as the emergency it is and cost 1 million American lives and 20 million others and 100 million infections.

Hillary takes monies from the very Islamic countries killing gays and supporting terrorism and abusing women.

The ONLY reason Hillary supports gays now is because we won the cultural war, we led in opposition to Anita Bryant and Jerry Falwell with this revolution and 39th Anniversary on Jan. 18, 1977 of world famous -'affectional and sexual preference ordinance' we passed and with our 4 elections campaign, making 'Gay' a global household word, getting millions out of the closet and thousands of groups formed and taking on Jimmy Carter and all the very awful religious groups denying our 'taxation with representation' rights they still do. Repeal of those rights were on June 7, 1977 and mass murder in Orlando on June 12, 2016. We passed i 1980, statewide the most radical 'Privacy Rights amendment' and went from a minority in '77 to a majority in 1980.

This movement for emotional and sexual liberation, which Dr. Alan Rockway and I pioneered and millions participated in, didn't take place in NY< LA< DC< SF, but in the Deep South which is Miami-Dade County and to ignore this is to negate all those who were with us from the beginning and what makes us the Holy Land of Gay Rights and if the roots are nurtured the blossoms will grow and over 40,000 media in a lifetime of activism, we have something to say whether the gay mafia like's it or not.

Gays in Orlando were informed about this Muslim threat and they also chose to ignore it. The same leadership that forgot us nationally, have played a very dangerous game with Obama and Hillary and we oppose.

I hope you'll document this with us. We've had enough of the lies from these Jihadists and those that support them.

Yours in Shalom,
Bob Kunst

IN APRIL WE WARNED ORLANDO THAT MUSLIM JIHAD ATTACKS AGAINST GAYS WAS INEVITABLE...

MUST WATCH 2 MIN REPORT!
...THE "INEVITABLE"
JUST HAPPENED

AS OF NOON ON SUNDAY JUNE 12, THE UNITED WEST INVESTIGATIVE TEAM
IS ON ITS WAY TO ORLANDO TO REPORT FROM THE SCENE.
PLEASE DONATE TO HELP COVER OUR COSTS OF THIS INVESTIGATIVE.

The United West investigative team uncovered a story so disturbing Field Sutton of Channel 9 news in Orlando, FL broke the story on their newscast.

The Husseini Islamic Center, 5211 Hester Ave, Sanford, FL 32773, invited Sheikh Farrokh Sekaleshfar to speak at their Mosque. Dr. Sekaleshfar says the killing of homosexuals is the compassionate thing to do.

In a 2013 speech Sheikh Sekaleshfar said this regarding gays, "Death is the sentence. We know there’s nothing to be embarrassed about this, death is the sentence...We have to have that compassion for people, with homosexuals, it’s the same, out of compassion, let's get rid of them now."

When Sheikh Sekaleshfar calls for the death of all homosexuals based on the tenets of Islam it can not be ignored, he is an expert on Shariah Islamiyya or Islamic Law.

Islamic Law also mandates a death sentence for blasphemers and apostates, does Sheikh Sekaleshfar and the Husseini Islamic Center Mosque advocate those legal rulings as well?

What’s equally disturbing is the response to this call for killing gays from Rev. Bryan Fulwider of the Interfaith Council of Central Florida. Rev. Fulwider said, "These issues around homosexuality and the decrying of it or denouncing of it by religion takes away, often, from our really important task of helping our community to be a better community...and wishes congregations would focus more on helping the homeless, poor , and abused instead of persecuting a group that can take care of itself."

This tepid response from Rev. Fulwider is problematic because he refuses to denounce the Husseini Islamic Center Mosque for promoting a speaker who calls for the murder of homosexuals. Rev. Fulwider can’t even say that calling for the murder of gays is wrong. Fulwider concludes by adding insult to injury, saying don’t worry about the gays they can take care of themselves.

Equally as troubling is the leadership at the Husseini Islamic Center Mosque in Sanford, FL never condemn or disagree with the words spoken by their speaker about the killing of gays - silence is consent.

It would appear the hatred of gays by The Westboro Baptist Church has been eclipsed by Sheikh Sekaleshfar and the Husseini Islamic Center Mosque of Sanford, FL. Both of these supposed places of worship should be stripped of their 501c3 status and relegated to the dustbin of history.

Dear Members and Community Partners,

In light of recent events, we have postponed our regular issue of *Tourism Matters*. As with you all, our thoughts, prayers and support continue to be with the victims and their families and friends.

We are in close contact with our members, partners and local leaders to keep you abreast of how we are responding as the official tourism organization for the destination.

Our primary focus is on supporting local authorities and elected officials as they respond to this tragic incident. The outpouring of support from across the globe, the robust efforts from law enforcement and our commitment to providing a safe environment to visitors gives us confidence that we will remain a beloved destination for visitors.

We appreciate your patience and flexibility through this event. Please reach out to us if there is any way we can be of assistance or support.

A portion of proceeds will go to local nonprofits to support the victims and families affected by the tragedy at Pulse.

FRIDAY the 17th
Meet at Town Park for a time of reflection and prayer followed with a silent walk around the community.
Frank

I have passed along the request FDOT, there may be a cost associated with it, specially when SunRail does not run on Sundays. It will be up to FDOT to cover the costs, FDOT will let me know soon.

There is a chance that FDOT may turn to the City to fund the service requested. I believe it is around $15K.

Let me know your thoughts.
I am contacting you in regards to extending SunRail service for Sunday's Lake Eola vigil for the Pulse victims. According to the facebook event page ten's of thousands of people are planning to attend. This will cause parking and traffic to be absolute nightmare. I think having the train running would help with this a great deal. I understand that this is something you would have to approve and fund. I feel this would be a great service to our City to make it easier to get to a place where people can come together to find some peace. I know service was extended for the Dr. Phillips vigil and only about 45 people used it however no one was told about it until a few hours before and not on a wide scale. I believe if you get the word out now many people would use it. Also as a bonus I think it would draw in people who would never use it otherwise and open their eyes to its convenience and may in turn help with weekly usage. I hope you truly take this into consideration and Thank for your time.

Best Regards,

Hi. I am having trouble having complete information compiled and retained in my report of my gay bashing on May 28, 2016. Officers told me they interviewed everyone and took names. This is not true. When I finally talked to a detective yesterday and stated I was ready to use my vast entertainment connections to bring light to the situation the detective stated I was threatening him. How is using my emmys from sesame street a threat? And yes I found this offensive and threatening to me. I hope to hear from you to further discuss this matter.

Thank you,

Hon. Buddy Dyer
City of Orlando
City Hall 400 South
Orange Avenue
Orlando, Florida 32802

Dear Mayor:

The recent shooting in the City of Orlando, Florida at the Gay Club is a very sad tragedy in the history of the United States of America, and our World.

This Florida State Commemorative Postage Design depicts a young Child with a "Tear Drop" running down the side of this Child's face, and displaying with the color's of this stamp are, Purple, White, Black, and Yellow.

This Florida State Commemorative Postage Design represents the best of the Citizens of Orlando during a very difficult time in United States History along with Families and friends who have lost loved one's during this tragic event in Orlando, Florida.

The Purple represents loyalty and Valor regarding Orlando Police, the Citizen's of Orlando, Paramedics, Fire Department, Doctors and Nurses, and City of Orlando, Florida. The Black represents the lost of life and the rebuilding of Orlando City.

Yellow represents healing and confidence in the future, and the rebuilding of trust within the Community of Orlando, Florida and our Nation.

On the face of this Florida Commemorative Postage Design are the remarks of the Late US Senator Robert Francis Kennedy, "What we need in the United States is not division; And what we need in the United States is not hatred, violence or lawlessness."

I will be forwarding this Florida State Commemorative Postage Design to the United States Postmaster General for consideration as a Florida State Commemorative Postage Stamp.

Respectfully yours,

Rex Davenport
US Postage Designer
Dear Ms. Davis,

Thank you for your kind words of support and your offer of assistance. Please visit our website at www.cityoforlando.net and click on “OrlandoUnited# Want to help?” and simply complete the form.

Subject: Our Community's Hearts and Prayers Are with Pulse Nightclub Shooting Victims and Their Families

This morning our community, and our nation, experienced a horrific crime. Our hearts and prayers are with the victims and their families.

We are dealing with a tragedy that we never could have imagined. What happened this morning in our city could have happened in any community in the country. President Barack Obama has provided the support of the federal government, and Governor Rick Scott accepted my request for a state of emergency in the City. This allows us to bring in additional resources to support our efforts.

We are focused on identifying the victims and notifying their families. Law enforcement is working the scene as efficiently and diligently as possible while being respectful to the remains of the deceased. The names of the victims after their next of kin have been notified are being added to cityoforlando.net/victims.

I am proud of how our community has responded to this tragedy. Our dedicated first responders and hospital staff deserve our thanks. Their actions have saved many lives. And today many residents donated blood to help the victims and joined one another to lend support.

We have set up a hotline for family members of the victims: 407.246.4357. Aspire Health has also offered grief counselors through the Zebra Coalition who can be reached at 407.228.1448.

We understand our community is grieving and that vigils are being planned but please hold off on vigils - they represent a serious strain on our limited City and public safety resources, which we need to dedicate to law enforcement and victims.

If you are seeking a location to leave memorial items, please use the green space in front of the Dr. Phillips Center for the Performing Arts in Downtown Orlando.

Despite the fact that this crime will have a lasting effect on our city and country, Orlando is a strong community. We will be grieving together in the upcoming days, weeks and months. We need to support each other and love each other. This tragedy will not define us, but will bring us together.

- Buddy Dyer, Mayor

This message was sent to nandavis8000@att.net from:
Dear President, Governor, Attorney General, Senators, and every other being that can institute change,

The happiest place on Earth no longer is. The sunshine state is dark and stormy. I implore you to act…and react…appropriately…and immediately. It’s not going to change what’s happened. It will change what can happen moving forward. It won’t affect anyone adversely. In fact…it will strengthen each of us…individually…and as a whole. While there’s so much that you can’t do…there’s also much that you can’t not do. Please…now is the time to right some wrongs that should never have been the way they are.

Hate crimes are acts of terrorism. Terrorist attacks are hate crimes. Semantics don’t change things. Societies change things. Leaders change things…or so they should. Fake tears and empty promises are not the answers. Change is the answer. Understanding…respect…compassion…and equality are what will unite us and make us stronger…and better. Moments of silence are a wonderful show of respect…when they’re accompanied by actions. Silence alone equals death. Prayer is great for those that rely on it…but really…doesn’t work on its own. If prayer were the sole answer…we wouldn’t need politicians…or law enforcement…or doctors…or most professionals we’ve come to count on. We could just pray that folks pay their taxes…or that they don’t speed…or don’t kill…or that we don’t get sick. It’s safe to say that we surely can’t count on that alone.

It’s time to treat every citizen of these United States with nothing less than the utmost dignity and respect. We are all equal…and all equally as important. To allow anyone to feel less than whole is deplorable. It makes you a terrorist…and a hater…in some way. It’s unacceptable…and un-American.

Your words…and your actions…are two completely different things. Your absence of words is probably the most vocal statement. If you don’t treat everyone in your state…in your country…with honor and dignity and respect…to think anyone else should or would is completely absurd. Lead by example.

You’re more than welcome to have different thoughts…beliefs…and opinions. To silence others that are entitled to the exact same rights and respect is immoral and unconscionable…and should be illegal. Now is the time to do the right thing…something that should have been done long ago. Your neighbors are watching. The world is watching.
Without question or hesitation…you need to immediately protect all citizens equally. There is no longer any argument in your favor. In fact…there never really was. The only thing that has changed…is there is now just a great deal more showing how dangerous the hateful and discriminatory laws you defend can be.

I implore you to protect every citizen of the state of Florida equally. As you are too aware…it is illegal to discriminate against someone based on race, religion, age, color, national origin, handicap, marital status, or sex. However…it’s perfectly legal to discriminate against someone based on sexual orientation.

With the horrific events that just took place…whether it was a hate crime or a terrorist attack…the laws put in place to protect…actually do not. Sunday’s massacre is a perfect example. Someone could have been fortunate enough to escape the carnage…and been filmed leaving the club…and been interviewed by law enforcement to try and make some sense of the unimaginable. When they return to work…they can be fired solely for being gay. Of course…the massacre didn’t need to take place for any of that to happen. Someone could legally get married on any given weekend…and get fired for having a photo on their desk of the joyous occasion or the happy couple. If an employer really wants to fire an employee just because they’re gay…they can certainly come up with a justifiable reason to get away with it. However…with the archaic laws currently on the books…they don’t have to come up with an alternate reason. Being gay is more than enough. That discrimination spills over to housing…hospitality…and countless other basic human comforts.

To state that sixty-something percent of the state wants it that way is absurd. It’s really not their call. The minority will always be the minority…at least until that minority becomes the majority. Putting basic civil rights in the hands of the people is dangerous. Perhaps folks would vote to take rights away from divorcees…or heavy folks…or blonds…or anyone that isn’t just like them. Theoretically…it can happen. If and when it does…there’s no way to cry foul…or have a do-over.

Imagine if law-abiding tax-paying couples…together forever…were not able get married…and have a few of the protections others seem to take for granted. If a couple was out on that dreaded evening…and one ended up in the hospital…and the morgue…the other couldn’t make decisions…or just get information. That is a frightening thought…but an incredibly real one. Of course…although folks gave in…barely…while kicking and screaming…while a partner now has the right to make those tough calls…they now have to deal with issues such as losing their jobs…or their homes…which really should never be issues at all.

A pastor protection act was quickly signed in to law this spring…perhaps so quickly because it was already law. Sadly for many government officials…it wasn’t worded more harshly…as repeatedly attempted. There was absolutely no reason for this to be created…heard…or signed. It was just to give one more screw you to folks that have to so desperately and diligently fight for what most others are just handed…and take quite for granted. As is always the case…eventually right prevails. Love wins.

We don’t have to like each other. We shouldn’t all be the same. We don’t have to agree on things…not on any thing at all. In fact…conflict…and communication…are what bring about change rather than staying stuck in a time and a place that may not really be as good as we’d like to believe it is…or was.
Change is frightening to many. Folks get caught up in their comfort zones. The only thing scarier than change is the lack of it. Imagine life without it…or try to. It’s actually quite unimaginable. Complacency is unhealthy…and dangerous. Perhaps this tragedy will bring that change. Hate…in many ways…has been right here long before outside forces brought it into our world.

Energy can neither be created nor destroyed. For every action there is an equal and opposite reaction. Let’s take the hate and destruction others have shown us and turn it in to love and compassion.

Again…the world is watching. It’s time to shine. For once…and for all…you need to do the right thing. It really is that simple. There’s absolutely no reason at all…justifiable or otherwise…to not insure equal rights for all. You’ve promised to do just that. I do my part. We all do ours. Do yours. Honor…respect…and protect each and every one of us. The world is showing their support. You must support us as well. Just…do it.

