Recommended Plan contributions as a Percentage of Valuation Payroll	56.31%	56.31%	93.27%

**These results are based on the assumptions adopted by the Board of Trustees of the City of Orlando Police Officers' Pension Fund. These assumptions are reviewed and updated at least every five years with the aim of identifying and addressing funding issues over time. The required contribution developed using these assumptions is consistently paid every year. The funding policy complies with minimum contribution requirements required by Florida Statutes and with compliance reviewed by the office of the State Actuary. It is expected that the Plan will be able to meet all plan obligations as they become due, so long as the City continues to follow a reasonable funding policy that addresses any differences that may arise between actual and expected results.*

***These results have been released for the purpose of satisfying disclosure requirements under Section 112.664, F.S. These results are based on the current valuation assumptions with certain assumptions changed as dictated by Section 112.664 for disclosure purposes only. Compliance with this requirement should not be taken as any indication that the Board of Trustees or the Board's professional advisors view these results as being appropriate for any funding or decision-making purpose.*