Fondly…with an incredibly heavy heart, I remain,

Yours truly,

Steven LoBosco-Hammer

I have announced the formation of the OneOrlando Fund. The purpose of the Fund is to provide a way to help respond to the needs of our community, now and in the time to come, after the effects of the Pulse nightclub tragedy.
The distribution of the funds will be administered by the Central Florida Foundation. The Foundation serves as the region’s community foundation and is home to more than 400 charitable funds. The Fund will support:

- Nonprofits that are supporting the victims and families
- The LGBTQ, Hispanic, faith and other affected communities
- Underlying causes of this tragic event
- Other needs we cannot anticipate until we face them

The OneOrlando Fund is a project of Strengthen Orlando, Inc., a 501(c)(3) nonprofit corporation created for the purpose of supporting and starting projects to strengthen the Orlando community. The outpouring of support from our City partners has already begun:

- Walt Disney Company $1,000,000
  - In addition, eligible donations from Disney employees will be matched dollar for dollar by Disney Employee Matching Gifts: A Program of The Walt Disney Company Foundation
Darden Restaurants $500,000
The Orlando Magic $100,000

To: Buddy Dyer <buoy.dyer@cityoforlando.net>

The Honorable Buddy Dyer
City of Orlando

Dear Mayor Buddy Dyer:

On behalf of the Florida Department of Transportation (FDOT), the Center for Urban Transportation Research (CUTR) at the University of South Florida is conducting a statewide Customer Satisfaction Survey of government officials to assess their level of satisfaction with Florida’s State Transportation System and FDOT’s outreach to your government unit. The collected information will help FDOT identify opportunities for improvement. For this survey to be successful, we need your help.

In the coming days, you will receive an email containing the survey link. Your prompt response to the survey is important, as only selected people were invited to participate in this research. Please find a letter from FDOT Secretary Jim Boxold encouraging you to participate here.

Please watch for the survey and complete it as soon as possible. If you think someone other than you should be contacted to complete this survey, please click the following link.

Contact Information for 2016 Florida Government Officials Survey

Or copy and paste the URL below into your internet browser:
https://usf.az1.qualtrics.com/SE?Q_DL=81RCYcKYLR3fHYV_0fBP3QAJPfgyUd_MLRP_1RLf3dLg7aQGwLz&Q_CHL=email

If you have any questions, please feel free to contact us at FDOTsurvey@usf.edu. We appreciate your participation and look forward to receiving your responses.

Sincerely,

Dennis Hinebaugh
Interim Executive Director
Mayor Dyer -
I have the honor of serving as the Board Chairman of the Winter Park Health Foundation. We had a Trustees meeting late this afternoon and approved making a $100,000 contribution to the OneOrlando Fund.

Dear Mayor Dyer,

Thank you for your support during this horrific event. Please know that all of your efforts are appreciated.

We are so stressed out trying to complete the funeral arrangements for my niece, Kimberly “KJ” Morris.

I have seen your newly established Family Assistance Center today on the news, but there are no phone numbers for support. When I call the advocates office they say we must drive all the way into downtown, from Kissimmee, in 95 degree heat for 1-1/2 hours on I-4 to stand in line at Camping World Arena to get questions answered! That’s simply not reasonable, nor possible. It’s outrageous in my opinion. My sister in law, Kimberly’s mother, is not well, the funeral is supposed to be tomorrow, we can’t possibly be expected to endure driving over there for support. We can’t get access to any of the donated funds to use, which we need immediately for additional expenses that are burdening us. The funeral home billing has become an issue, to the point that at 5pm today they called to say they would cancelled the funeral for tomorrow, saying that we would have to pay the entire bill! We went there on Monday to secure the funeral arrangements, so why the billing issue now? Until a ½ hour ago, we thought that all of our planning for the funeral was going to be cancelled! This is an emergency with the funeral home billing, and hopefully someone from the Attorney General’s office will be returning my call soon. There has been no guidance on paperwork, nor the ability to complete papers online. Surely there must be forms or paperwork that needed to be completed, but we have not been given any direction in that regard, only a business card for the Victim’s Advocate that came to the house to confirm her death. This is very stressful and confusing.

PLEASE establish a phone and e-mail with online access to the assistance center, so we are not burdened with more challenges during this difficult time. I had to cry and BEG the Victim Services hotline for 10 minutes to even get the phone number of 407-246-4357, and still that person can’t actually give guidance nor solve our problem. Thankfully she said she would contact the Attorney General’s office on our behalf, but it’s after hours now, and I doubt that anyone will reach out to us tonight. They just kept telling me to get into the car and drive! The technology and communications needs to be expanded to meet the urgent needs of the victim’s families of this tragic event.

Thank you kindly for caring about us and listening to our problems today. We are looking forward to laying her to rest, in peace.

Dear Honorable Mayor:

In light of the Orlando tragedy that occurred on June 11, we hope you are aware that from August 30 to September 5, there will be a convergence of more than 375 gay men taking place at the Wyndham Resort Hotel on 8001 International Drive, Orlando.

This is a social event that has been in the planning stages since last year.

According the sponsors’ website, there will be men attending from all over the United States as well as many foreign countries including France, UK, Portugal, Canada, Switzerland, Brazil, Trinidad, Netherlands, and Saudi Arabia.

We would like rest assured that your office in concert with the Orlando Police department and the Wyndham Hotel will be working assiduously to ensure the security of those attending as well as other guests, hotel employees, and residents and tourists in the local area.

We wish also to ensure that our concerns are well documented early enough and have been shared with as many public officials as possible.

Here is the link to this event with all the details as well as info and profiles of those attending:

www.orlandoconvergence.com

The sponsors of the event can be contacted at: paul@orlandoconvergence.com

Respectfully submitted,

Subject: Our Community's Hearts and Prayers Are with Pulse Nightclub Shooting Victims and Their Families

This morning our community, and our nation, experienced a horrific crime. Our hearts and prayers are with the victims and their families.

We are dealing with a tragedy that we never could have imagined. What happened this morning in our city could have happened in any community in the country. President Barack Obama has provided the support of the federal government, and Governor Rick Scott accepted my request for a state of emergency in the City. This allows us to bring in additional resources to support our efforts.

We are focused on identifying the victims and notifying their families. Law enforcement is working the scene as efficiently and diligently as possible while being respectful to the remains of the deceased. The names of the victims after their next of kin have been notified are being added to cityoforlando.net/victims.

I am proud of how our community has responded to this tragedy. Our dedicated first responders and hospital staff deserve our thanks. Their actions have saved many lives. And today many residents donated blood to help the victims and joined one another to lend support.

We have set up a hotline for family members of the victims: 407.246.4357. Aspire Health has also offered grief counselors through the Zebra Coalition who can be reached at 407.228.1448.
We understand our community is grieving and that vigils are being planned but please hold off on vigils - they represent a serious strain on our limited City and public safety resources, which we need to dedicate to law enforcement and victims.

If you are seeking a location to leave memorial items, please use the green space in front of the Dr. Phillips Center for the Performing Arts in Downtown Orlando.

Despite the fact that this crime will have a lasting effect on our city and country, Orlando is a strong community. We will be grieving together in the upcoming days, weeks and months. We need to support each other and love each other. This tragedy will not define us, but will bring us together.

- Buddy Dyer, Mayor

Dear David,

Thank you for your kind words of support and your offer of assistance. Please visit our website at www.cityoforlando.net and click on “OrlandoUnited# Want to help?” and simply complete the form.

Sunday was the most horrific day in the history of the City of Orlando. And yet, today I am even more proud of our community because they came together, united to support the families and friends of the victims.

We learned of the heroic acts of our Orlando Police Department and other law enforcement, as well as our citizens as hundreds of lives were saved throughout the night. The medical personnel that saved so many lives that were transported to the hospital are heroes.

I am proud of how our City has responded to this tragedy and the dedication our City continues to show.

We will not be defined by the act of a cowardly hater. We will be defined by how we respond, how we treat each other.

Dear Sir,

We have just returned from a family visit to Europe.

After a trans-Atlantic, and arriving with a few kids, the last thing folks need is more hurdles between them and their bed.
Someone has decided we need a pre-Immigration check for US citizens.
If you are a US passport holder you have to line up to gain access to a computer terminal, which asks a few questions, scans your passport, and then takes your picture after adjusting it's height to equal your height. It prints out the results on a piece of thermal paper, you put in your passport and after lining up to go through the real Immigration control, you surrender the piece of paper.
Our friends from Finland, travelling with us, were fed up waiting for us by the time we got through to baggage.

Sincerely

Allan

To: Buddy <buddy.dyer@cityoforlando.net>

Join us for a Community Luncheon to welcome and celebrate our newest community leader to the Central Florida Region
Edward Johnson
CEO of Central Florida Regional Transportation Authority (LYNX)

Wednesday, July 13, 2016
11:45 a.m. – 1:30 p.m.
Orlando Regional Chamber of Commerce Building
75 South Ivanhoe Boulevard • Downtown Orlando
Complimentary Event • Limited Seating • Reservations Required

Click for Map

Hoping You’ll Attend
We are pleased to invite you to a Community Luncheon honoring Edward Johnson, in celebration of his new leadership role as CEO of Central Florida Regional Transportation Authority (LYNX); wanting to extend our hand of friendship to welcome him to our business community. This is an intimate gathering where you’ll be able to reinforce relationships and initiate new friendships with colleagues. All in attendance will have the opportunity to personally greet our honored guest and to individually welcome him to our family of communities. Because of you, it’s going to be a great luncheon of fellowship in a setting that supports regional collaboration.

About Edward Johnson
As CEO of the Central Florida Regional Transportation Authority (LYNX), Johnson has more than 20 years’ experience in the transportation industry including 13 prior years with LYNX. During his previous tenure at LYNX, he served as the interim CEO, GM, CAO, Chief of Staff and the Manager of Operations Support/Development. Previously, he was the Chief Administrative Officer (CAO) for the Metropolitan Atlanta Rapid Transit Authority (MARTA). Johnson earned his bachelor’s and master’s degrees from Jacksonville State University in Alabama. He also is a graduate of the Eno Transportation Executive Leadership Program, Leadership Orlando and served in the U.S. Army Reserves as an infantry platoon leader.

Act Now to Reserve Your Seat!
Since space is limited, we encourage you to act immediately when it comes to your registration. Once again, although there is no fee to attend, reservations are required. To RSVP, please contact Nancy Graham at Nancy.Graham@IdeasToResults.org or by phone at 407.835.2535.

Central Florida’s Priorities are Our Priorities
The Central Florida Partnership is a collaborative of business and civic leaders committed to building a better tomorrow for Central Florida’s seven counties - Brevard, Lake, Orange, Osceola, Polk, Seminole and Volusia.
Harry...this is wonderful! The community response is heartwarming and inspiring

Dear Mayor- these transportation drivers from various companies are totally taking over this park. It's no longer an enjoyable relaxing park to go to for exercise or recreation as these drivers loiter and gaw at you when you are working out. They completely take over bathrooms, pavilions, parking areas etc. Even washing their cars,,please try and correct this nuisance.

Thank You,

Javier J.
Dear VISHAKHA,

Once again our hearts are aching for the innocent victims of a senseless gun slaughter, this time in Orlando.

Americans overwhelmingly support common-sense gun safety measures like blocking gun sales to suspected terrorists, and reinstating the assault weapon ban. But the NRA continues to oppose any gun restrictions and the entire Republican Party blindly follows the NRA.

It's time to end this. Please join our friends at CREDO Action in urging Congress to take immediate steps to end gun slaughter.

Thanks for all you do!

Bob Fertik

Gun control now: Congress must ban assault weapons

Tell Republicans in Congress:
"It's time to put your constituents before the NRA. Bring a real gun control legislation package, which includes a ban on assault weapons, to the floor of the House and the Senate."

Add your name:

Sign the petition

Dear Friend,
Another horrific mass shooting happened yesterday, leaving at least 50 dead and 50 more wounded at an LGBT club in Orlando.

As the death toll from the tragedy in Orlando continued to mount, Republican politicians were quick to offer their prayers and condolences to the families and friends of the victims.

Coming from politicians who not only refuse to act to reduce gun violence, but who also foster and promote anti-LGBT bigotry and hate through their words, their party platform and their legislative actions, those “thoughts and prayers” don’t mean much.

Breaking the NRA's chokehold on Congress will require massive grassroots pressure on our elected officials, demanding they deliver more than thoughts and prayers in the face of our epidemic of gun violence. Can you add your voice today to tell Republican leaders to vote on a meaningful package of gun control reforms, including an assault weapons ban?

Tell Republicans in Congress: "Thoughts and prayers" are not enough. We need real gun control. Click here to sign the petition.

Republican members of Congress respond to gun tragedies while they're in the news. But, they don't take responsibility for how their actions, and inaction, lay the groundwork for hate crimes and gun violence, nor do they take action to prevent these tragedies from happening again. Instead, they offer up either fleeting sentiments or xenophobic and racist policies.

They need to pass real gun control now, including:

- Closing the terror gap by allowing the Department of Justice to block guns sales to anyone on the terror watch list. Between 2004 and 2014, more than 2,000 people on the list purchased guns in the U.S.²
- Closing the loophole that allows people to buy guns without undergoing background checks through private sales, at gun shows and online. An estimated 40 percent of all firearms transferred in the U.S. are transferred by unlicensed individuals not required to conduct background checks on buyers.³
- Banning convicted domestic abusers and stalkers from buying guns. Abused women are five times more likely to be killed by their abuser if that individual has access to a firearm.⁴
- Prohibiting the manufacture and sale of assault weapons and “large capacity” magazines for civilian use.

In 2014 alone, the gun lobby spent over $30 million on political advertising and lobbying to influence legislators in Congress and state capitals across the country.⁵ If Republicans really want to protect Americans, they need to break their blind allegiance to the NRA and pass gun control legislation. But they’ll never act unless we force them. Can you add your voice today?

Tell Republicans in Congress: It’s time to pass real gun control legislation. Click here to sign the petition.

When Republicans disagree with advances in women’s rights, LGBT rights, or civil rights, they don’t just offer their thoughts and prayers, they push legislation. In just the last year,
Republicans in Congress and in state legislatures across the country have worked to make abortion impossible to access, to discriminate against LGBT people, and to take away voting rights. At the same time, they have aggressively pushed the NRA's agenda to weaken gun laws, from campus carry to permitless carry to stand your ground.

If all Republicans can offer after this weekend's massacre are their thoughts and prayers, or misguided scapegoating of Muslim communities that plays into their base's racism and xenophobia, that speaks volumes. It shows that current Republican leaders in Congress lack the care, or courage, to act.

Tell Republicans in Congress: "Thoughts and prayers" are not enough. We need real gun control. Click the link below to sign the petition:

TO:

The Honorable Mr. Buddy Dyer;

We believe that your City Council should vote to supply cemetery plots and burial expenses for Pulse victims. We and fellow Americans would be willing to donate funds to erect a memorial in the Orlando Cemetery to honor and remember our fellow Americans. You could create a commemorative site that would be as frequently visited as Arlington Cemetery and the memorials for fallen World War II and Vietnam military. After all, our U.S. flags are at half-mast. We are in mourning. We need a permanent memorial to remind us that this should never happen again.

Legislation such as this would support your legacy and your call for voices of love and reason at this time. And it would provide an opportunity for Orlando’s citizens to acknowledge the loss that all Americans are now experiencing.

We are aware of the OneOrlando Fund. It does not yet support the creation of the kind of legacy that we have suggested here.

Sincerely,

William Haut
Robert Hopkins
Mr. Mayor

I am writing as an outsider looking in I have seen and have read about the horrible tragedy that happen in your wonderful city. My heart goes out to all the wonderful people and sorrow for there loses. I have a suggestion that might shed a little light of hope for them and help them heal and forget for awhile .I know all to well as a Vietnam veteran what sorrow and pain is all about. My suggestion is why don't you talk to Disney world and the other wonderful theme parks around Orlando and have the open up there hearts and doors to all the people that are suffering and let them in for free. To help them forget just for a while and really show just how much there loved and how there willing to help them forget and heal even if its is for a short time.

My other suggestion is have the great people of Orlando have a concert for them with name bands and singer to preform for them free of charge. This would help start the healing that is so much needed

I use to work and live in Orlando when Ben White Raceway was open there I learned what a wonderful city of Orlando is and just how wonderful and kind the people of the great city can be

Respectfully yours

Dale DeWolfe
Celeste,

I also received this from Lt. Young. CID is currently working on this investigation. Lt. Young has reached out to him to explain the process and he just refuses to accept the process of the investigation.

Dear Mayor Dyer,

As your neighbor in New Smyrna Beach, first let me say how sorry I am about the recent tragedy at Pulse nightclub. Like many other Central Florida citizens, I have watched hours and hours of news coverage and prayed a lot of prayers for the survivors, the families of victims, the surgeons and the first responders. As a former Altamonte Springs resident, I know Orlando, its businesses, parks, roadways and people very well. The impact of Orlando's tragedy spans far beyond your city's borders.

I'm hearing news coverage now about this crazy, right-wing extremist group of Christians from Kansas who are threatening to come to Orlando and protest against gay people during memorial services.

I suppose they have the right to protest -- the right to free speech -- but what if you got a marching band or some kind of chorus to surround them during these services and drown out their ridiculous and heartless accusations? These people are despicable! Real Christians love. They are every bit as radical and extreme as the killers who carry out their missions in the name of Islam.

I hope you can figure out something. The families have already been through enough. Maybe a wall of horns would never let the blather of these extremists reach the ears of those who have lost so much.

Best wishes,

Lisa Mickey

The Honorable Buddy Dyer
Mayor, City of Orlando

Dear Mayor Dyer:

On behalf of the Export-Import Bank of the United States (EXIM), I am delighted to join you at the 84th Annual Meeting of the U.S. Conference of Mayors in Indianapolis. I will be speaking at the Metro Exports and Ports Task Force Meeting on Friday, June 24th, at 2:30 p.m. at the JW Marriott Hotel. I hope you are able to attend this discussion to learn how EXIM can empower exporters and support job growth in your city. In the lead up to this meeting, I invite you to visit our interactive map to see how EXIM supports exporters in and around your city.

EXIM Bank is the official export credit agency of the United States. When private sector lenders are unable or unwilling to provide financing, EXIM fills in the gap for American businesses by equipping them with the financing tools necessary to compete for global sales. In doing so, the Bank levels the playing field for U.S. goods and services going up against foreign competition in overseas markets, so that American companies can create more good-paying American jobs.

In fiscal year 2015, EXIM supported 109,000 U.S. jobs by way of approximately $17 billion in export finance authorizations. EXIM empowers U.S. exporters of all sizes to succeed in a global economy, with nearly 90 percent of EXIM transactions directly benefitting small businesses.
However, EXIM is currently unable to act on more than $20 billion worth of transactions that require approval from its Board of Directors. Without a Board quorum, EXIM is unable to approve medium- and long-term transactions over $10 million. In January, President Obama nominated J. Mark McWatters to serve on EXIM’s bipartisan Board. Until the Senate confirms his nomination, American exporters of all sizes will continue to face real barriers when competing in foreign markets. Despite these challenges, EXIM remains committed to working with local exporters nationwide to support U.S. jobs.

American companies produce some of the highest quality, most innovative goods and services in the world—and thousands of those companies count on EXIM financing to effectively compete in global markets. I look forward to working with you so that we can continue to support more American exporters and more quality American jobs.

If you have any questions concerning EXIM’s programs and policies, please do not hesitate to contact me directly at (202) 565-3500, or Lee Stewart, Director of Intergovernmental Affairs, at (202) 565-3773.

Sincerely,

Fred P. Hochberg
Buddy,

I would like to set up a meeting to discuss my plans for this music festival in Orlando 2018. Perhaps you could let me know how I could go about doing that. We expect over 125,000 people over the course of the three days. It is currently in the design stage and we are looking to finalize the land arrangements shortly.

Best Regards
Tom Cromer

Tom,  
Thank you very much for your generosity. We are grateful for people like you!

Buddy Dyer  
Mayor

I have announced the formation of the OneOrlando Fund. The purpose of the Fund is to provide a way to help respond to the needs of our community, now and in the time to come, after the effects of the Pulse nightclub tragedy.
The distribution of the funds will be administered by the Central Florida Foundation. The Foundation serves as the region’s community foundation and is home to more than 400 charitable funds. The Fund will support:

- Nonprofits that are supporting the victims and families
- The LGBTQ, Hispanic, faith and other affected communities
- Underlying causes of this tragic event
- Other needs we cannot anticipate until we face them

The OneOrlando Fund is a project of Strengthen Orlando, Inc., a 501(c)(3) nonprofit corporation created for the purpose of supporting and starting projects to strengthen the Orlando community. The outpouring of support from our City partners has already begun:

- Walt Disney Company $1,000,000
  - In addition, eligible donations from Disney employees will be matched dollar for dollar by Disney Employee Matching Gifts: A Program of The Walt Disney Company Foundation
- Darden Restaurants $500,000
- The Orlando Magic $100,000
- JetBlue $100,000
- Mears $50,000

To contribute to the OneOrlando Fund, please visit OneOrlando.org.
Checks may be made payable to OneOrlando Fund and sent to:
OneOrlando
PO Box 4990
Orlando, FL 32802-4990
For information regarding the OneOrlando Fund or to make a wire transfer, please contact info@oneorlando.org.
#OrlandoUnited

Sincerely,
Buddy Dyer
Mayor
Thanks Kristopher!...The City Team is honored to serve the wonderful citizens of Orlando. Rest assured, the safety of the public remains our highest priority and we will continue to work to be worthy stewards of the public trust.

As a resident of Solaire at the Plaza, I am proud of the collaborative partnership between Solaire and the City.

Please advise if we may be of any assistance.

Best,

TC

To our esteemed Mayor Buddy Dyer,

From all of us at the Solaire at the Plaza, we want to express our sincerest gratitude for everything that you have done to bond the community together in this time of sadness. And though Orlando has been impacted by this senseless and painful loss, you have lead the City to unite strong. We have sent out regular community updates of your Commissions’ collective efforts and the numerous grief help sources offered by the City (attached). The residents have donated to the OneOrlando Fund and the #OrlandoStrong GoFundMe accounts.

The Solaire at the Plaza has joined with the City of Orlando in changing our lights in tribute to those precious lives lost and also in honor of Orlando our City Beautiful.

If there is anything that we can do, please will you let us know?

Thank you. We love you and appreciate you!
Orlando Strong! Orlando United!

Mayor
Thank you for your kind and caring comments everyone. Here is your requested update:

**Equality Florida plans a vigil on the lawn of the Dr. Phillips Center for the Performing Arts tonight at 7 p.m. in honor of victims of the shooting.**

Equality Florida said in a news release that "the Mayor and City of Orlando have authorized a vigil at the (Dr. Phillips) Plaza. Equality Florida has been working closely with the city and federal government to ensure this will be a safe event for those who come out to mourn the victims of the horrific mass shooting at Pulse Nightclub."

A fundraising website for Equality Florida neared $1.5 million, toward a goal of $2 million, on Monday morning on GoFundMe.com. A similar effort on GoFundMe for The Center Orlando neared $200,000 toward a goal of $250,000.

"We are overwhelmed and amazed at how everyone, gay and straight, has responded," said Galen Hertzell, who chairs The Center's annual fundraising event -- which was supposed to take place this Friday, but has been postponed to focus on the community response to the shooting.

A national restaurant chain donated a large refrigeration truck to hold food and other items for The Center. On Sunday many people also brought in fans. The Center was crowded and warm throughout the day Sunday with hundreds of people coming through and a large news conference.

Dozens of counselors were standing by at The Center. The local information hotline, manned by the not-for-profit Zebra Coalition, is at 407-228-1446.

The House of Health, a massage business next to The Center, was donating massage services for a day, for Center volunteers and others The Center referred to them.
The Mental Health Association of Central Florida was posting its website a referral form for those needing counseling. Its Facebook page also contains a list of local agencies that are offering counseling, including the UCF Crisis and Psychological Services office.

Hello, Mayor Dyer,

I am a 63 years young openly gay Puerto Rican man who is serving as a Republican Councilman in the Borough of Chatham, New Jersey. I am retired and live on a fixed income; however, my check is in the mail for the OneOrlando Fund.

I write as a member of the LGBT community to first, express my deepest condolences to the friends and families and the entire City of Orlando over their terrible and needless loss of their loved ones. I lost my brother in 1987 at the age of 19 and know how much that hurt and hurts to this day. I can’t even begin to imagine how families and friends must feel when their loved ones go out for a night of fun and never return, struck down at the beginning of their lives. May God grant the victims eternal rest and may God comfort those who mourn.

I also write to commend your incredibly strong and compassionate leadership during such a terrible crisis. My boss at Dun & Bradstreet had a saying: “Managers will manage a crisis; but, leaders will inspire during a crisis”. Mayor Dyer, you inspired. You mixed an appropriate sense of loss, grief and, at the same time, resolve, that this tragic event would not define Orlando. You brought the community together- black and white, Latino and Asian, straight and LGBT. Never once did I hear you say “49 gay and lesbians were killed”. Instead, you always referred to them as 49 of our American citizens were massacred. The fact that you referred to us as American Citizens did not go unnoticed in the LGBT community. Despite the tragic loss, you have come away a hero. You marshalled the resources, pushed obstacles out of the way and made things happen. I was impressed by Gov. Scott who was there; but, did not feel he had to “hog the spotlight”. He knew who had the situation under control. You had a Sheriff who was “grace under enormous pressure”. Your actions truly impressed the Nation and all I want to do on behalf of New Jersey’s LGBT Community is say “THANK YOU”.

With kind regards,

Len Resto

Councilman
Chatham Borough

Hello Mr Dyer,

My name is Victor Renza, and after reading an article today in the NY Post I felt compelled to reach out to you. On May 18, 1967, I was 20 years old in the Vietnam war and my platoon was overrun. All my friends were executed right in front of me and I was shot in the back. After that I played dead. When the enemy did a sweep to see if ever one was indeed killed they fired 2 shots at my head but both missed. I couldn't help but find the parallel between myself and what happened to Angel Colon the night of the Pulse shooting. I am reaching out because unfortunately I know exactly what he and all the other victims went through that night and I would love to have the opportunity to talk to them whenever they might be ready. Dealing with PTSD is a very real thing and it's hard to get help from anyone that hasn't been through it. If there is any way you could help me get in touch with Angel or any of the other survivors, I really think I could help them to understand what to expect in the future and how to live a "normal" life after such a horrific event.

I am thanking you in advance for your help.

GAYS WEAKEN A SOCIETY-THE GAY NIGHT CLUB PULSE IN ORLANDO FL. PROVE THIS. AND JEWS WANT GAYS AND WOMEN IN OUR MILITARY?

Homosexual Barrack Cocaine Obama is own by Diablo Jews. And this black turd is weak and very ANTI AMERICAN. GET THE CROOKED JEWS OUT OF OUR COUNTRY.

Experts will tell you that Gays weaken a society. Germany knew this and took action against the Jews for homosexuality and filth Jews were promoting. If the Pulse were all straight men this killer would have been attack and probably killed. What would Bruce Jenner do? Shit in his panties. What would real men do? Gang up on this cold blooded killers. Yes some would be killed but probably not 49 and many wounded. What happen to the cop at the front door? Was he a homosexual coward? What the hell did he do along with the bouncers in the club? Why wait three hours to go in? Because of stupidity and ignorance. In others words COWARDS. People are asking how many people were killed or wounded by cops? There was no bomb. Common sense will tell you if the guy had a bomb he would blew it off right away killing more then he did. The story is horrible and filled with holes. Guess what folks the cops and crooked Jewish Media will lie like hell and brainwash as many weak minds they can. ABC and other Jews are good at brainwashing the American people with bullshit sports award shows and more. WAKE UP FOLKS!
Good evening,

I am writing to express my deep disappointment regarding the efforts to provide assistance to our community at the Family Assistance Center. Ninety-six percent of people who died at the massacre in Orlando were Hispanics, mainly of Puerto Rico descent. Hispanic families of Orlando are in great grief and traumatic stress, and in need of professional counsel. Still, Hispanic Family Counseling, lead counseling service provider of Orlando, whom has fill the gap of providing bilingual and culturally competent services to the community; has not been invited to be part of the collective efforts.

In fact, I was told by phone, having spoken with Lisa Coamey, that she would need to check if there might be any space available for us to be there today at the stadium. We have families calling us for counsel and advice, even from Latin American nations because they are trying to bury their loved ones due to this tragedy. This tragedy is shaking the world and has directly left a hole in the hearts of Latinos grieving their children.

Another person has called us because he did not have transportation to attend the event, nor were there Spanish speaking counseling services available for home visits based on his response from the hotline. It is disheartening to know that many of the families suffering are not getting crisis intervention that they need simply because we are excluded from the referral process. This exclusion is though, our doors are open and we are willing and able to meet them where they are. The mission of our agency is to altruistically educate, enrich, and empower those in despair in multicultural communities through therapeutic alliance. Besides our agency, neither Anthropos, nor A Great Life Services, nor other Central Florida based culturally competent agencies have been contacted to help in these difficult and broken times.

As a dedicated Hispanic agency, we are culturally sensitive and fulfilling of the unique and personal needs of our clients and the Central Florida community at large. We have ample work with people calling us directly, however it is vital to the restoration process with the nature of this tragedy to point out and take encompass the full complexity of the demographics of those who died being both LGBTQ and Hispanic, in order to best serve the survivors and additionally foster unity at a time that our city of Orlando needs it the most.

My hope is that a holistic restorative approach is taken in the collaborative efforts of the aftermath and that all that will be come in the next few weeks and years will better organized and inclusive of services that best meet the needs at hand. Please feel to contact me if you have questions at the office 407-382-9079 or my cell phone 407-968-7688

Best Regards,

Denisse Lamas, LCSW

Hello Mayor Dyer,

Our thoughts and prayers are with you during this very traumatic and difficult time for Orlando.

My name is Jessica Barreto and I’m an assignment editor for WPTV Newschannel 5 in West Palm Beach, Florida.

We know President Obama and Vice President Biden will be in your city Thursday, June 16th.

We would like to speak with you after this meeting or have you join us for a live interview during our afternoon newscast, which we will be broadcasting live from Orlando.

WPTV anchor Michael Williams is willing to meet with you at your earliest convenience.

Please feel free to email our assignment manager Terra Sullivan (I am CC’ing her in this email) or call our newsroom at 561-653-5700 with your availability.

Thank you in advance,
Jessica Barreto

Scripps Media, Inc., certifies that its advertising sales agreements do not discriminate on the basis of race or ethnicity. All advertising sales agreements contain nondiscrimination clauses.
Greetings,

Mr. Dyer, I am from Nashville, Tn...and tour with the Queen of Country music..Loretta Lynn. We in the industry are so saddened in regards to the massacre in your city, and like many we feel helpless left wondering how we might help. I, and several of Loretta's band members recorded what we feel could be an anthem used in conjunction with the healing involved now with "One Orlando". The message is on point for hope and encouragement not only to your city, but nationwide where we're all affected. I would love to have you consider using our song as this primary purpose, and perhaps have I-Heart radio get on board as a means of rebuilding shattered lives and hearts on the mend. if you will grant the request, I'd be willing to help in any regard to implement the motion.
I certainly thank you for your time and interest, and so look forward to your response.

Sincere thanks,  

Lee Hilliard

June 15, 2016

The Honorable Buddy Dyer
Mayor of Orlando, Florida
400 S. Orange Avenue
Orlando, FL 32801

VIA EMAIL: Buddy.Dyer@cityoforlando.net

Mayor Dyer:

On behalf of the City of Laguna Beach, I would like to express our deepest sympathy and profound condolences to the families of the victims of the June 12 terror attack that left 49 individuals dead and injured dozens more. This senseless act of violence, which is rooted in discrimination and hatred, is deplorable and unacceptable.

The month of June is traditionally celebrated as Pride Month to recognize the positive impacts that the LGBT community has had on local, national, and international history. No act of terror shall deter communities from celebrating these impacts. We must continue to embrace diversity and inclusiveness in addition to support greater acceptance of all people regardless of their race, ethnicity, religion, or sexual orientation.

Together, we stand in solidarity with the City of Orlando against all forms of violence, discrimination, and hatred towards all citizens, including those against the LGBT community.

Sincerely,

Steve Dicterow
Mayor

Mascotte reaches out to shooting victims' families

Daily Commercial, 6/14

“While the City of Mascotte is in west Lake County we want to do something for the families who have lost a loved one in this senseless murder. We have the Mascotte Cemetery and the city will provide a free burial plot to any family who cannot afford one or needs a final resting place for their loved one.

"Again I understand we are not in close proximity to many of the families but we thought this would be a way for the City of Mascotte Residents to assist those in need," City Manager Jim Gleason said.

A family member can contact:

Michelle Hawkins City Clerk michelle.hawkins@cityofmascotte.com (352-557-8811) or

Stephanie Abrams Assistant City Clerk stephanie.abrams@cityofmascotte.com (352-8810)

Our prayers and thoughts are with all the families who suffered the loss of a loved one.”
New Smyrna Beach city manager earns statewide award

Daytona Beach News-Journal, 6/12

Photo provided

Michael Pleus, DeLand city manager, left, presents New Smyrna Beach City Manager Pam Brangaccio the Career Excellence Award from the Florida City and County Management Association. Brangaccio accepted the award June 1 in Orlando after a heart-felt introduction by Khalid Resheidat, New Smyrna Beach assistant city manager.

New Smyrna Beach City Manager Pam Brangaccio was awarded the Florida City and County Management Association's (FCCMA) 2016 Award for Career Excellence at its annual conference June 1 in Orlando.

“Pam has done an outstanding job in designing and implementing creative programs to successfully achieve the goals set by the City Commission,” according to the award nomination.

Achievements were cited in fiscal management, citizen-led planning, capital project planning and implementation, community redevelopment and the city's annexation initiative.

Since 2009, Brangaccio has been New Smyrna Beach city manager. She has served as FCCMA president, on many International City/County Management Association committees and credentialing advisory board, and has presented at local government conferences in Florida and across the nation.

She is the incoming president of the New Smyrna Beach Rotary Club.
Brangaccio earned a bachelor's degree in political science and anthropology and a master's degree in public administration from the University of South Florida. She also has completed the Senior Executive Institute at the University of Virginia.

Also at the conference, Michael Pleus, DeLand's city manager and president of FCCMA, was presented with the President's Gavel Plaque, given in recognition of voluntary leadership by the board of directors and membership.

**Boca Raton’s Deputy City Manager Recognized for Excellence in Leadership**

Boca Raton Tribune, 6/14

On Friday, June 10, 2016, the Florida City and County Management Association (FCCMA) presented its 2016 awards at an annual conference in Orlando, FL.

The statewide organization, which is devoted to advancing excellence in professional management of local government, recognized a group of distinguished individuals for outstanding service to Florida’s communities, including Boca Raton’s own Deputy City Manager, George Brown.

Brown, who received the award for Excellence in Leadership, has been with the City for 33 years.

Mayor Susan Haynie was in attendance to present the award to Mr. Brown. “Not only has George exemplified leadership in our city for over three decades, as a longtime resident, he understands the foundation and history of the community and has worked hard to create the balance needed for continual progress while supporting the history and traditions that are Boca Raton.”

“Every year, FCCMA gathers to honor members for their outstanding contributions to the profession and to this association,” President Michael Pleus said at the awards ceremony. “This is an opportunity to show our respect for each recipient and to thank them for all they do.”

“The award is a tribute to the quality of our City organization,” commented Mr. Brown. “I’m humbled to be recognized as a contributor to our tradition of excellence in public service.”

*FCCMA was formed in 1946 and is an affiliate of the International City/County Management Association (ICMA), which awards the designation of Credentialed Manager (ICMA-CM).*

The FCCMA has more than 600 members across Florida. FCCMA is a member-driven, ethical, inclusive organization committed to the council-manager and commission-manager forms of government, dedicated to effective partnerships with elected officials, devoted to the advancement of excellence in professional management of local government in the state of Florida, and determined to provide quality of service to its membership and the local governments it serves.
Cocoa Beach new city manager to start January

R. Norman Moody, Florida Today, 6/15

Longtime Rockledge city manager Jim McKnight starts his new job in January - as Cocoa Beach city manager.

The Cocoa Beach City Commission unanimously voted to hire McKnight as the new city manager. "We have a new city manager," Mayor Tim Tumulty said following the vote Friday. "I'm happy with it."

The city commission narrowed down its search to two from 10 it was presented by a search firm from a pool of about 100.

Days before the commission was to interview the two, Robert DiSpirito, a former city manager in Dunedin, dropped out of the process for personal reason. That left only McKnight.

"I'm retiring from the City of Rockledge after being the city manager for the last 31 years," McKnight told the commission. "However, I am not done professionally."

He said he is available to stay with the city for no less than five years and maybe up to 10 years.

McKnight, who has been a resident of Rockledge since 1959, told the commission that thought he owns property in Rockledge and spends most of his days there, his wife owns a home in Cocoa Beach and he comes home to Cocoa Beach at night.

He said when he planned his retirement he had no idea there would be a city manager's position available in Cocoa Beach. The position became available when Ron McLemore resigned in February after about nine months on the job. Assistant City manager Charles Holland has been acting city manager since McLemore left.

PSL City Manager Jeff Bremer to resign

By Nicole Rodriguez of TCPalm, 6/14

PORT ST. LUCIE — City Manager Jeff Bremer will resign as the city's leader effective Dec. 31, he announced Monday night.

"It's time for me to move on and spend some more time with my family and look at other opportunities," Bremer told City Council at Monday night's meeting.

The City Council was informed of Bremer's decision before the meeting and given a formal memorandum from him, Mayor Greg Oravec said, adding Bremer "handed me with a surprise today."
"For all your work, I've always considered you California cool even though you're from Michigan," Oravec said.

Bremer's calm demeanor was much-needed during tumultuous times in City Hall, Councilwoman Shannon Martin said.

In his nearly three years as city manager, Bremer steered the city through several failed sale attempts and the eventual sale of the vacant Digital Domain building, last year's collapse of the Vaccine & Gene Therapy Institute of Florida, a federal fraud investigation of City Center developer Lily Zhong and the February firing of City Attorney Pam Booker.

Bremer's departure comes at a pivotal point for the city. Port St. Lucie will see a slew of new leaders this year. Officials are searching for a new city attorney after the City Council fired Booker for poor performance and two City Council seats are up for grabs. Councilwoman Michelle Berger is not seeking re-election and Vice Mayor Linda Bartz is stepping down to run for a seat on the St. Lucie County Commission.

Berger voiced concerns Bremer's staff's allegiance to him will be a detriment to the city during the crucial time.

"Will we receive resignations from seconds in command?" Berger asked.

City Council directed staff to prepare an advertisement soliciting a search firm to find Bremer's replacement, although it took no formal vote. The council asked Bremer to talk to his loyal staff to see where they stand and report back to them.

Bremer — who has 30 years of experience as a city manager and previously worked in Michigan — was hired in November 2012 as an assistant to then City Manager Oravec, who parted ways with the city in February 2013 after he released 85 pages of notes and emails suggesting a tumultuous relationship with some City Council members and insider conversations about his employment. Bremer was promoted to the top spot by City Council in Dec. 2013. He earned more than $174,000 last year.

Bremer is the third city manager Port St. Lucie has had since 2012. Oravec and his predecessor, Jerry Bentrott, left during political turmoil at City Hall.

Oravec stayed on the job for less than a year. The documents he released prompted the State Attorney's Office to launch an investigation into alleged violations of Florida's Government-in-the-Sunshine Law, which prohibits elected officials from discussing public business outside of an open meeting.

Former Mayor JoAnn Faiella and Martin each faced civil infractions of destruction of public record for deleting text messages.

Martin was ordered to pay a $250 fine and Faiella's case was dismissed on a technicality. An appellate court last year reversed the dismissal of the charges.

Councilman Ron Bowen was charged with a second-degree criminal misdemeanor. Bowen's lawyers negotiated a plea deal that substituted the criminal charge with a civil infraction if he accepted responsibility for violating the Sunshine Law.
Dunnellon City Council votes to release city manager

Ocala Star Banner, 6/13

By a 4-1 vote, Dunnellon City Council members decided Monday night to terminate the services of the city manager effective immediately.

Mayor Nathan Whitt said he felt councilors are making a grave mistake in firing Esch. “It's completely unfair and unfounded,” Whitt said.

With Esch’s removal, the plan is for Green and City Clerk Dawn Bowne to meet with Public Works employees today to notify them about the termination and let them know that the city continues to operate. Then they will meet with City Hall employees and other workers throughout the course of the day to bring them up to date.

Esch, 59, began working for the city in November 2010. He was the public services and utility director and was named interim city manager in May 2013. His appointment was made permanent a year later. His salary is $76,000 a year, and his contract was to end in 2017.

In his previous evaluation, Esch had received high marks. In his response to the council, Esch said it had been an honor serving the city and he wished them well.

Cape Coral approves city manager pay increase

FRANK BUMB, News-Press, 6/15

Cape Coral City Council increased the pay of its top city employee at the last meeting before the summer hiatus despite the voracious objections of one member.

On Monday, council voted 6-1 to give fourth-year City Manager John Szerlag a 5-percent pay increase. Szerlag’s pay will jump from $164,798.40 to $173,038.32.

That pay bump came after an initial motion by Council member Rick Williams for a 10 percent increase was quickly rejected during discussion and amended to the 5-percent increase. But one council member was unhappy with the increase.

Council member Rana Erbrick said her evaluations of Szerlag’s performance had considering a four percent increase. Erbrick also went so far as to say she thought the city needed a new city manager.

“You’d have to look at the reviews I’ve given over the past several years,” Erbrick said. “But yes, I do feel there are several areas he is lacking.”
Erbrick said her primary concerns were in the area communication and also how Szerlag responded to working on council projects.

On a scale from 0 to 4, Szerlag scored a combined average of 2.77 across several categories. Erbrick said the score was also 2.77 when the highest and lowest evaluations were removed.

“What am I missing that I feel this way and that the other (evaluations) are handing out 3s and 4s,” Erbrick said. “I’m not seeing the value.”

Councilman John Carioscia, along with Williams, spoke in Szerlag’s defense and said the city manager’s performance was evident in the political situation for council.

“One of the council members (in last year’s city elections) ran unopposed,” Carioscia said. “The people are really happy. So we’re going to punish him because it doesn’t a lot to live here?”

Mayor Marni Sawicki said she “skewered” Szerlag in her review at the beginning of his tenure but said council had to look “objectively” at what he had accomplished.

Erbrick said her desire for a new city manager would increase if the council decided to a comparative analysis of other cities in Florida and substantially increase the position’s pay as a result.

“If we’re eventually going to wind up increasing it by $30,000 or $40,000 then I do think we need to open it up and see what’s out there,” Erbrick said.

Szerlag said he took issue with the evaluation process and said it should be based less on traits and more on objective analysis such as goals given and whether those goals were achieved.

Szerlag rejected any assertion that his pay increase concerned him.

“I rejected an offer, back when I was hired in 2012 for an automatic, annual 4 percent pay increase,” Szerlag said. “I didn’t want to come into the city where the employees hadn’t received a pay increase in years and say ‘Hey I’m your new manager, that’s getting this every year when you haven’t,’”

Szerlag said he received a 3 percent increase last year and coupled with Monday’s vote for 5 percent left him at half of the total increase he could have received had he taken the automatic pay increase contract.

---

**Miami Beach Mayor Philip Levine is one to watch for Florida's 2018 governor's race**

Adam C. Smith, Political Editor, Tampa Bay Times, 6/12

The completion of downtown Tampa's Riverwalk means Mayor Bob Buckhorn is yet again touting his city's post-recession renaissance, a message we'll hear constantly if he runs for governor in 2018 as widely expected.
Florida needs can-do, common sense leadership — the kind effective mayors provide — not rigid ideology and hyper partisan arguing so common in Tallahassee and Washington, Buckhorn often says.

But Buckhorn’s biggest obstacle to the governor’s mansion may not be the economic fortunes of the Big Guava over the next couple of years or even the millions of campaign dollars already banked by his I-4 corridor neighbor, Agriculture Commissioner and likely Republican candidate Adam Putnam. His biggest obstacle may be the mayor of a much smaller city more commonly associated with spoiled brat celebs captured on camera by TMZ than for spawning strong statewide candidates.

Miami Beach Mayor Philip Levine, 54, met me the other day in the tony Sunset Harbour area of Miami Beach. Hipsters and beautiful people streamed in and out of nearby yoga and fitness studios as the roar of road construction and paving work around Purdy Avenue and 20th Street nearly drowned us out as we walked and talked.

"Hey guys, looks great," he said, chatting with one of several sets of road contractors we passed. "We've just got to move, move, move."

The mayor, who won office in 2013 promising "to fix what's broken and make things work," nodded to the stretch of road by Biscayne Boulevard that a few years ago was three feet lower than it is today.

"This used to be constantly underwater," he said of Purdy Avenue, where a TV ad for his first mayoral campaign in 2013 had shown him and his boxer, Earl, kayaking and promising finally to do something about Miami Beach's steadily growing flooding crisis.

"I like to joke that some people get swept into office. I got kind of floated into office," Levine told me.

He and fellow leaders of this community at ground zero for rising sea levels have been earning international attention lately for their ambitious, $400 million campaign to prevent Miami Beach from becoming another Venice, Italy. It included building dozens of pumping stations, raising roads and sea walls, and upgrading the stormwater system — and raising residents' stormwater fees by about $7 a month.

"The last thing you want to do as an elected official is raise people's fees for anything, but I said, 'We have a choice. You either want to live in Atlantis or you want to live in Miami Beach. Tell me what you want to do,' " Levine recounted. "And no one likes traffic, no one likes construction, no one likes seeing their roads dug up, — this place really looked like a war zone for awhile — but we had a choice: You either fortify and make your city resilient or you keep dealing with the flooding. And we didn't want to deal with the flooding because it was getting worse and worse and worse."

Levine in many respects sounds like Buckhorn. They share pro-business and populist instincts. Both come from the more centrist Bill Clinton wing of the Democratic party, and are longtime supporters of the Clintons.

But Levine happens to be close friends with the former president, and has travelled with him across the world. And where Buckhorn, 57, has spent most of his career working in government and politics, Levine is a product of the private sector.

In 1990, he parlayed a gig as a cruise ship ports lecturer dolling out shopping and recreation tips to passengers into a lucrative media firm, OnBoard Media, producing cruise ship TV programs,
magazines and port marketing, and ultimately a duty-free shopping and media firm with revenues of $400 million. He sold it in 2000 to Louis Vuitton Moët Hennessy (LVMH) for what Levine described as "north of $100 million."

"He has an insider's savvy with an outsider's perspective. And the outsiders are doing very well right now in politics," said Adam Goodman, a Republican media consultant in Tampa who has worked on Levine's Miami Beach campaign and does not rule out supporting him if he runs for governor in 2018. "If he were to run for governor, he would have a lot of appeal across all political and philosophical lines. He's not a party apparatchik," Goodman said.

Last week, Levine and the Miami Beach City Commission voted to raise the minimum wage within the city, challenging a recent state law forbidding that.

"We continue to hear stories from our residents who are unable to live and work in Miami Beach because of the high costs of rent, transportation and basic living costs," Levine said in statement. "But today, we start addressing this growing problem through higher wages by establishing a citywide minimum living wage."

Miami Beach does not have a strong mayor form of government, with a city manager running day-to-day operations and the mayor having just one of seven votes. But allies and critics alike tend to describe him as a strong mayor largely setting the agenda.

"That's the beauty of strong leadership. Because Philip is willing to act the role of the leader, the people will follow him," said Ricky Arriola, a city commissioner who thinks Levine would be a formidable statewide candidate. "I think a lot of people appreciate that CEO personality today, where you're not predisposed to wait around for red tape and used to layers and layers of bureaucracy and excuse making."

That media mogul CEO personality seems also to make Levine hostile to reporters and critical coverage. He has had a rocky relationship with Miami Herald reporters covering him.

In Miami Beach, where elections typically draw about 10,000 voters and candidates tend to pay for a few mailers and perhaps some cable TV spots, Levine spent $2 million. His campaign ads aired during Miami Heat playoffs. Bill Clinton campaigned for him.

"He has sort of become a de facto strong mayor because he didn't only fund his own campaign; he funded a slate of candidates to run with him. He didn't need to be a consensus builder because he brought in a block with him," said former city commissioner Michael Gongora, one of the candidates Levine defeated in his first campaign.

Gov. Rick Scott, another wealthy CEO political newcomer, won two statewide elections. The hard-charging Donald Trump defied the countless doubters to become the presumptive Republican presidential nominee.

If recent trends hold, the impatient former CEO holding back the rising flood waters in South Florida may be the one to watch.
Manatee in 'a world of hurt' if tax rejected

By Dale White, Sarasota Herald-Tribune, 6/15

If the Manatee County Commission puts a proposed sales tax on the November ballot and the voters reject it, the commissioners — who have not raised the property tax rate in nearly a decade — expect to face a funding quandary.

“What happens if the sales tax doesn’t pass?” Commissioner Vanessa Baugh asked during a Tuesday budget session.

“We’re in for a world of hurt,” County Administrator Ed Hunzeker warned.

Without a new revenue source, commissioners will consider three options: raising the property tax rate, cutting services and spending emergency reserves — all unpopular choices.

The county maintains a reserve in case of a crisis, such as extensive damage by a hurricane. The bulk of that untouched cash balance, which is in the general operating fund, will be about $52.5 million for 2016-17.

Since the recession, however, the county has dipped into other reserves in various accounts to maintain a balanced budget. In 2015, it spent $24.8 million from those non-emergency reserves. For the current fiscal year, it will have spent $15.2 million.

If that practice continues, however, by 2018 the county will face a deficit with no subsidies available from its “budget stabilization” reserves.

Commissioners spent most of Tuesday reviewing, department by department, the proposed budget of nearly $568 million.

The county projects its overall revenues increasing by $15 million, due largely to a projected 9 percent increase in the property tax base that is mostly due to new construction that does not qualify for tax exemptions.

Despite that additional revenue, the commissioners heard several department heads — especially from those departments dependent on property taxes — say available funds are not enough to cover projected needs.

Those needs include ambulance crews, beach lifeguards, 911 dispatchers, animal services specialists, road maintenance crews, traffic signal technicians and other personnel to serve a population that exceeds 363,000 and is growing.

The Public Works Department, for example, still has not restored any of the 65 positions it slashed during the recession. Public Works Director Ron Schulhofer said his crews now take three months to respond to non-emergency complaints about road repairs that they used to get done within two weeks.
As he did in his annual budget message earlier this month, Hunzeker contended that the county is too dependent on property taxes and needs another revenue source.

For example, Hunzeker said, the county has taken on $36 million in debt to pay for capital expenses, such as building repairs and replacement equipment, that cannot legally be covered by impact fees.

Impact fees are assessed on new homes and other construction to pay for new or expanded facilities required by population growth.

For example, impact fees can be used to add a new ambulance but not replace an existing one. Nor can impact fees be used for salaries and other operating expenses.

The county takes $3 million from its general fund, which largely comes from property taxes, to make annual payments on that $36 million in debt.

“We’re taking operating money to fund capital (projects),” Hunzeker said. “If we’d had the sales tax years ago, we probably wouldn’t have borrowed the $36 million.”

On June 21, the commission will decide whether to ask voters on Nov. 8 to approve a half-cent sales tax for 15 years.

If enacted, the sales tax would bring in an estimated $23 million annually — nearly a third of that being paid by tourists.

Hunzeker recommends the commission keep the property tax rate at $7.04 for every $1,000 in taxable value for a 10th consecutive year.

“Raising (property) taxes a little bit every year doesn’t solve the problem,” Hunzeker said.

A citizens committee that recommended the sales tax referendum first examined whether the county should cut spending instead and concluded that it should not, Hunzeker noted.

Although the property tax base is on the mend, the county will take in $26.5 million less in property taxes next year than it did in 2007.

“We know we have this hole in 2018,” Commissioner Betsy Benac said of the potential deficit. She agreed that the county needs another revenue source for “the big ticket items that we’ve been paying out of general revenue.”

“The only way to open up the general fund is to find another revenue source for capital (improvements),” Commissioner Carol Whitmore agreed.

(They're clearly not out of options; they have to find the resolve to "drink from the revenue trough" or continue to make serious service reductions!  -ken)
Agencies blocking access to records of Orlando killings

By Anthony Cormier, Sam Howard and Michael LaForgia, Tampa Bay Times, 6/15

Government agencies are refusing to release basic public records about Omar Mateen and the deadly Orlando shootings.

In the days after the nightclub attack, news gatherers across the country who requested documents about the shooter and the police response, and have been told many of those records — even those created years before the killings — are confidential because they are part of an official investigation.

Pat Gleason, special counsel for open government in the Florida Attorney General's Office, said the documents are a public record.

"Can an agency withhold information simply because another agency asked them to?" she asked.
"The answer to that is no."

The Tampa Bay Times, for instance, asked the Department of Agriculture for information about Mateen's security guard license, which he obtained almost a decade ago. A spokeswoman at the agriculture department says the FBI and Florida Department of Law Enforcement must authorize the information's release.

The Times also reached out to the Fort Pierce Police Department asking for all cases in which Mateen, his relatives and others were named as a suspect, victim or witness. In response to this routine request, the agency refused and said the documents are part of an active criminal investigation.

Two dozen media outlets have asked the Orlando Police Department for 911 calls and radio communications. The city will not release these communications.

An attorney for those outlets sent a letter to the city on Tuesday, explaining that the records should not be exempt from disclosure.

"Even in critical and challenging times, transparency is important," wrote attorney Rachel Fugate. "It helps the citizens of Orlando and the state of Florida and people throughout the United States have a better understanding of what transpired and try to come to grasp with this horrific and unimaginable tragedy."

Florida has broad public records laws that normally allow for the release of these and other records.

Public officials are clearly violating the law, news leaders and open government experts said.

Said Mindy Marques, president of the Florida Society of News Editors: "These are Florida state records and we are entitled to these records under the state's public records laws. They don't cease to be public based on who is investigating the incident. There are many important questions raised in the wake of this tragedy, and it's our responsibility to try to find answers. The state needs to live up to the law."
Agencies cannot retroactively exempt a document from disclosure. Even if the FBI seized records as part of an investigation, the law requires a copy to be kept and made available.

"The FBI doesn't get to override Florida's Constitution," said Barbara Petersen, president of the First Amendment Foundation. "That's not the way this works.

"They are trying to control the stream of information.

"They are trying to control what people know."

Times staff writer Howard Altman contributed to this report.

(You may want to file this under "Police Public Records" and never have to use it!! -ken

Treasure Island to solicit fire, EMS proposals
City leaders seek answers to reduced revenue stream

By BOB McClure, Beach Beacon, 6/15

TREASURE ISLAND – Treasure Island City Commissioners voted unanimously June 7 to allow City Manager Reid Silverboard to seek requests for proposals for fire and EMS services.

City officials have long been looking at ways to cut costs from the budget and see privatizing fire services through another agency as a means to save about $500,000 per year in personnel cost.

Although the commission gave Silverboard the approval to move forward, any change from the current city fire department would require a super majority vote (four out of five) by city commissioners to approve a deal and ultimately approval by Treasure Island voters.

"We've been put in this position because we're trying to maintain what we already have," said City Commissioner Phil Collins. "But we have to figure where the money is going to come from. If you don't have it, you can't spend it."

"We have a fiduciary responsibility to do the right thing for our citizens of our city," said Commissioner Ken Keys. "We need to examine all options."

Commissioner Larry Lunn agreed.

"I think it's important to receive competitive bids," he said. "For us to fail to give our citizens the alternative choice is not doing our job."

The RFP would include a stipulation that all current city firefighters be offered employment without taking a pay cut. It would also require the city's current Insurance Service Office (ISO) rating to stay the same or improve.
A point directly related to the ISO rating, which affects homeowner and business insurance rates, is staffing level. As a single station fire department, Treasure Island now has four firefighters working each shift, which is in accordance with ISO requirements.

But in the RFP, Silverboard suggested dropping the number from four firefighters to three once another department takes over. Dropping the number to three was one of the major criteria Silverboard viewed as a way for the city to save money on personnel cost.

Collins and Commissioner Pat Jeffares disagreed. Both said they wanted the current four firefighters to remain in place.

Emery Culverhouse, the deputy chief of the Pasadena Fire Department and a Treasure Island resident, echoed Collins’ and Jeffares’ sentiments.

“If you reduce the number, you reduce your effectiveness,” said Culverhouse. “As a resident, I feel very strongly about this.”

Treasure Island firefighter Colin Morris agreed.

“Reducing personnel from four to three is silly,” Morris said. “If we had less than what we currently have we wouldn’t have saved that gentleman’s life (during an early morning fire on May 31). If you subcontract this, it’s not going to work. You’re not going to get the same service.”

Will Newton, president and bargaining agent for Pinellas County Professional Firefighters Local 4966, called the proposed shift reduction a public safety issue.

“Firefighting is a very labor intensive situation,” Newton said. “You just had a fire rescue operation (May 31), which involved one of your citizens and his dog. That takes a lot of manpower.

“So your request for proposal, which is well within your power, I’m not in favor of it,” he added.

Newton said if the city chooses to go through with the RFP, he would like to be a part of the process in how the RFP is crafted.

Mayor Bob Minning said the firefighters would have a seat at the table to finalize it.
Dear Mayor Buddy Dyer,

We are all very sorry for the tragedy happened in your city.
Enclosed is the Condolence letter from Tainan Mayor Lai Ching-te.
Our prayers are with Orlando.

Sincerely yours,
Jenny

Dear Mayor Buddy Dyer and friends in our sister city of Orlando,

On behalf of the two million citizens of Tainan, Taiwan, I extend our deepest condolences to the victims and their families who lost loved ones in the terrorist attack on your city. We are shocked and saddened by these cruel acts of terrorism and condemn all violence.

Orlando has been our sister city since 1982 and we care deeply about the safety and well being of your people. I now write to assure you that Tainan will stand with Orlando through this difficult time.

Our thoughts and prayers are with you all. We wish that the deceased may rest in peace, that the bereaved may be comforted, and that wisdom, courage, and strength be given to us all as we stand together, ready to protect peace and human rights.

Yours sincerely,

Lai, Chung-Te
Mayor of Tainan
On behalf of the Government of Mexico and the people who work in the Consulate of Mexico in Orlando, I want to express our condolences for the lives of Orlando citizens lost in the condemnable acts happened in the Night Club Pulse during the first hours of Sunday.

The City Beautiful is well known for its openness and willingness to welcome everybody without discrimination of gender, ethnicity, faith or sexual orientation. We hope these brutal acts only reinforce those traditions and show the world that hate will never be the answer.

As two Mexican Nationals and two Mexican-Americans were affected by this tragedy, I want to express you, and the people of Orlando, our empathy and solidarity. We have our minds and prayers with the families of the victims and are hoping for a speedy recovery of those wounded.

Please let know the people of Orlando my warmest regards and consideration.

Sincerely,

Juan Sabines
Consul of Mexico

Terrorism: the use of violence and intimidation in the pursuit of political aims.
June 13, 2016

Hon. Buddy Dyer
City of Orlando
City Hall 400 South
Orange Avenue
Orlando, Florida 32802

Dear Mayor:

The recent shooting in the City of Orlando, Florida at the Gay Club is a very sad tragedy in the history of the United States of America, and our World.

This Florida State Commemorative Postage Design depicts a young Child with a "Tear Drop" running down the side of this Child's face, and displaying with the color's of this stamp are, Purple, White, Black, and Yellow.

This Florida State Commemorative Postage Design represents the best of the Citizens of Orlando during a very difficult time in United States History along with Families and friends who have lost loved one's during this tragic event in Orlando, Florida.

The Purple represents loyalty and Valor regarding Orlando Police, the Citizen's of Orlando, Paramedics, Fire Department, Doctors and Nurses, and City of Orlando, Florida. The Black represents the lost of life and the rebuilding of Orlando City.

Yellow represents healing and confidence in the future, and the rebuilding of trust within the Community of Orlando, Florida and our Nation.

On the face of this Florida Commemorative Postage Design are the remarks of the Late US Senator Robert Francis Kennedy, "What we need in the United States is not division; And what we need in the United States is not hatred, violence or lawlessness."

I will be forwarding this Florida State Commemorative Postage Design to the United States Postmaster General for consideration as a Florida State Commemorative Postage Stamp.

Respectfully yours,

Rex Davenport

U.S. Dept. of Homeland Security | Office of the Secretary
Office of Partnership & Engagement | Intergovernmental Affairs

Dear Homeland Security Partner:

In December 2015, Secretary Johnson announced the revision of the Department of Homeland Security’s National Terrorism Advisory System, or “NTAS,” to include an intermediate level NTAS “Bulletin.” We then issued a new NTAS Bulletin at the same time. The duration of the December Bulletin was six months, and expires tomorrow.

The Department of Homeland Security is today issuing a new NTAS Bulletin which reflects the tragic events of Orlando several days ago. An embargoed version of the Bulletin is being provided to you in advance so that you have time to prepare your community response. As the Bulletin will be publically released at 2:00 PM Eastern, please refrain from further distribution of this document. We will follow up with the FINAL NTAS Bulletin for further dissemination upon its public release at 2:00 PM Eastern.

Here is what is stated in the new Bulletin’s summary:

“In December, we described a new phase in the global threat environment, which has implications on the homeland. This basic assessment has not changed. In this environment, we are particularly concerned about homegrown violent extremists who could strike with little or no notice. The tragic events of Orlando several days ago reinforce this. Accordingly, increased public vigilance and awareness continue to be of utmost importance.”

This NTAS Bulletin goes on to describe the government’s counterterrorism efforts, and how the public can help and be prepared in the current environment. This includes an advisory to “[b]e prepared for increased security and plan ahead to anticipate delays and restricted/prohibited items.” This new Bulletin has a duration of five months, and will expire in mid-November, just before the start of the holiday season.

The full weight of the U.S. government – including our military, intelligence, law enforcement and homeland security communities, along with our partners in state and local law enforcement – is currently dedicated to detecting and defeating terrorism and protecting the homeland. This is our number one priority. In this current threat environment,
which includes the prospect of homegrown violent extremism, the public has a role to play too. Public vigilance and awareness can and do make a difference. The NTAS Bulletin we release today is intended to contribute to an informed public, and promote public vigilance and awareness.

Please do not hesitate to contact the DHS Office of Intergovernmental Affairs at 202-282-9310 or dhs.iga@hq.dhs.gov if you have any questions or need any additional information on the new NTAS Bulletin.

Regards,

Philip A. McNamara
Assistant Secretary for Intergovernmental Affairs
U. S. Department of Homeland Security
DHS.IGA@hq.dhs.gov
(202) 282-9310
SUMMARY
In December, we described a new phase in the global threat environment, which has implications on the homeland. This basic assessment has not changed. In this environment, we are particularly concerned about homegrown violent extremists who could strike with little or no notice. The tragic events of Orlando several days ago reinforce this. Accordingly, increased public vigilance and awareness continue to be of utmost importance. This bulletin has a five-month duration and will expire just before the holiday season. We will reassess the threats of terrorism at that time.

ADDITIONAL DETAILS
- Since issuing the first Bulletin in December, our concerns that violent extremists could be inspired to conduct attacks inside the U.S. have not diminished.
- Though we know of no intelligence that is both specific and credible at this time of a plot by terrorist organizations to attack the homeland, the reality is terrorist-inspired individuals have conducted, or attempted to conduct, attacks in the United States.
- DHS is especially concerned that terrorist-inspired individuals and homegrown violent extremists may be encouraged or inspired to target public events or places.
- As we saw in the attacks in San Bernardino, Paris, Brussels, and, most recently, Orlando, terrorists will consider a diverse and wide selection of targets for attacks.
- Terrorist use of the Internet to inspire individuals to violence or join their ranks remains a major source of concern.
- In the current environment, DHS is also concerned about threats and violence directed at particular communities and individuals across the country, based on perceived religion, ethnicity, nationality or sexual orientation.

U.S. GOVERNMENT COUNTERTERRORISM EFFORTS
- DHS and the FBI continue to provide guidance to state and local partners on increased security measures. The public may observe an increased law enforcement and security presence across communities, in public places and at events in the months ahead. This may include additional restrictions and searches on bags, more K-9 teams, and the use of screening technologies.
- The FBI is investigating potential terrorism-related activities associated with this broad threat throughout the United States. Federal, state, and local authorities are coordinating numerous law enforcement actions and conducting community outreach to address this evolving threat.

HOW YOU CAN HELP
- Report suspicious activity to local law enforcement or public safety officials who are best positioned to respond and offer specific details on terroristic indicators.
- Suspicious activity or information about a threat may also be reported to Fusion Centers and the FBI’s Field Offices - part of the Nationwide Suspicious Activity Reporting Initiative.
- Learn how to recognize signs of pre-operational planning associated with terrorism or other criminal activity.

BE PREPARED
- Be prepared for increased security and plan ahead to anticipate delays and restricted/prohibited items.
- In populated places, be responsible for your personal safety. Make a mental note of emergency exits and locations of the nearest security personnel. Keep cell phones in your pockets instead of bags or on tables so you don’t lose them during an incident. Carry emergency contact details and any special needs information with you at all times. For more visit Ready.

STAY INFORMED
- The U.S. Government will provide additional information about any emerging threat as additional information is identified. The public is encouraged to listen to local law enforcement and public safety officials.
- We urge Americans to continue to travel, attend public events, and freely associate with others but remain vigilant and aware of surroundings.
- The Department of State issues international travel alerts and warnings.

The National Terrorism Advisory System provides information on homeland security issues and threats. It is distributed by the Department of Homeland Security. More information is available at: www.dhs.gov/advisories. To receive mobile updates: www.twitter.com/dhsgov

If You See Something, Say Something™. Report suspicious activity to local law enforcement or call 911.

Hello
The lights turned out pretty good considering what we had to work with. There are a few gaps on the west to
n/west side as a few fixtures are inoperable. We knew this but we're waiting to replace them under the energy
mod.
Just snapped a few shots from the roof of the parking garage. There was some lightning about so we didn't
linger.
Will send some other pics I took today under separate cover.

Best regards
Good afternoon Mayor Dyer,
Attached is the flyer for my next fundraiser. I hope you can attend. Thank you for your support
The staff and management of Red Shoe Martini and 3 Sisters Bar & Grill cordially invite you to join us for an evening of "fun-raising" in support of the Mayoral candidate that's committed to growing Kissimmee's economy and revitalizing Downtown - Jose Alvarez.

RSVP Preferred but not required to ElectJoseAlvarez@gmail.com
Suggested Contribution $25 to $1000 max. (Check or CC)

Hors d'oeuvres courtesy of 3 Sisters Speakeasy

Host Committee
Rajia Ackley  Joe LaRosa
Samantha Andrade  Julio Morales
Sonny Buncervello  Joe Ortiz
Jason DeLeon  Jeff Perry
Daniel Hernandez  Ben Robles

Paid for by Jose Alvarez for Kissimmee Mayor (Non-Partisan)
In-Kinds: Venue by Red Shoe - Food by 3 Sisters Speakeasy

Campaign Fundraiser
Good Morning Mayor Buddy Dyer,

Please help me get this to all the right office and department heads. This software can save lives. Just voted "BEST Mass Notification Software"

I wish I could reach more establishments, government offices and the like before such acts of violence occur …what a tragedy, You well know what happened over the weekend here in Orlando Florida. Also what happened the week before at UCLA Campus, Some of the hospital staff that were at the campus and were notified of the event with our software, As the hospital is a user of our MNS and therefore those notified were able to find a safe place. Possible lives were saved. God Forbid this happens again, lets be even more prepared to save lives from all angles…Im not trying to play off a local terrorist incident and am saddened to come to you on the heels of this tragedy. But this is becoming an everyday occurrence somewhere.., I don’t have to tell you that….Im not a big fan of a “salesman”… but I promise this is worth your time.

Lets show you the demo. See what we can do to help before God forbid this happens again, lets use every tool out there. Now used by Hospitals, USAF, Buckley, Corporations as well as DOD FEMA, NATO and every branch of US military. And As I stated above we just received this “Best Mass Notification System”. Please take a look and lets together do all we can to keep people safe using every possible tool available.

I know you are busy and I promise a 20 minute video personalizing TotalAlerts to your facility’s immediate needs and benefits. We can do on a GoTo Meeting or in person and you will see all the possibilities we have to offer.

Lets talk,

Gail

Gail M Boettger

Regional Vice President

Overview:

AMT Total Alert provides highly secure, highly extensible and very transparent alerting platforms. It is multi-media enabled and is used to deliver rich media such as text, video, images, music, copy, interactive Flash files, web links, and other applications. Message windows can be sized, display text and links, play videos and wave files.

Simple to Install and Support:

The AMT Total Alert Emergency Console installs on your network in as little as one hour. Installation of the system does not require onsite engineers or the introduction of new devices or port openings to the network. This results in little to no disruption of the network and negates the requirement for prolonged administrator support.

The AMT Total Alert client application which operates on your workstations never requires manual updates for sustained operation as the client application is built entirely on Internet Explorer. Microsoft handles those updates automatically at no charge.

AMT Total Alert has had an alert application running for years on military workstations supporting tens of thousands of end-users. Throughout these years Desktop Alert has never received a support call for failure of the client application. This high reliability, extensibility, and simplicity result in our ability to keep our support costs near the lowest industry-wide.

Total Alert by DTA has DIACAP certification and Approval to Operate (ATO) in battle zone IRAQ demonstrates the highest levels of Information Assurance. Desktop Alert is a Contributor-Level Member of OASIS Emergency Interoperability and integrates with The Common Alerting Protocol (CAP). This same high level of IA, security, and integration applies to the delivery of your actionable intelligence. All of this and an abundance of features, functions, and prebuilt templates packaged in a transparent and easy to use application.
AMT Total Alert is a top-tier provider of Network-centric Unified Secure Communication Mass Notification system to The United States Federal Government, Military, Health Care Organizations, Education and Corporations. Total Alert Mass Notification System utilizes "Actionable Intelligence." This approach provides organizations the ability to notify all users (or selected groups) in cases of emergencies or to communicate important time sensitive information. “Actionable Intelligence” is the ability to in-place intelligent methods, functions and triggers that interact with and bring crucial data to and from end-users based on predefined business rules and settings. Total Alert enables and provides all of the functionality needed to execute controlled information management and content distribution.

AMT Total Alert has created a feature rich web-based interface for instant mass alert publication to designated personnel and devices. Since most of our clientele elect to self-host our alert platform behind their firewall, there are now many variants of the Total Alert interface. Features included in all versions of our alert platform:

- Customizable screen, tray icon, install script and more for the client application
- Great e-mail supplement/alternative for when email servers are down
- Guaranteed Content Delivery
- Content delivery to a select audience or audience’s
- AMT Total Alert integrates with existing telephony systems and existing PA systems.
- On-the-fly group creation as well as Active Directory group structure adherence
- Administrator, Moderator and end-user controlled access • Create, preview and schedule your alert in advance
- Create alerts from your own pre-defined and customized alert templates for rapid alert publication
- Embedded web-based editor for easy alert creation

  - Built-in Windows client authentication
  - Opt-in or silent SMS client application installation
  - Audit trails for all published alerts
  - Template creation for re-use.
  - Send alerts that open with “upper most screen” functionality. If a user has multiple applications open, the alert will take the fore screen and stay open until engaged.
- Average install process is one day!

AMT Total Alert Applications:

- Provides instant alerts, including automatic software updates/patches
- Weather Alerts
- Mass Casualty Alerts
- Emergency Response teams Alert
- Medical Alerts
- Campus Lockdown Alerts
- Training Alerts. Fully documented
- Total News Alerts
- Safety and Security Alerts
- Corporate Alerts. Excellent business tool for corporate communications
  - Daily Bulletins
  - Help Center Alerts
  - Survey Alerts
- Broadcast Multimedia Rich Content
- Interfaces with in place alarms, phones, displays, safety beacons, and more...

www.amvetmedicaltech.com 407-242-5810
Deployment:

The majority of installations do not require new or additional hardware as AMT Total Alert is middleware that makes use of your in place hardware platforms. The alert application (client) is easily installed using any software distribution agent. Most organizations to date have requested deployments that do not provide the end-users with a un-install option. However, an administrator may target a machine for a silent un-install (no user action needed) at any time. Likewise, the install of the application is 100% silent. Installs in hours, trains in hours, 8-5 standard or 24x7 upgraded support from AMTDTA.

Alerting thousands, designated teams, or individuals for one-time mass emergencies, immediate response situations, every day notifications, bulletins, and recurring training – notification and monitoring.

Our AMT unified secure communication mass alert platform supplies tools that enable state-of-the-art mass alert notification to an unlimited number of critical personnel, computers and devices.

AMT Total Alert is in the midst of significant adoption of its Unified Secure Communications Mass Notification System by the U.S. Military. The alert platform has been utilized in real world scenarios and garnered the attention of many military, health care and corporate professionals. Within just seconds, thousands of personnel are alerted and armed with critical information. This innovative approach to sharing technology substantially bolsters instant delivery of critical communications.

All Industry Functions:

Healthcare, Education, Federal and Small to Medium

- Available on Totals, Smartphones, Digital Displays, SMS devices, Phones, Email
- Inform users of System outages/downtime
- Weather Alerts
- Patient Resuscitation Codes
- Code Adam or Amber Alerts
- Combative persons in area
- Code Red (Fire)
- Code Yellow (Bomb Threat)
- Code Triage (Internal Disaster)
- Action / Emergency Response Teams
- Casualty Teams
- Action / Contingency Plan
- Real-time distribution
- Training Alerts
- Action Plans
- Daily Bulletins
Proven Success:

AMT Total Alert is one of the fastest growing unified secure communication mass notification platforms for organizations of all sizes and missions. Certified and proven by military operations around the world, the uses and benefits are only limited by your organizations need for rapid secure communications. Total Alert can integrate with your existing networks, phones, PA systems, displays, and most other IP based digital systems.

AMT Total Alert with DTA since its arrival to the market six years ago is now positioned as the best value enterprise-wide mass notification platform available. In many cases Total Alert’s full implementation & support costs combined are less than that of other company’s maintenance costs alone. Total Alerts commercial off-the-shelf (COTS) solutions deliver a single point emergency console interface that unifies and manages existing alerting systems such as PA, Giant Voice, telephones, Blackberry’s, e-mail and more.

AMT for Public Safety and Emergency Preparedness

“When critical and timely notification is essential for public safety!”

First responders have to react to common alerts and dispatch that can range from traffic incidents, public safety, riots, severe storms, floods, chemical spills, accidents, power outages, wide area network outages, system crashes, computer viruses, to human error and more. During these times the difference between an inconvenience and a full disaster is often driven by two critical factors, preparedness and communication.

Having a well thought out set of Emergency Preparedness plans is a first step. Disseminating these plans to key personnel, training responders and staff, and exercising these plans prior to an actual emergency is essential. Whether it is preparation, training, exercise, recalls, or true emergency, timely and accurate information and notification is critical, this is achieved with AMT TotalAlert.

People will react to disasters with or without the necessary information, decisions will be made, a single timely notification can make the difference between an inconvenience and a disaster for local Police departments, Sheriffs and State officials. You have the ability with AMT TotalAlert. All Agencies, that have TotalAlert can communicate effortlessly with each other and as optional offering we can integrate with most know software systems.

TotalAlert can be tied into FEMA and Homeland Security and most National Guard unit’s broadcasts, alerts and updates. Used by every US Military Agency, the DoD, NORAD, US Northern Command, New York and Chicago Police departments, Homeland Security and many colleges, commercial business and city/state/first responders. Precise, Alert notification and verification that is very affordable on all of your mobile technology on your existing network completely privately.

AMT TotalAlert - the unified secure communication solution

AMT is the world leader in Unified Secure Communications and mass notification software, media situation awareness, 4D, crowd sourcing, encrypted X-Ray, digital DNA profiles, beacon help stations, geospatial awareness and GPS software solutions. AMT-Tomorrows Software Today!
AMT TotalAlert provides the platform for highly secure and unified communications to individuals, response teams, staff, visitors, and management. This is not a call center calling solution, this is a solution on your network for your employees, officers and your directors.

It provides public safety organizations the tool to share rapidly, efficiently, and precisely communicate to minimize down time, protect people and property, quell rumors and misinformation, and lessen the potential financial impact of an interruption or incident.

TotalAlert is multi-media enabled mass communication rapidly delivering rich media content such as, text, video, images, copy, interactive Flash files, web links, and more, all done on your existing internal computer network, broadcast by Wi-Fi behind your firewall, no more intercepts of police radio broadcasts. Information sent on all technologies, by message, text, popups, calls to your cell phone laptop, desktop, large voice speakers, public monitor screens and pads.

This is safety of messaging to your employees and officers in the field, this is private broadcasts, alerts and streaming information to your people in the field. The benefits of Desktop Alert are:

- Single platform simultaneously delivers alerts to multiple devices. Notify employees regardless of their location. Content is delivered to desktops, displays, kiosks, text messages, mobile devices, phones, and other in-place systems.
- Increased employee and public safety. A single well timed alert protects staff and the public by alerting them about severe weather, outages, delays, closures, riots, road or freeway blockages, auto or truck accidents, fires, and other significant incidents. Real-time auditing of alerts lets you know they got the message.
- Exercise Emergency Preparedness Plans. Prepare and test scenarios before an emergency happens. Integrate alerts, contingency plans, and notifications into disaster drills. Test the response times of teams and the effectiveness of notifications during Disaster Drills. Use the real-time audit function to evaluate progress and for after action evaluation and process improvement.
- Maximize deployment and management. Alert established response teams, individuals, or initiate a total recall or lockdown with a single message or a planned scenario. Use real-time alert audit to verify notification, update team status, and allocate resources. Alert audit reports form the basis for after action reports and timelines.
- Faster response times. Use prebuilt templates and scenarios to automate contingency plans and incident responses. Prebuilt alerts can be instantly activated to save precious time when it really counts.
- Improved focus and awareness. Lack of information during an incident can heighten tension and prolong resolution. Continuous communication during any incident results in increased situational awareness. Alerts and notifications can inform, direct, educate, calm, report, and document throughout an incident. Real-time audit functionality provides feedback to know the message is being received and by whom. Resume normal business with a single message.
- Continuity of operations. Instantly inform and continually update on incidents and outages. Minimize panic, frustration, and rumors through sustained communications during contingency
operations. Informed staff and communities help to resolve incidents more orderly and expeditiously. The right message, at the right time, to the right people.

✓ Community trust. It is not whether an incident will happen it is about when it will happen and how will you respond. A rapid well-orchestrated response, instant notification, maintaining continuous communication with the community served can endear community and organizational trust.

✓ Low cost redundant communication platform. Single mass notification system that supports, daily operations to contingency operations, emergency response to planned outage, system updates to system downtime, facilities management to executive management, and public safety to individual safety. Makes use of in-place hardware and systems maximizing usage while minimizing cost. A unified mass communication system makes budgetary sense – a single system meeting the needs of many departments, requirements, and compliance.

Greetings,

Mr. Dyer, I am from Nashville, Tn...and tour with the Queen of Country music..Loretta Lynn. We in the industry are so saddened in regards to the massacre in your city, and like many we feel helpless left wondering how we might help. I, and several of Loretta's band members recorded what we feel could be an anthem used in conjunction with the healing involved now with "One Orlando".

The message is on point for hope and encouragement not only to your city, but nationwide where we're all affected. I would love to have you consider using our song as this primary purpose, and perhaps have I-Heart radio get on board as a means of rebuilding shattered lives and hearts on the mend. if you will grant the request, I'd be willing to help in any regard to implement the motion.

I certainly thank you for your time and interest, and so look forward to your response.

Sincere thanks,

Lee Hilliard
Mister Mayor,

Following the tragedy in your city, you will find attach to this mail a letter from President Ferrari (Greater Grenoble City Aera), with whom you met in Taïwan in March.

Yours faithfully,

Alexandra LAFAY
Political advisor
President’s Office Staff
Greater Grenoble City Aera / Grenoble-Alpes Métropole
www.lametro.fr
3, rue Malakoff CS 50053
38 031 GRENOBLE Cedex 1
Tel : 00 33 4.76.59.56.10
cell : 00 33 7.89.80.07.98
Dear Mister Mayor,

It was a pleasure to meet you in March at the Smart City Mayors' summit in Taipei. Following the horrific events that happened in your city last week, I wanted to write to you in order to express my sincere condolences.

It is important that in this time of tragedy that people from all over the world unite and express their solidarity with the people of Orlando and with the LGBTQ community. Following the Paris terrorist attacks, messages of support from abroad meant a lot to us. It is for this reason that I wanted to personally write to you to express my grief and to show my support, and the support of all the inhabitants of the Greater Grenoble City Area, for your City and its inhabitants in the wake of this tragedy.

It is terrible that we are so often confronted with such appalling acts of violence, this time directed towards LGBTQs, which impact local communities but also have ripple effects for the entire global population. It is in standing up to terror and carrying on with life that we can show that we will not accept hate in our cities. Each and every citizen should have the right to live in peace and to carry out his or her life without fear.

Once again, I would like to express my deep sorrow and my support for you and for the citizens of Orlando but especially the friends and family of those touched by this horrendous attack.

Yours sincerely, in solidarity,

All my best,

Christophe FERRARI

President,

Christophe FERRARI
Good Morning Mayor Buddy Dyer,

Please help me get this to all the right office and department heads. This software can save lives. Just voted "BEST Mass Notification Software"

I wish I could reach more establishments, government offices and the like before such acts of violence occur …what a tragedy. You well know what happened over the weekend here in Orlando Florida. Also what happened the week before at UCLA Campus. Some of the hospital staff that were at the campus and were notified of the event with our software, As the hospital is a user of our MNS and therefore those notified were able to find a safe place. Possible lives were saved. God Forbid this happens again, lets be even more prepared to save lives from all angles…Im not trying to play off a local terrorist incident and am saddened to come to you on the heels of this tragedy. But this is becoming an everyday occurrence somewhere.. I don’t have to tell you that….Im not a big fan of a “salesman”… but I promise this is worth your time.

Lets show you the demo. See what we can do to help before God forbid this happens again, lets use every tool out there. Now used by Hospitals, USAF, Buckley, Corporations as well as DOD FEMA, NATO and every branch of US military. And As I stated above we just received this “Best Mass Notification System”. Please take a look and lets together do all we can to keep people safe using every possible tool available.

I know you are busy and I promise a 20 minute video personalizing TotalAlerts to your facility’s immediate needs and benefits. We can do on a GoTo Meeting or in person and you will see all the possibilities we have to offer.
AMT TOTALERT “Unified Secure Communications” Mass Notification Software

Overview:

AMT Total Alert provides highly secure, highly extensible and very transparent alerting platforms. It is multimedia enabled and is used to deliver rich media such as text, video, images, music, copy, interactive Flash files, web links, and other applications. Message windows can be sized, display text and links, play videos and wave files.

Simple to Install and Support:

The AMT Total Alert Emergency Console installs on your network in as little as one hour. Installation of the system does not require onsite engineers or the introduction of new devices or port openings to the network. This results in little to no disruption of the network and negates the requirement for prolonged administrator support.

The AMT Total Alert client application which operates on your workstations never requires manual updates for sustained operation as the client application is built entirely on Internet Explorer. Microsoft handles those updates automatically at no charge.

AMT Total Alert has had an alert application running for years on military workstations supporting tens of thousands of end-users. Throughout these years Desktop Alert has never received a support call for failure of the client application. This high reliability, extensibility, and simplicity result in our ability to keep our support costs near the lowest industry-wide.

Total Alert by DTA has DIACAP certification and Approval to Operate (ATO) in battle zone IRAQ demonstrates the highest levels of Information Assurance. Desktop Alert is a Contributor-Level Member of OASIS Emergency Interoperability and integrates with The Common Alerting Protocol (CAP). This same high level of IA, security, and integration applies to the delivery of your actionable intelligence. All of this and an abundance of features, functions, and prebuilt templates packaged in a transparent and easy to use application.
AMT Total Alert is a top-tier provider of Network-centric Unified Secure Communication Mass Notification system to The United States Federal Government, Military, Health Care Organizations, Education and Corporations. Total Alert Mass Notification System utilizes "Actionable Intelligence." This approach provides organizations the ability to notify all users (or selected groups) in cases of emergencies or to communicate important time sensitive information. “Actionable Intelligence” is the ability to implement intelligent methods, functions and triggers that interact with and bring crucial data to and from end-users based on predefined business rules and settings. Total Alert enables and provides all of the functionality needed to execute controlled information management and content distribution.

AMT Total Alert has created a feature rich web-based interface for instant mass alert publication to designated personnel and devices. Since most of our clientele elect to self-host our alert platform behind their firewall, there are now many variants of the Total Alert interface.

Features included in all versions of our alert platform:

- Customizable screen, tray icon, install script and more for the client application
- Great e-mail supplement/alternative for when email servers are down
- Guaranteed Content Delivery
- Content delivery to a select audience or audience’s
- AMT Total Alert integrates with existing telephony systems and existing PA systems.
- On-the-fly group creation as well as Active Directory group structure adherence
- Administrator, Moderator and end-user controlled access • Create, preview and schedule your alert in advance
- Create alerts from your own pre-defined and customized alert templates for rapid alert publication
- Embedded web-based editor for easy alert creation
  - Built-in Windows client authentication
  - Opt-in or silent SMS client application installation
  - Audit trails for all published alerts
  - Template creation for re-use.
  - Send alerts that open with “upper most screen” functionality. If a user has multiple applications open, the alert will take the fore screen and stay open until engaged.
- Average install process is one day!

AMT-Total Alert Applications:
- Provides instant alerts, including automatic software updates/patches
  - Weather Alerts
  - Mass Casualty Alerts
  - Emergency Response teams Alert
  - Medical Alerts
  - Campus Lockdown Alerts
  - Training Alerts. Fully documented
  - Total News Alerts
  - Safety and Security Alerts
- Corporate Alerts. Excellent business tool for corporate communications
  - Daily Bulletins
  - Help Center Alerts
  - Survey Alerts
- Broadcast Multimedia Rich Content
- Interfaces with in place alarms, phones, displays, safety beacons, and more...
Deployment:

The majority of installations do not require new or additional hardware as AMT Total Alert is middleware that makes use of your in place hardware platforms. The alert application (client) is easily installed using any software distribution agent. Most organizations to date have requested deployments that do not provide the end-users with a un-install option. However, an administrator may target a machine for a silent un-install (no user action needed) at any time. Likewise, the install of the application is 100% silent. Installs in hours, trains in hours, 8-5 standard or 24x7 upgraded support from AMTDTA.

Alerting thousands, designated teams, or individuals for one-time mass emergencies, immediate response situations, every day notifications, bulletins, and recurring training – notification and monitoring.

Our AMT unified secure communication mass alert platform supplies tools that enable state-of-the-art mass alert notification to an unlimited number of critical personnel, computers and devices.

Dear Commissioner Califf,

The recent attack at Pulse Orlando and subsequent response by our community has highlighted an apparent inequity in the U.S. Food and Drug Administration’s guidelines banning blood donations from certain members of the gay, bisexual, and transgender communities. In the immediate aftermath of the attack, in which 49 people were killed and 53 were wounded, hundreds of members of the GLBT community were turned away at local blood donation sites, in spite of a severe shortage of blood.

The outpouring of support from the overall community has not completely solved the issue. According to OneBlood here in Orlando there is still a shortage of certain types of blood, including O-Negative, O-Positive and AB.

While I am aware the FDA recently eliminated the previous lifetime moratorium on blood donations from gay and bisexual men and transgender women, a 12 month restriction period from the last date of same-sex sexual contact still exists. I have heard from members of the local medical community who assure me advancements in blood screening practices have eliminated previous safety concerns related to transmitted diseases from all donors, including those of the GLBT community.

If the current donation ban is not based on strong scientific fact and current health data, I respectfully request the FDA consider lifting the ban entirely and allow our community to make a more robust and safe effort to resolve the blood shortage as a result of this tragedy.

Kindest Regards,

Representative Mike Miller, District 47
Mike.Miller@myfloridahouse.gov

In the immediate aftermath of the attack, in which 49 people were killed and 53 were wounded, hundreds of members of the GLBT community were turned away at local blood donation sites, in spite of a severe shortage of blood.

The outpouring of support from the overall community has not completely solved the issue. According to OneBlood here in Orlando there is still a shortage of certain types of blood, including O-Negative, O-Positive and AB.

While I am aware the FDA recently eliminated the previous lifetime moratorium on blood donations from gay and bisexual men and transgender women, a 12 month restriction period from the last date of same-sex sexual contact still exists. I have heard from members of the local medical community who assure me advancements in blood screening practices have eliminated previous safety concerns related to transmitted diseases from all donors, including those of the GLBT community.

If the current donation ban is not based on strong scientific fact and current health data, I respectfully request the FDA consider lifting the ban entirely and allow our community to make a more robust and safe effort to resolve the blood shortage as a result of this tragedy.

Kindest Regards,

Representative Mike Miller
District 47, Florida House of Representatives

CC: Orange County Federal Delegation and Executives
Mayor Dyer,

Please find attached instructions for the tarmac greet tomorrow with the President.

Thank you,
Bridget

In Confidence

Dear Mayor Dyer,

Prince Harry has asked me to pass this letter on to you in the hope you may find an appropriate opportunity to share his support, along with those you will have received from across the world, with your staff, agency representatives and your wider community.

His Royal Highness understands how hard you are all working to support the people of Orlando, Florida and the United States, as they come to terms with the horrific events of Sunday.

This comes with Prince Harry's deepest sympathy and warmest wishes.

Yours sincerely,

Ed Lane Fox

14th June, 2016

Dear Mayor Dyer,

I wanted to write and express my most sincere condolences to the people of Orlando after the horrific attack on the Pulse nightclub on Sunday.

Having just spent time in Orlando I know what a warm and welcoming community it is. In spite of this senseless act, I have no doubt that the love and friendship of your city will remain strong.

I would also like to pass on my deepest admiration to the law enforcement officers who attended the nightclub during the attack for their extraordinary bravery and professionalism.

Our thoughts are with the victims and their loved ones at this most difficult of times. You are all in our prayers as you face the days and weeks ahead.

Best wishes,

[Signature]

Mayor John Hugh Dyer,
Mayor of Orlando
To our esteemed Mayor Buddy Dyer,

From all of us at the Solaire at the Plaza, we want to express our sincerest gratitude for everything that you have done to bond the community together in this time of sadness. And though Orlando has been impacted by this senseless and painful loss, you have lead the City to unite strong. We have sent out regular community updates of your Commissions’ collective efforts and the numerous grief help sources offered by the City (attached). The residents have donated to the OneOrlando Fund and the #OrlandoStrong GoFundMe accounts.

The Solaire at the Plaza has joined with the City of Orlando in changing our lights in tribute to those precious lives lost and also in honor of Orlando our City Beautiful.

If there is anything that we can do, please will you let us know?

Thank you. We love you and appreciate you!

Orlando Strong! Orlando United!

Respectfully,

Kristopher Schaeffer LCAM, CFCAM

BLOOD DONATIONS:

Orlando
I have announced the formation of the OneOrlando Fund. The purpose of the Fund is to provide a way to help respond to the needs of our community, now and in the time to come, after the effects of the Pulse nightclub tragedy. The distribution of the funds will be administered by the Central Florida Foundation. The Foundation serves as the region’s community foundation and is home to more than 400 charitable funds. The Fund will support:

- Nonprofits that are supporting the victims and families
- The LGBTQ, Hispanic, faith and other affected communities
• Underlying causes of this tragic event
• Other needs we cannot anticipate until we face them

The OneOrlando Fund is a project of Strengthen Orlando, Inc., a 501(c)(3) nonprofit corporation created for the purpose of supporting and starting projects to strengthen the Orlando community. The outpouring of support from our City partners has already begun:

• Walt Disney Company $1,000,000
  o In addition, eligible donations from Disney employees will be matched dollar for dollar by Disney Employee Matching Gifts: A Program of The Walt Disney Company Foundation
• Darden Restaurants $500,000
• The Orlando Magic $100,000
• JetBlue $100,000
• Mears $50,000

To contribute to the OneOrlando Fund, please visit OneOrlando.org.
Checks may be made payable to OneOrlando Fund and sent to:
OneOrlando
PO Box 4990
Orlando, FL 32802-4990
For information regarding the OneOrlando Fund or to make a wire transfer, please contact info@oneorlando.org.
#OrlandoUnited

Sincerely,
Buddy Dyer
Mayor

Subject: RE: Orlando united and strong

Thank you for your kind and caring comments everyone. Here is your requested update:

Equality Florida plans a vigil on the lawn of the Dr. Phillips Center for the Performing Arts tonight at 7 p.m. in honor of victims of the shooting.

Equality Florida said in a news release that "the Mayor and City of Orlando have authorized a vigil at the (Dr. Phillips) Plaza. Equality Florida has been working closely with the city and federal government to ensure this will be a safe event for those who come out to mourn the victims of the horrific mass shooting at Pulse Nightclub."

A fundraising website for Equality Florida neared $1.5 million, toward a goal of $2 million, on Monday morning on GoFundMe.com. A similar effort on GoFundMe for The Center Orlando neared $200,000 toward a goal of $250,000.

"We are overwhelmed and amazed at how everyone, gay and straight, has responded," said Galen Hertzell, who chairs The Center's annual fundraising event -- which was supposed to take place this Friday, but has been postponed to focus on the community response to the shooting.

---
A national restaurant chain donated a large refrigeration truck to hold food and other items for The Center. On Sunday many people also brought in fans. The Center was crowded and warm throughout the day Sunday with hundreds of people coming through and a large news conference.

Dozens of counselors were standing by at The Center. The local information hotline, manned by the not-for-profit Zebra Coalition, is at 407-228-1446.

The House of Health, a massage business next to The Center, was donating massage services for a day, for Center volunteers and others The Center referred to them.

The Mental Health Association of Central Florida was posting its website a referral form for those needing counseling. Its Facebook page also contains a list of local agencies that are offering counseling, including the UCF Crisis and Psychological Services office.

Subject: 3-Letter to Employees

Below is the latest letter from Edward to employees. Links 7, 11, 18 and 40 are the routes detoured until further notice.

Please contact us with any questions.

Thanks,  
Matt

===============================================================================

TO: All Employees  
FROM: Edward L. Johnson, CEO  
SUBJECT: 2nd MEMO Mass Shooting Incident
DATE: June 12, 2016, 8 p.m.

We have finalized our adjusted service plan for Links 7, 11, 18 and 40. Beginning Monday morning, until further notice, these four routes will use Gore Street, Division Avenue and Michigan Street. There will not be service along Orange Avenue between Kaley and Michigan streets or on Columbia Street, Sligh Boulevard and Lucerne Terrace.

Also, Link 3 which runs along Delaney Avenue is operating its regular route, walking distance from many of the side streets connecting to Orange Avenue.

Customer Amenities has added temporary stops on Michigan Street at Taylor Ave. near McCoy Federal Credit Union in Sodo and South Orange Avenue at West Pineloch Avenue. The stop on South Orange Avenue at Walmart and PNC Bank will be temporarily closed.

Right now our designer is drawing up maps to show the temporary routing. This will be shared once completed with you, on our website and social media channels.

Our customer service team has been briefed on these changes and are ready to assist customers should they have any questions. LYNX supervisors will be in the field assisting customers along these routes. Additional buses will be available so we are able to minimize delays.

Safety is in routine contact with the City of Orlando’s EOC ensuring we are sharing the latest information. Government Relations is keeping elected officials up to speed on our service levels. The LYNX communications team is in contact with the media to help us publicly spread our plan.

As I stated earlier, since the Governor has placed Orange County in a state of emergency we will need to keep accurate records of time and equipment being used in our assistance. Finance will provide us with the appropriate paperwork for proper record keeping.

At this time we do not have an update on the employee whose family member was injured during this incident. We will share the status as it becomes available to us. Please keep the family member and our employee in your thoughts and prayers.

Please do not forget to notify your immediate supervisor of any suspicious acts.

Stay safe.

Below is an updated letter from Edward to employees. Links 7, 11 and 40 are still detoured.
Please contact us with any questions.

Thanks,
Matt

===============================================================================

TO: All Employees

FROM: Edward L. Johnson, CEO

SUBJECT: 2nd MEMO Mass Shooting Incident

DATE: June 12, 2016, 4 p.m.

We were notified earlier law enforcement believes their investigation may continue through tomorrow. With tomorrow being a weekday this will impact our services for Links 7, 11, 18 and 40 along Orange Avenue between Kaley and Grant streets. The Transportation Division will coordinate detours for these four routes in line with the City of Orlando's rerouting of traffic. We may have to use additional buses to maintain scheduled services.

Currently, at the request of Family Services we have deployed four vehicles to relocate victims and family members from the downtown Hampton Inn to the Beardall Senior Center. Since the Governor has placed Orange County in a state of emergency we will need to keep accurate records of time and equipment being used in our assistance. Finance will provide us with the appropriate paperwork for proper record keeping.

Additionally, we have learned one of our employees had a family member injured during this incident. The family member is currently in surgery, however, at this time we do not have any more information on their status. Please keep the family member and our employee in your thoughts and prayers.

Please remain vigilant in your work areas. Please notify your immediate supervisor of any suspicious acts.

Subject: Letter to Employees
Below is a letter from Edward to LYNX employees. Currently Links 7, 11 and 40 along Orange Avenue are directly impacted and being detoured to Delaney Avenue until further notice. There is minimal delay on other routes serving downtown.

Please contact us with any questions.

Thanks,
Matt

TO: All Employees
FROM: Edward L. Johnson, CEO
SUBJECT: Mass Shooting Incident
DATE: June 12, 2016

Earlier this morning our community was impacted by a tragic incident resulting in at least fifty people losing their lives and many more hospitalized. We are all shocked and saddened by this and are prepared to do what we can in assisting local emergency response teams and the community as a whole work through this matter.

Staff is being deployed to the City's Emergency Operations Center (EOC) to assist in any coordinated transportation effort that may be needed. Also, we are encouraged to go to a nearby blood bank to donate blood. This will help in the care of those who were injured and are still hospitalized. I am certain they are in need of all blood types. So, please heed to this request.

We do understand this incident will have an impact on our local services that serve the Orange Avenue corridor. The Transportation Department is rerouting services while law enforcement conducts their investigation. These detours will be in effect until we have been given an all clear.

In closing, please let your immediate supervisor know if you have been impacted by this incident. Through our healthcare plan there are several resources you can access.

As more information is made available we will share with you.

Edward L. Johnson, CEO

"We enhance people's lives everyday through passion, pride, and performance."
TO: All Employees  
FROM: Edward L. Johnson, CEO  
SUBJECT: Update Mass Shooting Incident  
DATE: June 15, 2016, 2 p.m.

I want to take a moment and say thank you to each and every one of you for pulling together and showing the community how we are ready, willing and able to respond.

The status of our employee’s daughter who was injured during the event is that she is stable and recovering. I know we all wish her well.

The current detours along Orange Avenue between Michigan and Gore Streets remain in effect. Links 7, 11, 18 and 40 impacted by the detour are experiencing some delays during peak hours. Also, the Link 3 that operates along Delaney Avenue is experiencing 7-10 minute delays as well.

We have deployed additional staff from Transportation Supervision and the Planning Department to help manage the detours, assisting operators and customers to better understand and navigate the rerouting. As law enforcement’s investigations continue we may task other team members to assist with staffing detour points.

The City of Orlando’s Emergency Operations Center (EOC) continues to remain open and we have it staffed to support transportation needs for the victims and their families. There have been several requests for buses during the past four days to move large numbers of people.

Currently we are operating four vans to transfer victims and family members between the Beardall Senior Center and Camping World Stadium to receive immediate aid ranging from documentation support to legal aid through the Family Assistance Center. We have bilingual customer service representatives and safety staff at the family assistance center providing bus passes and travel information.

Our Marketing team has designed a bus wrap in honor of this tragic event. The wrap as pictured below shows the blue background of hope, a pulse flowing to the iconic heart of Orlando, a special rainbow colored Lake Eola fountain. Flying throughout the design you will see doves holding hearts or acacia leaves honoring the 49 people murdered. The body shop has worked through the night to print and wrap the bus.

As Mayor Buddy Dyer has pushed the community to provide any support possible, I have asked Tiffany Homler and Donna Tefertiller to organize a team including Finance to collect funds so we as a LYNX family can provide to OneOrlando Fund administered by the Central Florida Foundation.
Governor Rick Scott saluted LYNX for its role in responding to this event. I sent a letter of appreciation to him on behalf of the Board of Directors and the entire family.

Again, I would like to extend a special thank you to all the staff who are going above and beyond to ensure LYNX does what it needs to do to assist the community in moving forward during this tough time.
"We will be defined by how we respond, how we treat each other."

-Buddy Dyer, Mayor of Orlando
Good morning,

This news release was released today at 10:30 A.M. Eastern. Today, USDA announces that it is seeking nominations to fill 17 member and 17 alternate positions for vacancies representing cotton producers from Alabama, Florida, Georgia, Kansas, Missouri, New Mexico, Oklahoma, South Carolina, Tennessee, Texas, Virginia, as well as importers.

Please feel free to contact Charles or myself if you have any questions at 202.720.6643.

Lucy

USDA Seeks Cotton Board Nominees

WASHINGTON, June 15, 2016 -- The U.S. Department of Agriculture (USDA) is seeking nominations for candidates to serve on the Cotton Board composed of representatives of cotton producers and importers.

Representatives are selected by the Secretary of Agriculture from nominations submitted by certified producer organizations (CPO) and certified importer organizations (CIO), as outlined by the Cotton Research and Promotion Order.

USDA is seeking nominees to fill 17 member and 17 alternate positions for vacancies representing cotton producers from Alabama, Florida, Georgia, Kansas, Missouri, New Mexico, Oklahoma, South Carolina, Tennessee, Texas, Virginia, as well as importers. These positions have terms that begin on Jan. 1, 2017, and end Dec. 31, 2019. Members and alternates serve staggered three-year terms with no term limits.

The CPOs and the CIOs will caucus to nominate two qualified persons for their respective states for each member and alternate member position, and the Secretary selects members and alternates from those nominations.

USDA welcomes membership on industry boards that reflects the diversity of the individuals served by the programs and encourages all eligible persons to seek nomination for a seat on the Cotton Board.

The cotton research and promotion program is funded by assessments on all domestically produced cotton and imports of foreign-produced cotton and cotton-containing products, and is authorized by the Cotton Research and Promotion Act of 1966. USDA’s Agricultural Marketing Service oversees operations of the board.

For nominating and caucus information, including organizations seeking certification, or for a list of CPOs and CIOs, contact Shethir M. Riva, Research and Promotion Staff, Cotton and Tobacco Program, AMS, USDA, 100 Riverside Parkway, Suite 101, Fredericksburg, Va., 22406, telephone (540) 361-2726, facsimile (540) 361-1199, or email at Shethir.Riva@ams.usda.gov.
